2008 President's Report

Thanks to the efforts of the USKBTC board and members, a wide range of actions have been initiated in the last year to protect and advance the interests of the Kerry Blue Terrier, breeders and owners. In addition, programs are underway to enhance the opportunity for participation in activities for which the Kerry Blue Terrier has historically been bred.

Major Actions initiated are as follows:

- ◆ Lisa Frankland worked long and hard on the development and successful implementation of a new rescue policy. This policy is on the website and was printed in Blueprints.
- ◆ Carl Ashby, USKBTC Treasurer, completed a financial analysis bringing clarity to income and expenditures enabling the board to focus on areas for cost control and budgeting. Susan Schneider's diligence and meticulous work has made dues collection easier and more accurate.
- ◆ Charlie Redmon and Janie MacBryde identified/qualified a new printer for Blueprints. This action coupled with a mailing classification modification resulted in a substantial savings on Blueprints. Postal regulations require ALL MAIL leaving the U.S. be sent first class necessitating an up charge to non-U.S. members
- ◆ Susan Dunivant provided the leadership for the "Kerry Games" being held in conjunction with the Futurity. I anticipate this will increase Futurity entries. Lisa Kunze and Donald Wilde have invested a considerable amount of time and effort on this year's event.
- ◆ Barb and Bob Beuter have worked diligently to scan/save historical documents detailing the development and evolution of the Kerry Blue Terrier. This is an ongoing project and only partially complete. Thanks to Carol Kearney these chronicles are on the USKBTC website in the "FLASHBACKS" section.
- ◆ Jann Lane continues to provide leadership and direction to the new Herding group resulting in growth and enthusiastic participation by additional members of the USKBTC.
- ◆ Charitable Funds under board president Dr. Donald Wilde continues to identify projects and research on diseases impacting the KBT and deemed worthy of our financial support. In 2007 after input from Dr. Scott Kellogg two specific studies were supported. In 2008 Dr. Kellogg recommended support of a study on Lymphoma. These research studies are done under the control of the AKC's Canine Health Foundation. USKBTC Rescue is the prime recipient of contributions from Charitable Funds.
- ◆ Charlie Redmon working with Susan Dunivant, Donald Wilde, and Bill Kearney has made considerable progress on the new judge's education program initiated by the AKC. Susan developed a brochure including art work which was printed and is being utilized in seminars.
- ◆ Carol Kearney, website editor continues to enhance the quality of the site and provide timely and informative articles of value to both the novice member and experienced Kerry breeders. Bill Kearney's continued focus on the pedigree data base has proven invaluable to many breeders and of considerable historical interest.
- ◆ The USKBTC continues efforts opposing anti-dog legislation in several states. This is an ongoing activity involving several board members and MANY members of the USKBTC and affiliated regional specialty clubs. Rose Marie Mais and Denise Benincase continue to provide timely input on pending legislation
- ◆ Thanks to the efforts of our communications committee, (Melanie Feldges, Reita Nicholson and Debbie Bednarek) and Bob Beuter an informational brochure suitable for utilization at events has been developed, printed and sent to ALL affiliated clubs.
- ◆ Actions to encourage membership in the USKBTC and affiliated regional specialty clubs have been initiated. Janie MacBryde will send a congratulatory letter and a copy of Blueprints to ALL new title holders of record and new puppy owners IF the breeder provides her their name and addresses.
- ◆ Toni Hutto, manager of digital printing services for the AKC produced a parent club flier which will be sent to all who register a Kerry Blue Terrier. The flier is essentially a duplicate of the brochure previously mentioned with minor modifications.
- ◆ John Garahan and Gerry Yeager again represented the USKBTC at the AKC's Responsible Dog Owner day in New York City. They utilized DVD's of Herding and Agility events demonstrating the versatility of our breed. Pictures were taken by AKC photo reps and will be sent to our website. Gwen, Gerry's bitch, represented the breed in the Meet The Breeds parade.
- ◆ The USKBTC board has approved combining all performance events under a Performance Events Committee. Jane Eno has agreed to collect performance data on these events. The current Versatility/Combined Awards system will be rolled into that committee.

Candidates for board and committee leadership positions need to be identified. Some of us have terms expiring in 09. In addition we need a new Rescue chair to replace Lisa, and a Futurity chair. Gigi has agreed to be MCKC show chair in 09 and Stephanie Mastorakis agreed to fill the dues payment/record keeping position. Susan Schneider did a FANTASTIC job and has agreed to help out through next the next dues period.

Tom Rogers

To The Membership:

The purpose of publishing the "Proposed Member" is to give the membership the opportunity to review applicants and comment, if they so desire, in support of, or opposition to, said applicants membership. Correspondence in support of and/or opposition to the membership, should be directed to the Membership Chair within 30 days after publication of said applicant. Membership Chair: Bob Nazak, 842 Oak Grove Dr., Mineral, VA 23117

Any correspondence received during that time period will be attached to the ballots which are forwarded to the Board of Governors for the voting process.

(Continued on page 15)

A Letter from the Editor...

Another year is drawing to a close, and what an eventful year it has been! We've seen high fuel costs with shortages in parts of the country, decreased show entries and a sagging economy. Many of us are entering fewer shows and traveling less, but that certainly doesn't mean we have been taking it easy. Quite a few of us (your editor included) have whelped litters, and I assure you that we have had plenty to do. The next generation is a lively bunch!

This issue of Blueprints_{SM} contains reports from several committee chairmen and club officers, show critiques and results, and a variety of interesting articles. We have a number of photographs in our Gallery of Winners, and I want to thank those members who took time to share them with us. Congratulations to all our winners! I also want to encourage you to let us know what you're doing with your Kerry, submit articles you have written, or recommend articles you would like to see in these pages. This is your breed magazine, so feel free to contact us with suggestions.

Finally, I want to take this opportunity to wish you and your families all the joys and blessings of the season, a happy and prosperous New Year, and continued success in all your Kerry endeavors in the coming year!

Janie MacBryde

NEW KERRY BLUE TERRIER CHAPTER CLUB FORMING IN THE WASHINGTON DC/ BALTIMORE AREA!

An organizational meeting of a new Kerry Blue Terrier chapter club based in the Washington DC/Baltimore area was held at the September Old Dominion Kennel Club dog show. Temporary officers were selected:

- ◆ President--Bob Nazak,
- ◆ Secretary--Mary McGreevy,
- ◆ Treasurer--Scott Kellogg.

Our next meeting is planned for January at the Howard County shows. We hope to have a USKBTC supported entry at the April 2009 Columbia Terrier Group show which is held in Timonium, Maryland. If you are interested in joining the club, please contact the club secretary:

Mary McGreevy,
mkerryblue@aol.com, or phone 304-535-1946

USKBTC SUPPORTED ENTRY COLUMBIA TERRIER CLUB OF MARYLAND

Cherry Blossom Cluster

Friday, April 17, 2009

Maryland State Fairgrounds, Timonium, Maryland
(northern suburb of Baltimore)

Puppy and Veterans Sweepstakes: Judge Jacqueline Stacy, Chapel Hill, NC

Regular Class Judge: Terry Stacy, Chapel Hill, NC

Superintendent: MBF www.infodog.com

Entries close: April 1, 2009

This is a four-day cluster: majors in Kerries last year!!

Other shows in the cluster:

-Saturday April 18: Old Dominion Kennel Club of Northern Virginia

Kerry judge: Bruce Schwartz, Group judge Linda More

-Sunday, April 19: Baltimore County Kennel Club

Kerry judge: Dawn Hansen, Group judge Dawn Hansen

-Monday, April 20: Catoctin Kennel Club

Kerry judge: Rita Holloway, Group judge Al Ferruggiario

No Dog Parking...Any Time

As I walk through the streets of Boston I am amazed by the number of dog owners/walkers, that leave their charges tied up, unsupervised, outside supermarkets, convenience stores, banks, etc..., and I am not talking about a quick, run in for a coffee minute, but long enough to do a week's shopping!

I am sure many people do not realize the potential danger they expose their treasured pet to when they "park" their dog.

Things to consider:

- ◆ Dogs tied to parking meters: Sure the meter is strong and sturdy enough to handle any dog, from a tiny Chihuahua to a 250lb Mastiff, unfortunately however, they are located less than a foot from the curb, so if your dog is tethered on a leash, your dog has the ability to step into the street. I recently witnessed a small dog narrowly miss getting crushed by a parallel parker, due to my intervention. I waited for 10 minutes outside the store with the pup hoping to warn the owner of the pup's near death but sadly had to move

on.

- ◆ Dogs tied anywhere: Your sweet baby is the most socialized, non aggressive dog on the planet.....that's great, but when Bob walks by with his dog aggressive pal, and your unsupervised dog happily reaches out with a warm greeting for his fellow canine, he narrowly misses having his face bit off.

In addition to these biggies, when you "park" your dog you potentially expose him or her to being fed unacceptable "treats" from (hopefully) well intentioned strangers, unwanted attention from unknown people and worst of all – theft.

Next time you are thinking about "parking" your dog - think twice – the outcome may be worse than any parking ticket you received from the BTD.

March 2008 Judy Peacott

Thanks to Judy Peacott for contributing this article. Judy has experience as a professional dog-sitter/behavior consultant, and is a USKBTC member from Boston, MA.

Cold Weather Canine Care Tips

This article is posted with the permission of the American Kennel Club © 2006 The American Kennel Club, Inc.

A dog's need for food, shelter and loving care increases during the cold winter months. Keep your dog safe and warm by following these guidelines:

- Dogs can get frostbite or hypothermia when temperatures drop. Don't leave your dog outside in the cold for long periods of time. Provide a covered shelter, such as a doghouse or kennel, for the times the dog is out of doors.
- When your dog is inside, keep him warm, dry and away from drafts. Tiles and uncarpeted floors may become very cold, so put down blankets or pads for him to lie on.
- Keep your dog a safe distance from supplemental heat sources such as portable heaters and fireplaces, which can cause severe burns. Place screens around fireplaces.
- Don't leave your dog alone in a car on cold days.
- Feed your dog additional calories, particularly if it spends a lot of time outdoors or if it is a working dog. The extra calories are necessary because it takes more energy in the winter to regulate body temperature.
- Provide plenty of fresh water at all times. Dogs are just as likely to get dehydrated in winter as in summer. Snow is not a good substitute for water.
- Groom your dog regularly. Your dog needs a well-groomed coat to keep properly insulated. If you have a short-haired dog, consider a sweater or coat. If your dog is long-haired, clip the hair around its paws to ease snow removal.
- Dry your dog with a towel or blow-dryer if it gets wet from rain or snow. Clean snow and ice from its paws to prevent cuts and cracked pads. A little petroleum jelly may help soften and soothe paw pads.
- Be extra careful when walking or playing with your dog near frozen lakes, rivers or ponds. Your dog could slip or jump in and be seriously injured.
- Rock salt, used to melt ice on sidewalks, can irritate paw pads. Rinse and dry your dog's feet after a walk.
- Watch out for spilled antifreeze on driveways. Antifreeze smells and tastes good to dogs, but it can be lethal.
- Dogs, like humans, seem to be more susceptible to illness in the winter. Take your dog to the veterinarian if you notice any signs of illness.

Kimberton Results 2008!

First off, my apologies for taking so long to get this out. This year I decided to eschew air travel with two dogs in favor of a road trip, so the driving added several days to my trip. Then on Thursday, October 2nd, as I was helping clean up after the USKBTC's obedience trials, I got the news that my 92 year old grandmother, who had helped raise me, had passed away that morning. I was able to stay in Pennsylvania through the weekend's events before leaving for Rhode Island on Sunday to attend her funeral, but it was hard for me to hold myself together emotionally and the whole weekend had a rather surreal quality to it. I can't thank my friends Jane Eno, Lynn Duckett, and Floranne Etheridge for looking out for me during that time. I don't know how I could have gotten through the shows, the trip to RI, and the even longer drive home without their support. I am also very grateful to Carol Wert, who extended her sympathy to me even as she was mourning the loss of her own father. And thank you to everyone who approached me during the weekend, called, or sent cards expressing their condolences.

Anyway, on to all the performance results! The Kerries have always turned out in force at the Kimberton All-Terrier Agility Trials, and this year was no exception. We had 12 Kerries competing: 5 in Excellent B, 4 in the Preferred classes (all levels), and 3 in the regular titling classes (Novice/Open/Excellent A). The top scoring dogs from each day and overall were as follows:

Tuesday

Excellent B: Bates, owned by Brenda Vogel

Preferred: Katie Rae, owned by Lisa Frankland

Classes: Athena, owned by Joy Ellwanger

A "double Q" (qualifying scores in both the standard and jumpers classes) was earned by Katie Rae.

Tonka also earned a double Q on Tuesday, September 30th. At 12 years young, she is still consistently qualifying in agility and has ranked among the top agility Kerries in the nation for the past several years. May all our dogs age so gracefully!

Wednesday

Excellent B: Bailey, owned by Tracy Fulmer

Preferred: Tonka, owned by Eve Fishell

Classes: Athena, owned by Joy Ellwanger

A double Q was earned by Tonka

Thursday

Excellent B: Bailey, owned by Tracy Fulmer

Preferred: Angel, owned by Louise Lang

Classes: no qualifiers

A double Q was earned by Angel

Friday

Excellent B: Birdie, owned by Maggie Hall

Preferred: Daisy, owned by Bryan and Dana Kincaid

Classes: no qualifiers

Double Q's were earned by Tonka, Riley (Maggie Hall), Birdie, and Daisy

OVERALL

Excellent B: Bailey, owned by Tracy Fulmer

Preferred (and highest scoring Kerry overall): Tonka, owned by Eve Fishell (Tonka, btw, is 12 years old!)

Classes: Athena, owned by Joy Ellwanger

Photographs from Tuesday, Wednesday, and Thursday's agility trials can be viewed at <http://www.pbase.com/barryrosen/ter>

The USKBTC hosted two rally trials on Wednesday, October 1, and two obedience trials on Thursday, October 2--a Kerry specialty followed by a Terrier Group trial, meaning the Kerries had two chances to compete! 7 Kerry Blue Terriers were entered in rally (1 novice, 3 advanced, 2 excellent, and 2 non-regular), and 10 entered the obedience trials (4 novice B, 2 open B, 3 utility A, 2 utility B, 1 non-regular). I believe 2 Kerries finished rally titles (Finn, owned by Virginia Barishek, completed his RE, and Evelyn Ganfuss' Phoenix finished her RN), and Brodie, owned by Rosemary Scarfia, earned his CD at our obedience trial. My own Katie Rae was HIT at our specialty, and the high scoring Kerry in the Terrier Group trial. Katie was also the only Kerry to compete in all three events (agility, rally, and obedience) at Kimberton, so to say I am very proud of my girl is an understatement! The complete results can be viewed on-line at <http://www.clantyre.net/secserv/Obed/USKBTC-Oct-2008.html>, and photographs are posted at <http://www.richknechtphotography.com/Breed,%20Rally%20and%20Obedience/620343>

This was the fourth year a parent club has hosted Terrier Group obedience and rally trials at Kimberton, and comments from exhibitors were extremely positive. We had over 100 entries each day, great judges, beautiful rosettes, and lots of prizes, and many people went out of their way to let us know that they thought these were the best trials yet! Many, many thanks to everyone who donated money and prizes, and whose hard work made these trials a reality and a success. Jane knows better than I do about who should get credit for what, but Carol Wert was our chief ring steward (and her husband, Harry, worked both days) and organized a really impressive workers' raffle. Of course the lion's share of the credit goes to our Jane Eno herself, our trial chairperson, who started planning almost two years ago, and is singularly responsible for convincing the USKBTC board to get behind this. Obedience and rally trials are very expensive to put on and are often money-losers for Clubs, but thanks to Jane's fundraising, planning, and negotiating efforts, we actually came out in the black. Don't get any ideas of us doing this again anytime soon though--we're still going to let another Parent Club take their turn hosting the obedience and rally trials next year!

USKBTC Financial Report

The following report reflects the verbal report made by our treasurer, Carl Ashby, at the Annual Meeting in October. It does not reflect the income or expenses associated with Futurity, the Boutique or the National Specialty. Also, the report actually has an ending date of 9/27/08. Please email the treasurer privately at carlashby@att.net with any questions.

USKBTC Rescue Report

Since the new policy was adopted last year, Club members have fostered and placed 4 Kerries for the USKBTC, while breeders, individuals, and Chapter Clubs have been responsible for evaluating and placing many, many more. These numbers are in line with USKBTC Rescue's stated goal of handling only those Kerries that are not taken care of by their breeders or a Chapter Club. In keeping with this shift in responsibility, the USKBTC needs to make it clear that Chapter Clubs and individual members can be reimbursed by Charitable Funds for vet bills and other expenses allowed in the USKBTC Rescue policy.

In my opinion, the most successful part of the new policy is the section that holds breeders responsible for the dogs that they produce and place. For as long as the USKBTC has been doing Rescue, there has been a small but significant number of Club members who were depending on Rescue to handle the re-homing of dogs that they didn't want to be bothered with. After the new policy was approved, letters were sent to two Club members whose dogs had been placed through Rescue after they refused to help, and both ended up sending money to offset the cost of their care. Since then, not a single Kerry known to have been bred by a Club member has ended up in US Rescue, and some known "problem breeders" have started taking back or otherwise assisting in re-homing their dogs rather than risk seeing their dog's registration information published in *Blueprints*, and being banned from advertising litters.

Sadly, two Kerries that were evaluated and placed through USKBTC Rescue in 2002 and 2007 were euthanized this year for dangerous temperament/behavior issues that surfaced in their new homes, while the Florida Club had to euthanize a shelter rescue when it came out that he had bitten several people in his previous home. And a three year old mill rescue was diagnosed with hemangiosarcoma less than six months after being placed. The USKBTC also refused to even consider two other Kerries for possible placement through Rescue because their owners admitted they had bitten people. Obviously, evaluating health and temperament during a foster period is not perfect, but it does prevent many dogs such as the Florida shelter Kerry that are unsafe or unsuitable to adopt from ever being placed, and allows us to better place the adoptable dogs in ap-

propriate homes. The fostering process also demonstrates that the Club and everyone involved took reasonable care when placing a dog, and can protect both Clubs and Rescue volunteers from being held responsible should anything go wrong down the road. Neither the owners of the two dogs that were euthanized for behavior problems or the owner of the dog with cancer blames us for what happened, since they know that the Club did everything it could reasonably do to assure that they were adopting dogs with good health and temperaments.

As I stated two years ago when I took on the job as National Rescue Coordinator, two to three years is a reasonable length of time to do this job, and nobody should be expected to be Rescue Coordinator for life! Therefore I am resigning as USKBTC Rescue Coordinator effective September 30th, though I will continue to be listed as a local contact. As outlined in the current Rescue Policy, a list of Chapter Club contacts and individual USKBTC members who are willing to assist with Rescue will be posted on the Club website. It is true that many hands make light work, and I hope that someone will soon be willing to step up and assume the greatly reduced responsibilities of being the National Rescue Coordinator.

2008 USKBTC Herding Committee Report

**Submitted: Jann Steel Lane, Ph.D.
USKBTC Herding Committee Chair
September 20, 2008**

Although the Kerry Blue Terrier was officially approved to receive AKC herding titles as of January 2007, recorded history shows the Kerry has been herding livestock on Irish farms since its origin over one hundred fifty years ago. We are simply recognizing an ancient instinct still present in a very large percentage of our breed today.

Achieving herding titles usually takes years of training, and is known to be a slow process, whereby 'the journey' is enjoyed as much as 'the destination', or title. The past twelve months have been exceptional for the USKBTC in herding in that as a breed, we have had two Kerry Blue Terriers achieve AKC herding titles within three months of each other in 2008 and experienced a wellspring of interest in herding instinct testing across the country.

Our Herding Goals for 2008 were the following:

- To expand awareness and encourage interest in achieving AKC herding titles and AHBA herding titles for the Kerry Blue Terrier by supporting herding instinct testing and educational opportunities about herding with the Kerry;
- To provide a centralized resource to assist KBT owners in identifying local and regional herding locations for instinct testing and available trainers;
- To provide support and encouragement to members who are interesting in herding with their Kerries through a discussion forum online and through email support; We have set up the online list USKBTCHERDINGLIST@yahoo.com and I personally maintain email contact with owners, directing them to facilities for training and testing;
- To provide a resource of web/online sites for herding supplies and accessories and facilities and support owners in locating facilities to instinct test and train;
- To assist owners in locating herding trainers to train their Kerries;
- To support local instinct testing when and where possible;
- To support and encourage owners to have Kerries individually instinct tested; to support owners in achieving AKC and AHBA herding titles;
- To provide articles and photos to Blueprints and encourage others to provide articles to Blueprints about Herding;

2008 Herding Goals Achieved:

We were very pleased with our progress this year in that we not only achieved our goals but exceeded them. We expanded our interest in herding; more owners instinct tested individually; our breed had three organized instinct testings on the east coast; we had two Kerries earn AKC herding titles; our breed had national Herding exposure in Dog News in June and a new all breed AKC herding club was formed which supports Kerries and terrier herding on the east coast, providing a facility in North Carolina for instinct testing, herding training and AKC trials.

- **Herding Expansion on East Coast:** Possum Hollow Farms is owned by Vicki Hughes, Rutherfordton, NC. Vicki Hughes and her staff support terriers and herding, Vicki and her husband raise Anatolian Shepherds and herds with Border Collies, but trains all herding breeds; PHF (Possum Hollow Farms) has held two instinct testings for Kerry Blue Terriers in western North Carolina and an all breed herding AKC fun day inviting KBTs. (Vicki is an all breed herding trainer, herding cattle from horseback, in addition to sheep, goats, etc.) We are fortunate to have Vicki and her staff available to work with us and on our team. Thank you Vicki for supporting the Kerry Blue and their herding.
- **Dog News Herding Article:** Dog News contacted me regarding an article being written on the Kerry and AKC Herding. I gave them photos I had on file and responded to questions about the Kerry Blue Terrier and AKC Herding certification article- June 13 publication;
- **First AKC Herding Title:** March 2008 Ch. Warlord's Scarf Mackenzie, "Kenzie" HT, HCT-s first Kerry Blue Terrier to achieve AKC herding title: Owner Bob and Jann Lane
- **First AKC Herding PT Title:** May 2008 Ch. Liberty's Princess Diana, "Layla" PT, CGC first Kerry Blue Terrier to achieve a PT AKC herding title: Owner: Connie and Allen Comeaux
- **First Terrier to Earn AKC Herding Title:** First terrier in the United States to receive an AKC herding title was a Kerry. Ch. Warlord's Scarf Mackenzie, "Kenzie" HT, HCT-s
- **Blue Prints Herding Articles:** Numerous articles published in 2008 with herding photos in issues on Herding to encourage members interest in herding;
- **Herding with our Irish Cousins, the Wheatens!** This last summer, I was contacted by the SCWTCA Soft Coated Wheaten Terrier Club of America to work with them in attaining their AKC Herding certification. The USKBTC gave its full unanimous support, of course! I have been working with the Wheatens in that direction since. I have shared with our Wheaten cousins what we have learned in our process of AKC certification. If any Kerry owners also have Wheatens, and are interested in herding, please contact me directly for more information.
- **New Herding Club Formed: WNCHA-** The Western North Carolina Herding Association (All Breed AKC regional club, app.) was formed this year out of growing herding interest of all breed herding in the area. I am a founding member. Allen Comeaux, owner of KBT "Layla," currently serves on the board. Jane Johnson is President, Vickie Hughes is Vice President. A number of Kerry owners on the east coast have joined the WNCHA since its inception and have demonstrated an increased interest in herding.

Herding report (continued from page 14)

- **AKC Gazette Herding Article:** AKC Gazette Herding article published in the AKC Gazette breed column, thank you to Carol Kearney for asking me, as a guest columnist, to write the Herding column;
- **USKBTC AKC Herding Video:** I sent the USKBTC Herding Video to Susan Dunivant for the AKC Raleigh booth; a copy was sent to Gerry Yeager for the AKC New York show to demonstrate our breeds' versatility and encourage owners' interest in herding.

Thank you to the members of my herding committee for their contributions. Special thanks to Janie MacBryde, and Edie Brown for Blueprints support of all our articles and herding photos!

Thank you to Bob Nazak, Carl Ashby and Tom Rogers for your continued support and for making the AKC herding possible for the Club that very important day at the AKC meeting in 2006.

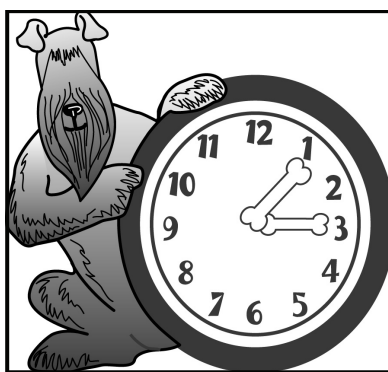

Thank you to everyone who supported herding in 2008.
(Particularly thanks to "The Sheep" for their support and cooperation across the country!)

Holiday treats for your favorite Kerry...

Incredible Liver Cookies

1 lb. raw liver (chicken or beef)
1 cup flour
1 cup cornmeal
½ cup wheat germ
1 tsp. garlic powder

Preheat oven to 350° degrees. Blend liver in food processor (not a blender) until liquefied. Mix in remaining ingredients. Drop by teaspoons on well-greased baking sheet. Press tops down with small glass dipped in cornmeal. Bake 10 – 15 minutes. Cool and freeze to use as desired.

Prize-Winning Bait

London broil
1 Tbsp mustard
2 Tbsp Burgundy
2 Tbsp lemon juice
2 Tbsp soy sauce
2 Tbsp Worcestershire sauce

Mix together Burgundy, lemon juice, soy sauce and Worcestershire sauce. Score both sides of meat, then brush with mustard. Put into Ziploc bag and add liquid. Marinate 8 hours or overnight. Grill or broil to desired doneness. Save some for the dog!

Some random thoughts on judging the futurity...

As one of three judges, I can speak only for myself, but I am sure we all agree it was an honor and a privilege to judge this year's Futurity. And fun!

I love looking at puppies and imagining what they will look like as adults. A futurity is meaningful because by this entry a breeder is saying, this pup is representative of my breeding program and I am proud of him. No one who didn't get a ribbon should feel like a loser. All of the youngsters were well presented and even the youngest ones showed well.

Movement for me was a pleasant surprise. There were some straight shoulders, but no lifting fronts or kicking back feet. Further show practice and training should correct any puppy "hi jinks." Heads were mostly clean and I saw no bad mouths and few light eyes. All, of course, have some growing and changing to do. Most breeders know how their bloodlines grow and mature, and it looks to me like they are on the right track.

It was a beautiful and mild Montgomery weekend and the Futurity committee did a wonderful job in putting it all together. The lovely, warm shawls made a nice gift. Once again, I appreciate the honor of being asked to evaluate the youngsters of today who are our breed's future. It will be fun to keep track of this new crop of pups as they become show dogs and Champions.

2008 USKBTC National Sweepstakes Critique Margo Steinman

Since sixteen years have passed since I last attended the Montgomery County weekend (and was one of the three Futurity judges) it was quite a thrill to return and judge the 2008 Puppy Sweepstakes.

It was a privilege to judge so many beautiful puppies. My Best in Sweepstakes is a lovely youngster, who is masculine, typey, balanced, moves well, and is maturing nicely. My Best Opposite in Sweepstakes, although a baby at just over six months old, is a typey girl who, in common with the Best in Sweepstakes winner, is balanced, moves well, and is very feminine and elegant. Both of them had good stable temperaments. There were other very nice pups who were right up there with the winners. We have come a long way in improving overall type over the years; just look at old pictures!

Overall quality was high; the puppies were more uniform in type; most were compact and up on leg with fewer long bodied ones than we have seen in the past. Temperaments were good, although some of the pups appeared tired towards the end of the judging. Some acted like the puppies they are, and I would rather see this; showing should be a fun experience, and bouncy happy puppies should not be penalized or roughly handled, even if it is more difficult to evaluate them.

Now, while there are many positive things that can be said about this crop of puppies, I have found that after looking at show ring snap shots, my (and Edith Izant's) comments in old and more recent catalogs, and going back in my memories, that we still have some of the same problems now that we had years ago, particularly in movement - from the side, and coming and going. There were pups that did not have adequate reach and drive and did not get their rear feet out from under their bodies when they moved. (I also noticed this as I watched the class judging). Movement coming and going could have been better; some of the pups were narrow in front and rear, while others were weaving, crossing their feet or were loose. Maturity can improve some movement problems in puppies, but not all.

Our standard emphasizes moderation; Kerries should not have exaggerated side movement but should be able to cover ground with little effort. While the standard does not say much about movement, as a Kerry moves there should be little lift of the feet off the ground; as speed increases the legs and feet should converge under the body towards the center of gravity to maintain static balance. A correctly moving Kerry will single track as its speed increases, with its hind feet almost reaching, but not clipping the front feet as the dog moves out. Dogs that are too wide or too narrow in front or rear will not move

correctly; nor will those that are straight in front and/or rear; they will take more and higher steps to cover ground than a balanced dog with proper angulation.

Feet are critically important, as Kerries are working terriers; their feet should be "compact, fairly round and moderately small with good depth of pad free from cracks...". I felt too many loose feet, but fortunately no cracks, or corns which have been a problem with some bloodlines in the past.

Heads and necks, expressions, topline and tailsets were mainly good. Some ears needed to be repasted, and some heads were lacking in fill below the eyes. All bites, except one, were good. There were some sickle tails, and some that were carried over their backs as the dogs moved. Coats were lovely, with many showing color (difficult to see in the covered ring, as was eye color.) Remember, a straight "poodle pack" coat is not correct at any age; Kerry coats should be **soft** and **wavy**.

We are continuing to make progress towards our goals of typey Kerries with correct movement, and have improved **overall** breed type a lot, but no dogs are perfect, and in **our breeding programs** we have to constantly fight genetic drag. It's not easy to get that ideal combination of good type and movement, and I feel that really good movement, particularly in front, is **difficult** to get.

We do need to look at the whole dog first; without type, which includes balance (**a Kerry which is not too long or too short in body**); head and expression; coat and color; tail carriage; and correct temperament (**neither overly aggressive or shy**) we do not have a Kerry. And without correct movement and temperament a Kerry will not be able to **perform** the tasks it was bred for.

I don't think the emphasis on group and best in show wins helps; flash, that "look at me" attitude, and grooming are major factors in **winning beyond the breed level**, and specialty breed winners don't necessarily do well in group competition. A good groomer can work wonders on a dog - until it moves! We should **all** strive for that **ideal** combination of temperament, type, and correct movement in our Kerries.

Kerries are in good hands, with many breeders new to me since I last judged in 1992; how our breed will progress in the next ten or twenty years **and well past that** is up to you, the breeders of our present and future Kerries.

Recognizing Our Trophy Donors...

The United States Kerry Blue Terrier Club would like to extend a huge thank you to all our trophy donors for the 2008 Montgomery County Specialty weekend. We had beautiful trophies and rosettes; without your support, it wouldn't have been possible. Also, a special thank you to Ruth Ann Reilly for helping to solicit trophy donations, and to Linda Pheasant, Reita Nicholson and Billie Kellogg (plus anyone else) for helping to sell raffle tickets. Please continue your support in 2009!

The Kerry Bulls or Bully Blues

"What goes around, comes around." How many times have we said or heard that phrase? And let's face it, most of the time it is not meant in a positive way. What we really mean is that "She/he/they will get theirs sooner or later!"

This is a true story of what goes around, comes around. It is both sad and tragic, yet ultimately heart-warming and uplifting. It is a story of friendship over many, many years and of a Miniature Bull Terrier named Helen and a Kerry Blue Terrier named Reign. It is a story of trust.

I am Terry Russo, and I show and raise Kerry Blue Terriers. One of my best friends is Betty McCreight, who shows and raises Miniature Bull Terriers. We've been showing our dogs together for over 15 years now, and shared many an "adventure" in the whelping box – helping each other, consoling each other, and sharing "puppy days" of taking pictures and evaluating each others' litters.

About 10 years ago, I had a litter of Kerries that went from bad to worse, as puppy after puppy failed to survive, until only one was left. I was beside myself from the failures, stress, and lack of rest. Betty had a small litter out of her "Bestest Mom", Helen, and offered to take my lone little girl and see if Helen would accept her into her litter.

Although hesitant and fearful of putting Betty into the position of having the puppy die in her care, I agreed. I knew that it was the best opportunity, even if my Kerry bitch and myself would be left with nothing here. It was better for the puppy to be with others, and Betty was able to be with them all of the time, whereas I still had to go to work.

So, I made the drive over to Betty's, and we rubbed the little Kerry with the Bully puppies, then Betty presented her to Helen. After letting Helen check her out,

Betty placed her beside the nursing Bullies – and that was that!

I can't tell you how rewarding it was to watch that little blind Kerry find her

spot at the milk bar and hang on. Even though she was a week older than the Bullies, she was much smaller and weaker – but it didn't seem to faze her. She thrived under Helen's care and never missed a beat from that time forward.

Every time I went over to visit, the amazement never failed to come over me...seeing that little black puppy amongst her white "littermates". Eventually, they

all went to their new homes, with my Kerry girl going to a local family. I'd always called her "Spider", but her new teenage girl promptly changed that to "Lavender", her favorite color. They even joined in on a couple of our St. Patrick's Day Parades a couple of years later.

And every now and then, Betty and I would say, "Remember that time that Helen took in that Kerry puppy?" or tell the story to someone. Little did we know what was waiting to occur many years later...

Right now, I have a small litter of Kerry puppies... with one extra. One extra white one, that is.

Not realizing that she would end up moving into a motel for over a month due to renovations at her house, Betty had earlier bred Twist, a bitch that she and I co-owned. With my Kerry litter due shortly and Betty not able to whelp the Bully litter, we turned to a friend of ours, Norma, to handle Twist's litter. Despite Norma's best efforts, puppy after puppy failed until only one was left. I knew that feeling all too well, and I also knew of the offer that I had to make. I admit to some trepidation since my puppies were all too small – I was even delaying their tail dockings and dewclaw removal until they were at least 8 ounces.

But I was anxious to be able to help, and was as certain that Reign, my Kerry mom, would take in this puppy as Betty had been about Helen. I knew all too well the exhaustion that comes with trying to hand raise puppies, and I also knew that we can never take the place of a real mother dog. Also, the stimulation that puppies get from each other is vital to their will to survive.

So, one evening, Betty arrived with the little white Bully and I carefully presented him to Reign. And...that was that.

The litter is now 7 weeks and 6 weeks old, respectively, and doing great. They are of course now weaned and have graduated to their new "corral" out in the living room. They squabble and fuss, play with toys, and wear themselves out and collapse together.

I guess you could say just like normal puppies – almost!

It's hard to accept puppy losses like Betty and I suffered through, but you can never give up. Perhaps most of all, don't hesitate to ask for help from your fellow breeders – even those in another breed! A few words of advice, a helping hand, a shoulder to cry and lean on can help you get through a difficult time.

Of course, in our case we had all of that and

(Continued on page 34)

A Word from Charitable Funds...

As many of you know the US Kerry Blue Charitable Fund was established in 2002. Its purpose was to serve the Kerry Blue Terrier in four important areas:

- 1) Rescue Fund** – this fund supports grants used to provide Kerry Blue Terrier rescue services.
- 2) Health and Genetics Fund** - this fund makes grants in support of research in areas of health and genetics of particular importance to the Kerry Blue Terrier.
- 3) Education Fund** – the education fund supports education of all those interested in the Kerry Blue Terrier including publications, websites, and seminars.
- 4) General Fund** – donations to this fund are used to support the work of the other funds through internal grants to those funds. Undesignated gifts will initially be held in this fund.

Since the Fund was established we have worked diligently to build the assets of the Funds while undertaking major support of the PNA Research being done at the University of Missouri. To date we have awarded over \$20,000 in grants to support Health and Genetics, Education, and Rescue. This is quite impressive, since our Fund is relatively new compared to other Parent Clubs whose equivalent organizations are often decades older than ours.

Our current objective is to continue to grow fund assets while undertaking occasional substantial support such as the PNA Grant. We believe the real key to long term growth will be planned giving that includes the Funds in the wills of our members. Other comparable organizations have used this method as the key to growing their assets. The reality is that we must grow our financial resources substantially in order to having a meaningful impact and that means it will take many years to be in a position to have a significant impact on our core areas.

You can help by considering making the Funds one of the recipients of your estate. In addition, support an area of interest today. We have grown our asset base through small gifts and that will be crucial to our future.

Feel free to contact any Board member for more information on how **you** can make a difference!

Charitable Funds Board

Donald Wilde

As we draw near to the end of 2008, please remember that you may make tax-deductible contributions to your USKBTC Charitable Funds. You simply send your donation to Treasurer Linda Pheasant at 101 Spring Garden Road, Sebring, Florida, 33870. If you wish, you may designate your contribution to go to one of our four accounts, the General Account, Education, Health and Genetics, or Rescue. Linda will send you a contribution receipt for your donation. Please consider contributing.

Charitable Funds is considering several projects for this upcoming year and we will need funding to accomplish those. Rescue, of course, is always an important activity. I'm sure that not one of us wants to underfund rescue and re-homing activities, which can be very costly. Then, too, Health and Genetics is crucial to the well-being of our Kerries. I know that many of you are interested in the various health and genetic issues that affect these wonderful dogs we love. Perhaps you could make a donation to that fund. And while Education may not seem as exciting as rescue or health and genetics, unless we inform prospective owners about our dogs and how to care for them and encourage them to join us in our efforts to care for these special dogs, we are in danger of damaging the Kerry's excellent reputation. Then, too, and this is a big task, we must preserve our breed history so that future fanciers can learn about the important dogs and important people in our past.

Please consider making a donation to Charitable Funds. If you want a tax deduction for this year, you will need to forward your donation to Linda by the end of December. But, please be looking toward the first Blueprints issue in 2009 for the financial facts and figures for the 2008 Charitable Funds. Our fiscal year is based on the calendar year, so once 2008 is over, Linda will prepare a financial report for you all to review.

In advance, many thanks to Linda for doing such an excellent job safeguarding the Charitable Funds. And, thanks to the rest of the Charitable Funds Board for protecting our Kerries and our finances. We have some interesting and challenging proposals on the table for next year. I'll tell you more about those in the next Blueprints.

Reading Dog Helps Double Branch students improve reading skills

By Ashley Reams, Staff Writer

WESLEY CHAPEL — An open book sat in Brandon Prucha's lap, and he used his bookmark to keep his place as he read a story line by line to his new friend, Beckett.

Beckett sat at 9-year-old Brandon's feet, listening intently. Every so often, she would lick his knees and Brandon would giggle. When Brandon was finished reading, he rubbed Beckett's belly before returning to his desk.

Beckett, a Kerry Blue Terrier, is a therapy dog, and her owner, Reatha Omodio, brought her to Double Branch Elementary School on July 22 so kids in the extended school year program could read to her.

It was the third time a dog had been brought to the school to listen to the kids' stories. Last school year, Peggy Lewis, Double Branch's principal, brought in her dog, Harry, for students to read to.

The idea is to improve students' reading skills.

"Dogs are non-judgmental," explained Nancy Haines, the school's media specialist.

She said many students, especially those in the extended school year program, don't feel self-confident in their reading skills so they don't want to read. But the only way for them to improve their abilities is to read more. That's where the dogs come in. Even kids who simply don't like to read are excited to read to a dog.

"Bringing a dog in and having them read increases their self-esteem," Haines said.

Brandon admitted he doesn't like to read, but he said he enjoyed reading to Beckett.

"It kinda reminded me of the dog at home," he said, explaining he has a black Lab. But he said he probably wouldn't try reading to his dog because it wouldn't sit still.

Others though, like Alexis Talavera, 9, said she was excited to try reading to dogs. Although Alexis doesn't have her own dog, she said her cousin does, and she wanted to try to read to it the next time she visited. Alexis said she especially liked that Beckett sat and listened to her.

"It was fun," she said.

Most of the students, like 10-year-old Chris Brand, 9-year-old Jacob Rush and 9-year-old Lauren Uzzi, also said they liked reading to Beckett because she sat quietly and listened to them. Many wanted to keep reading to her after their time was up.

Therapy dogs simply provide affection and comfort to people in hospitals, nursing and retirement homes, day cares and correctional facilities. The reading dog program is one of the newest services for therapy dogs, according to Therapy Dog International, a New Jersey-based volunteer group that provides dogs for visitation in a variety of facilities and settings. Within the last four or five years, TDI handlers have started visiting libraries and schools with their reading dogs, and the response has been positive. TDI's Web site, <http://www.tdi-dog.org/childrenreadingtodogs.htm>, has testimonials from librarians and handlers from around the country.

Lewis and Haines said they believe in the program. They're trying to line up a few dogs and their handlers to come to Double Branch regularly once school starts. Omodio, Beckett's owner, said this was the first time Beckett had acted as a reading dog. She said she enjoyed the experience and plans to bring Beckett back during the school year.

"I just think it's a great program," said Haines as she glanced around the room at the students in the extended school year program. "You can see the difference it makes with the kids."

Beckett at work

Ch. Elbrley's Cregan Beckett Blu, CGC, TDI

**Paws to Read:
Our Kerry Blues are smart,
But can they teach someone to
read?**

By Jann Steel Lane, PhD
Educational Psychologist

Evidently so! Beckett is a certified therapy dog (AKC Canine Good Citizen and Therapy Dog International certified) and is owned by Reatha and Jim Omodio. Florida Beckett has been teaching 'reading' at the Double Branch Elementary School in Wesley Chapel, Florida, just north of Tampa and has an exceptional track record. Children enrolled in the summer extended school program, entering the fourth grade, found that reading to Beckett was a lot more fun than reading to other students. As Brandon read aloud to Beckett, she would listen intently and lick his knee, and he would giggle. "Dogs are non-judgmental," said Reatha Omodio, Beckett's owner. "If a child has difficulty reading, the only way to improve is to read more and read aloud." Many of the children admitted they did not like to read until Beckett came and she made it fun. One child put it simply when she said, "I like that Beckett sits quietly and listens to me."

The best reward for Beckett was when one of her students improved 400 points on his reading level after working with her this past fall. Of course, Beckett does not actually read, even though many of us do spell in front of our Kerries--the handler is a tutor and the dog becomes a helper. The child often will ask if the dog can help him or her figure out a word. Upon hearing his name, the dog is engaged and supports the interaction. The child becomes motivated to read and the reading skills improve the more he or she reads.

The Delta Society also supports Canine Assisted Reading programs. Their 20 years of research show that canines improve self-esteem and assist children in developing empathy and nurturing skills. The Animal Assisted Reading Programs are the largest growing service for therapy dogs today. Dogs

and their certified owners/handlers visit schools and libraries within the extended school programs assisting children in developing their reading skills.

Canines have been bringing affection and comfort to people in health care, retirement and correctional facilities for many years. Starting in the late 1980's in Utah, therapy dogs began working with children in reading programs. Today it is becoming more common to see a dog in the library, "teaching reading skills. Or maybe just listening with their heart."

If you believe your Kerry has a gift to share with a child or adult and you would like more information, please email either myself or one of our USKBTC board members for more information on how to get started toward your AKC CGC or Therapy Dog International certification. There is no greater gift than the one given unconditionally by our dogs. If you live in Southern California and are interested, please contact me directly for information about public schools that are interested in utilizing assisted reading dogs in their reading programs. Paws Up!

more – we were blessed with “Super
Moms” like Helen and Reign. All of
those many years apart, yet bonded
together in our hearts forever.

As she looked down into the
whelping box on one of the days that
she came over to visit our puppies,
Betty murmured, “You know, it’s
funny how Helen had 3 white puppies
and Reign has 3 black ones.”

It gave me a start, because I
hadn’t realized that. “What’s even
stranger,” I added, “is that both of our
little survivors came from litters that
originally had 6 puppies.”

Truly, it had all come
around...

Disaster Preparedness for Your Family Pet

*This article is posted with the permission of the American Ken-
nel Club. © 2006 The American Kennel Club, Inc.*

When Hurricanes Katrina and Rita struck in late 2005, thou-
sands were separated from their beloved pets as they escaped
the region. Sadly, many animals were not reunited with their
owners or faced a worse fate, despite the heroic efforts of their
owners and rescue organizations to save them.

Proper emergency planning can help save the life of your pet
and as hurricane season approaches, many families should
begin considering how they would handle a disaster in their
area. The American Kennel Club has prepared the following
checklists to help pet owners pack a portable pet first-aid kit and
prepare for an emergency evacuation. Preparedness is impor-
tant in **any** disaster situation and these checklists can be ap-
plied to any emergency that calls for evacuation from your
home.

Evacuation Checklist for Pets

- Dog medicine(s), i.e. heart worm, flea, ear mite medicine,
etc.
- Dog Bowls
- Dog Food (1-week minimum, 2-week suggested), dog
treats, etc.
- Leashes: walking leash, short leash
- Harness (to attach to seat belt)
- Extra dog tag, (masking tape, laundry pen) Cell #, Hotel #
and Room #
- Pet records stored in waterproof container or plastic seal-
able bag
- Crate
- Dog bed/blanket/toys
- Supplies/paper towels, rug cleaner, toilettes, towels, flash
light
- Current dog photograph(s) with your notification informa-
tion: useful for fliers should your dog go missing or must be
left at shelter
- Dog friendly hotel listings/ telephone lists

- Shampoo
- Litter/portable litter pan
- Duct tape
- Bottled water
- Pet First Aid Kit

Portable First Aid Kit for Pets

- Water-proof storage container for kit
- Antiseptic/anti-bacterial cleansing wipes/Alcohol prep pads
- Eye wash
- Eye and skin wash in one
- A sock (foot wrapper)
- Latex surgical gloves
- Electrolyte powder (add to water on hot days)
- Emergency space blanket
- Small flashlight
- Bottled water
- Medicated balm
- Leash and collar
- Soft muzzle
- Speak to your vet about what to pack in case your dog has
a sudden allergic reaction
- Flexible bandage used to wrap and injuries)
- Gauze roll
- Bandage scissors- to cut gauze and to clip hair around
wounds
- Wood splint
- Paper towels
- Plastic baggies
- Small cold pack and hot pack(self activating)
- Cotton swabs
- Antibiotic ointment/packets
- Tweezers
- Space for copy of dog’s papers & vet records (sealed in
plastic bag)

United States Kerry Blue Terrier Club Versatility Awards

The mission of this awards program is to recognize the versatility of the Kerry Blue Terrier and recognize United States Kerry Blue Terrier members and their dogs upon achieving titles in more than one discipline of competition. Current USKBTC membership is necessary to be eligible for this awards program.

List of Disciplines eligible for awards:

AKC Agility Title

AKC Conformation Title

Earth Dog/Hunting Title: Hunting Certificate (HC) awarded by American Working Terrier Association*

Fly Ball Title: Flyball Dog Champion (FDCH) awarded by the North American Flyball Association*

Herding Trial Dog Title: AKC Herding Tested (HT) or Pre-Trial Tested (PT) or Herding Capability Title (HCT) awarded by American Herding Breeds Association

AKC Obedience Title (CD or higher, RA (Rally Advanced) or higher)

AKC Tracking Title

**AKC title will be eligible when approved*

Eligible dogs will be submitted for award(s) by owner(s) in the following manner: Properly filled in application including:

Enclosure of a photocopy of earned titles as required

Enclosure of comments or brief biography of dog's accomplishments which will be published in the Blueprints (subject to editing) along with award presented, including name of owner(s) and breeder(s). Photos may be sent by owner for inclusion in the awards issue of Blueprints printed subject to room available.

Award applications will be accepted within the following fiscal year time period: July 31 to July 31. Members will submit applications during this time period. Those applications received after this time period will be held over for the next year for qualification and presentation. Award presentation will be made at the Annual General Meeting in October (Montgomery County). Awards not presented at the AGM will be mailed to recipients.

ACTUAL AWARD: The award will be a certificate suitable for framing signed by the president of the club and Versatility committee representative to include the following information:

The name: **United States Kerry Blue Terrier Club Versatility Award**

The name of the Award tier (see below)

The registered name of the dog (with all titles, as the owner wishes it to appear on award)

The name of the owner(s) of record (at least ONE owner must be a current USKBTC member)

The date the Award is presented

ONE certificate will be presented per dog for each award tier.

A keepsake memento commemorating the award will be awarded at the club's discretion.

Award tier structure is as follows:

The Bronze Award is presented to the Kerry Blue Terrier earning titles in two different disciplines.

The Silver Award is presented to the Kerry Blue Terrier earning titles in three different disciplines

The Gold Award is presented to the Kerry Blue Terrier earning titles in four different disciplines

The Platinum Award is presented to the Kerry Blue Terrier earning titles in five different disciplines

The Emerald Award is presented to the Kerry Blue Terrier earning titles in six different disciplines

The Diamond Award is presented to the Kerry Blue Terrier earning titles in seven different disciplines

*** Please Note: Canine Good Citizen (CGC) Temperament Testing (TT) and Therapy Dog Test (TDI) along with other temperament test certifications are not considered competitive titles. Therefore they do not qualify as eligible disciplines for these awards. These titles may be included in the dog's name as stated on Award should the owner wish them. The owner is responsible for submitting the dog's name as it should appear on the award.**

NOTE: Accomplishing any of these disciplines may take more than one fiscal year to achieve. Therefore the applicant may submit an application along with proof of awards at any time in the dog's competitive life provided that he/she submit the application by the prescribed fiscal year deadline to qualify for that year's award presentations. A separate award and certificate will be awarded for each additional discipline tier achieved no matter what time frame is required to achieve that award. Example: Dog A is already a Ch., CDX, TD. Therefore he will immediately qualify under (3) disciplines (conformation, obedience, tracking) making the dog eligible to receive (2) awards (Bronze and Silver) from the club.

SPECIAL NOTE: To recognize those members who have achieved multiple disciplines in the past with their dogs, awards will be offered to eligible title holders (with proper application and proof of title) retroactive back to and including the year 1995. All titles (as listed above) earned are eligible for tier qualification provided that dog has earned at least ONE discipline title after 1995.

USKBTC Versatility Awards Application

Registered name of dog:

Owner(s) **NOTE:** At least ONE must be a CURRENT **USKBTC** member:

Address: _____

Phone # _____ Email _____

Breeder(s) _____

The above named Kerry Blue Terrier earned following discipline title(s):

Discipline	Title(s) Earned
Agility (AKC)	
Conformation (AKC)	
Earth/Hunting Dog (AWTA HC)	
Flyball Dog (NAFA FDCH)	
Herding Dog (AKC HT or PT or AHBA HCT)	
Obedience (AKC)	
Tracking (AKC)	

Have you enclosed photocopies of earned titles as required? _____

Have you enclosed comments telling us something about your dog? _____ The club would like to include comments (subject to editing) along with photos (as space allows) in Blueprints honoring our awardees.

The Bronze Award is presented to the Kerry Blue Terrier earning titles in two different disciplines

The Silver Award is presented to the Kerry Blue Terrier earning titles in three different disciplines

The Gold Award is presented to the Kerry Blue Terrier earning titles in four different disciplines

The Platinum Award is presented to the Kerry Blue Terrier earning titles in five different disciplines

The Emerald Award is presented to the Kerry Blue Terrier earning titles in six different disciplines

The Diamond Award is presented to the Kerry Blue Terrier earning titles in seven different disciplines

Note: CGC, TDI, TT are not considered competitive discipline titles and are not eligible for this award program. The club applauds any dog earning these titles and will be happy to include them in your dog's name on the award.

Mail Applications To:

Susan Dunivant, 1615 Briar Lake Circle, Winston-Salem, NC 27103 336-765-4314 elfloch@aol.com

All applications and photocopy proof of eligibility must be received by July 31

US funds to: USKBTC

APPLICATION PROCESS:

1. A notice of your application will be published in the next issue of the official Club publication, BLUEPRINTSSM.
2. Thirty (30) days after publication in BLUEPRINTSSM, your application and any members comments will be submitted to the Board of Governors for consideration.
3. You will be promptly notified, in writing, of the Board's action.
4. You will be provided with a copy of the approved Constitution and Bylaws.

This Membership process can take up to six (6) months or more, due to the publication of BLUEPRINTSSM three times per year, please be patient. Note that your check may be cashed prior to your being elected to membership. This does not automatically elect you to membership. If for any reason, you are not elected to membership, your application fee will be refunded.

**THE UNITED STATES KERRY BLUE TERRIER CLUB
CODE OF ETHICS**

This document defines the ethical standards to which we ascribe as a condition of membership in the United States Kerry Blue Terrier Club (USKBTC). Membership is a privilege conferred by the Board of Governors, acting for the Membership, upon those individuals who meet the high standards set forth in the Club Constitution and Bylaws and this Code. As members, we are individually charged with complying with this code and demanding similar compliance of all other members. We must hold the interest of the Kerry Blue Terrier superior to our own in exercising the responsibilities that accompany the privileges of membership.

I. RESPONSIBILITIES AS A MEMBER

- Members of the USKBTC, as Stewards to the breed, have the obligation to protect and serve the best interests of the Kerry Blue Terrier at all times. A member's every action should reflect credit on themselves, the USKBTC and, above all, the Kerry Blue Terrier.
- The approved standard for the breed is the fundamental imperative guiding our actions. Members have the obligation to protect and serve these standards as a condition of membership.
- Members must be familiar with and comply with the rules of the American Kennel Club (AKC); the Constitution and By-laws of the USKBTC; and (as appropriate) the rules established by any member club of the USKBTC.
- Members will observe the highest standards of conduct and sportsmanship at all times. Whether as a breeder, exhibitor, or spectator, they shall conduct themselves in a manner that reflects positively on the Kerry Blue Terrier, dogs in general, and the sport of showing dogs.

- Members shall maintain the highest standards of health and sanitation for their own Kerry Blue Terriers, as well as for any other animals in their possession or entrusted to their care. They shall demand the same high standards of others, members and non-members alike.

II. RESPONSIBILITIES AS A BREEDER

A Breeder shall:

- Be guided at all times by the approved standard for the Kerry Blue Terrier and shall consider breeding only those specimens that conform to the standard.
- When contemplating breeding a litter or providing the services of a stud dog, strive toward maintaining breed type and producing dogs of exceptional quality, temperament, and condition. Breeding or supporting breeding to a lesser standard is not acceptable.
- Use for breeding only those dogs that are healthy and free from serious congenital and hereditary defects. Refrain from further use, any bitch or stud dog that has developed such a health problem or produced any serious inherited defects detrimental to the offspring and the overall well being of the breed.
- Not use a bitch for breeding prior to reaching eighteen (18) months of age (preferably 24 months) or older than eight (8) years of age. A bitch should not be bred more than two (2) out of three (3) consecutive heat cycles, nor produce more than five (5) litters in her lifetime. Recognizing the variations in heat cycles and sizes of litters, valid exceptions may exist, however it is incumbent on the breeder to exercise good judgment in exercising such exceptions.
- Not sell puppies to pet shops either outright or on consignment; supply puppies for auctions, raffles, or other such activities; refrain from selling to persons whose intention (either known or suspected) is to resell or use the puppy in a breeding program not complying with this code of ethics. The breeder shall ensure that the prospective buyer is prepared to provide the same degree of care required of members of the USKBTC. The Code of Ethics should be provided and discussed with potential buyers as part of a thorough screening process. All buyers should be encouraged to become members of the USKBTC and member clubs.
- Promptly apply for AKC registration of the litter. Puppies should not be sold prior to reaching ten (10) weeks of age (preferably 12 weeks). The sale of every dog shall include a signed registration or registration application (Blue Slip), and a four-generation pedigree. Any exceptions to these requirements, or valid restrictions or limitations imposed as conditions to the sale (e.g., no breeding) must be agreed to in writing by both parties at the time of sale. It is strongly recommended that a written agreement accompany all sales. Buyers should be provided with assistance and support in the setting of ears and in learning proper grooming. If the buyer is not located in the same area, the breeder should make arrangements with another USKBTC member in that area to assist the new owner.
- Provide with each sale, a record of dated and types of immunization given, immunizations required, and veterinary health records. Instructions should be provided, preferably in writing, on diseases and hereditary factors related to the breed, proper medical care, feeding, and grooming. Providing a copy of the current USKBTC Handbook represents a means of conveying this type of information, and is a sound investment on the part of the breeder. No puppy should be sold without either temporary or permanent protection against distemper-hepatitis and parvo. Puppies should have a veterinary examination, and worming if required, before sale.
- Maintain accurate and complete records of stock, matings, pedigrees, show records, and transfers. Breeders are responsible for conducting research on their pedigrees to ensure correct ancestry, accurate spelling of names, and correct registration numbers. Breeders should be familiar with and comply with all record keeping requirements required by the AKC. Litter registration applications must be correct and promptly requested. Individual puppy registration should be completed in a timely manner.
- Shall not engage in false or misleading advertising or other misrepresentations with respect to their own breeding. They shall not malign others by making false or misleading statements regarding another member's dogs, breeding practices, or person. Advertising should not be worded to attract undesirable buyers nor encourage raising dogs for profit.
- Consider the growing problems related to excess dogs ending up in animal shelters and should exercise sound judgment and prudent restraint in their breeding programs. Litters should be limited to numbers that are consistent with achieving a sound breeding program and the best interests of the Kerry Blue Terrier.
- **Be prepared to assume lifetime responsibility for any litter produced.**

III. RESPONSIBILITIES AS AN EXHIBITOR OR HANDLER

- Act professionally at all times in caring for and exhibiting any dog in your charge.
- Do not engage in any questionable contact with judges prior to exhibiting under them.
- Comply with AKC Rules and Regulations for Dog Shows, Obedience Trials, Field Trials, and The Guidelines for Dog Show Judges.
- Exhibit or handle only those dogs that conform as closely as possible to the approved standard.
- Do not indulge in the practice of making "kennel majors", or exhibiting filler dogs that they know themselves to be unworthy of championships, for the purpose of finishing dogs. Such practices lessen the meaning and value of a championship and do not serve the breed.

IV. ENFORCEMENT

- The USKBTC expects adherence to this Code of Ethics and blatant disregard of these standards will not be condoned. Violations of the standards are not in the best interests of the Club or the breed. Such behavior can serve as a cause of imposing discipline or terminating membership if charges are brought before the Board of Governors in accordance with the procedures as defined in Article VI (Discipline) of the USKBTC Constitution and Bylaws.
- Article VI addresses the specific procedures for proffering charges; the hearing process; and the rights of the parties involved. Each member is expected to be fully familiar with this very important provision of the By-laws.
