Montgomery County Kennel Club is behind us and we are all looking towards the Holidays ~ the season of warm wishes, good cheer and the coming new year. It was very good to see Kerry friends from all around the country, and seeing so many Kerry blue terriers all together in one place.

Montgomery week was very busy. The weather cooperated for the most part with some rain on Sunday, but all in all not too bad. I would like to thank everyone who supported the Club Baskets and Silent Auction at the USKBTC dinner. It was very successful. The dinner at the new location, Spring Mill Country Club, was very enjoyable. The food was good and the room seemed more inviting and bright. Spirits were lively as members and visitors alike introduced themselves and spoke about how they came to this wonderful breed we all know and love. It was good to see the photos on Facebook of members having a grand time. Reservations are in for next year!

Another positive for the MCKC week were the numbers of Kerries entered. I know it isn't what it used to be but...60 and 70 plus entries is still pretty good. It's also good to hear the news of all the litters being born. It's a step in the right direction for the breed and for Futurity! Thank you breeders and exhibitors!

2018 will bring the second KerryFest which is once again planned for May 4th through 6th at Purina Farms. There will be four specialties, seminars, hospitality and the ever popular Barn Hunt. This year is shaping up to be bigger and better. Confirmation of judges and schedules will be made available as soon as possible. RV reservations must be sent when the Premium list comes out. Space fills up fast. Please plan to attend...it is a fun weekend wrapped around our Kerry Blue Terriers.

Publishing *Kerry Blueprints* is no easy task. It takes time and dedication and I want to thank Janie MacBryde for doing such an excellent job. I would also like to extend the invitation to all members to contribute. Blueprints is always looking for ideas and articles. From time to time we get calls from the "big magazines" when they want to feature Kerries. We need new material. Please contact Janie if you have something to write about. And of course we want your ads too!

With that, I would like to close this Letter from the President with the happiest wishes for the holiday season.

Melanie

To The Membership:

*The purpose of publishing the "Proposed Member" is to give the membership the opportunity to review applicants and comment, if they so desire, in support of, or opposition to, said applicants membership. Correspondence in support of and/or opposition to the membership, should be directed to the Membership Chair within 30 days after publication of said applicant. **USKBTC Membership Chair: Mary A. McGreevy, 25 New Castle Drive, Charles Town, WV 25414.***

Any correspondence received during that time period will be attached to the ballots which are forwarded to the Board of Governors for the voting process.

A Letter from the Editor...

Yet another National specialty weekend has come and gone, and 2018 is just weeks away. Where did the time go? As the days get shorter and the year draws to an end, I'm happy to report that plans for the coming year are already in the works. Don't miss the show ads elsewhere in this issue and please come out to join in the fun, whether you participate in the conformation ring or in a companion event. What a terrific way to show the public and other dog owners how incredibly versatile the Kerry blue terrier can be!

We're pleased to announce that *Blueprints* advertising rates have remained stable for yet another year. We are striving to include more articles of interest to both show exhibitors and companion dog owners alike: health and training articles, as well as general interest articles for all. In addition, after some discussion it has been decided that all **paid** ads will be included in the USKBTC emails to terrier judges along with pertinent articles about our breed. Finally, we are planning to include a special section in the Spring issue featuring the stud dog. There will be a standard format for every ad, which we will share very soon. Watch your email for further news!

Now on a more serious note ~ What are you doing for this wonderful breed that we know and love? How do you give back? Are you part of your local all-breed or chapter club? Just as importantly, do you volunteer at your local all-breed show or chapter club specialty to help get the well-groomed Kerry blue terrier out in the public eye? Without your support, dog shows and performance events won't happen and these clubs will fade away. Do you visit Celtic festivals, participate in St. Patrick's Day parades and volunteer for Meet the Breed events? The USKBTC needs **YOU**. Help make the USKBTC and our chapter clubs strong and active by volunteering, reaching out to welcome newcomers, and spreading the word about this truly versatile breed!

Finally ~ pull out the enclosed membership **dues insert**, and **RENEW TODAY!** It couldn't be easier ~ you only have to write your check, add a stamp and put it in the mail. With one simple form, you can renew your membership and make donations to Charitable Funds, Futurity, Hospitality and to the Trophy Fund.

Until next time. . .

Janie MacBryde
Blueprints Editor

United States Kerry Blue Terrier Club

Membership dues
for 2018

Family \$40
Single \$30

**Due by January 1,
2018**

*The editors of **Blueprints** wish you
and your families all the joys of the
season, a happy and prosperous New
Year, and success in all your Kerry
adventures in the coming year!*

2017 Versatility Award Recipients

The USKBTC's Versatility Award program was started in 2005 to recognize members' Kerry Blue Terriers who have exemplified the breed's reputation as "a canine jack-of-all-trades and a master at most" by earning titles in two or more eligible areas. While it is continually evolving as different events and titles become popular, there are currently seven achievement levels (Bronze through Blue Diamond) that are awarded for attaining eligible titles in two or more of eight different areas: conformation, obedience, agility, rally, tracking, herding, barn hunt (formerly earth dog) and miscellaneous (approved titles from events that do not fit into any of the other categories). 12 Kerries were presented with certificates and pins at this year's annual membership meeting and dinner on October 6th, including one awarded Gold-tier status, and a Bronze-tier recipient who is the breed's first Barn Hunt champion to date!

For more information about the USKBTC Versatility Awards program, check out the VA application in *Kerry Blueprints* or contact Lisa Frankland, the Versatility Awards program chairman.

This year's recipients are:

BRONZE TIER (titles in two eligible disciplines)

GCH Lighthouse I Love Playin' With Fire, owned by Bill and Alice Belcher; bred by Stephanie Clark (for titles in conformation and agility).

Bill writes, *In May of 2016, the fates aligned and brought me in contact with Stephanie Clark of Lighthouse KBTs and Luci. After Luci completed her conformation career, Stephanie was looking for a forever home, and my wife Alice and I were fortunate to be in the right place at the right time. Luci and I hit it off immediately, and discovered that Luci was a natural at agility. In just 12 months and 4 events, we were able to complete the NAJ, and gained a wealth of experience that we are now applying toward Standard, Time 2 Beat, and FAST.*

Penterra's Lil Miss Sunshine RE RATS TKI, owned and bred by Youlia Anderson (for titles in rally and barn hunt).

AKC CH/UKC RBIS CH Symphonie's If I Had You THDN TKN, owned by Stephanie Clark; bred by France Godbout (for titles in conformation and miscellaneous/AKC therapy dog).

GCH Valtera's I Stand Alone RATN, owned and bred by Terese Worful (for titles in conformation and barn hunt).

Terry writes, *Bobby was the only survivor in his litter, hence his registered name. Bobby is the only Kerry to place in UKC's Top Ten Invitational Finals (for conformation). He placed 10th in a field of over 300 dogs.*

GCH Valtera's Lord of Castle Ross RATCHX3 CZ8G, owned by Michelle & Scott Mills and Terese Worful; bred by Terese Worful (for titles in conformation and barn hunt).

Terry writes, *Ross is the younger brother of Bobby, littermate to Runner. He is a multiple group placer in the breed ring, and currently the #1 Kerry in Barn Hunt as well as the most titled. In the 2016 Barn Hunt National he was #7 All Breed and #1 Terrier.*

CH Valtera's Runs The Ring Of Kerry RATM, owned and bred by Terese Worful (for titles in conformation and barn hunt).

Terry writes, *Runner is a repeat of the breeding that produced Valtera's I Stand Alone. He earned his name at 1 week old when he squiggled out of the room into the hall in seconds. I called out, "Get the puppy, we have a runner!" He finished his championship quickly, and earned his RATN and RATO each in 4 runs. Senior took a year.*

Bill & Luci

SILVER TIER (titles in three eligible disciplines)

CH Lighthouse Caught Up In You CA IT HCT, owned by Stephanie Clark, Ashley Jimenez and Gustavo Jimenez; bred by Stephanie Clark (for titles in conformation, herding, and miscellaneous/coursing ability).

AKC RBIS GCHB/UKC RBIS CH Lighthouse If Not For You CAX DN IT HCT TKN CGCA, owned by Stephanie Clark; bred by Stephanie Clark and Karla Niggl (for titles in conformation, herding, and miscellaneous/coursing ability).

GCH O'Mara's Lightning Strikes BN RN NJP CGC, owned by Diane Lee; bred by Diane Lee and Julee Manahan (for titles in conformation, rally, and agility).

Pennterra's Solnechnij Zaichik BN RE NAP RATS CGCA, owned and bred by Youlia Anderson (for titles in rally, agility, and barn hunt).

Symphonie's Love Actually RA AX AXJ RATN CGCA, owned by Catherine Belanger Lavoie, Joel Fortin, and France Godbout; bred by France Godbout (for titles in rally, agility, and barn hunt).

Catherine writes, *Myrtille is now 8 years old. Although, most of her career was as an agility dog, at 5, she was mostly putting her efforts in the Canadian dog show ring when she finished the year as the #5 Terrier in very limited showing, earning 5 Best in Shows, 2 Reserve BIS and numerous group placements. She is also an agility champion in 2 different Canadian agility associations and became the first dog in the history in Canada to earn both highest titles in Agility (Agility Master champion), and the Grand Champion Excellent in the show ring. In 2016, she finished as the #6 TOP Agility dog all-breed with the Canadian Kennel Club. In the USA,*

Catherine
& Myrtille

(Continued on page 8)

Versatility Awards (Continued from page 7)

Myrtille is working towards obtaining her PACH. She got her RAE (Rally Advance Excellent) in Rally-obedience and has her RA in the USA. She has titles in Barn hunt in the USA as well as in Canada and she is now working on her first obedience title in both countries. She is also tracking and herding in her spare time.

Gold Tier (titles in four eligible disciplines)

CH Symphonie's Double O Seven RE AX AXJ RATN CGCA, owned by Catherine Belanger Lavoie, Joel Fortin, and France Godbout; bred by France Godbout (for titles in conformation, rally, agility, and barn hunt).

Catherine writes, *Berry Bond at only 4 years old is an Agility champion in 2 different Canadian associations. He got his AtCHC (Agility Trial Champion of Canada) from the AAC in September of last year and his AgMCH (CKC Agility Master Championship) a year later exactly. In 2016, he finished as # 4 TOP Agility dog all-breed with the Canadian Kennel Club. In the USA, Berry is working on obtaining his MACH. He is also the first Kerry blue terrier in Canada to earn a RAE (Rally Advance Excellent). He has titles in Barn hunt both in the USA and in Canada and now working towards his first obedience title in both countries. Finally, he is tracking and herding in order to work towards the highest Versatility title with the USKBTC.*

Congratulations to all these Kerries and their owners, as well as to the breeders who produced these well-rounded dogs!

Kerry Banners with specific links to large graphic files have been added to the USKBTC website. The larger files will allow people to have more details needed for clearer reproduction of each graphic.

The specific article link on the USKBTC website is <http://www.uskbtc.com/the-club/chapter-clubs/kerry-banners/>. We encourage our chapter clubs to take advantage of these eye-catching banners for your upcoming specialty shows!

Have You Checked the New USKBTC Website?

<http://www.uskbtc.com>

Things to Check

- Your contact information in the password protected USKBTC Membership Database is correct, as requested.
- The password for USKBTC members to view the full membership database is **membership411**
- Your contact information in the Breeders' Database, open to anyone using the Internet, is correct.
- You have renewed your personal uskbtc.com connected website. (uskbtc.com/yourkennelnamehere). Renewals (\$35), can be mailed in to Julee Manahan or you can use Paypal and pay online.
- Do you have litter information that you would like added to the "Kerries Available" section of the website? (*Pictures of the sire and dam can now be included.*)
- Do you have an older dog or is there a rescue dog that you want added to the "Kerries Available" section of the website? (*Picture of the older dog or the rescue dog can now be included next to the listing.*)
- Has your Chapter Club's event information been sent in to be viewed under "Events & Activities" on the website?
- Chapter Clubs, have you checked that all the contact information for your club is listed correctly. Updates to Board of Directors and their emails may be needed.
- If you have any issues with the website or if you need any additions or changes made, please contact Carol Kearney, USKBTC Website Editor at heritagekerry@optonline.net.

Have You Seen Some of the NEW Additions to the Website?

- Did you know that the older issues of Blueprints can now be viewed online? (*Issues for the current year will not be placed online until the year has ended.*)
- Have you tried to complete the crossword puzzles or the picture puzzle in the "Events & Activities" section of the site?
- Did you see the breed video under "About Kerries/Characteristics of the Breed/Kerry Video on Standard?"
- Did you know that some of the latest announcements can be highlighted in the NEWS sections on the home page?

A Word from Charitable Funds...

The USKBTC Board of Governors established the US Kerry Blue Charitable Funds, Inc. in 2002, a 501(c)(3) non-profit under the U.S. Internal Revenue Code. The USKBTC is the official organization recognized by the AKC with responsibility for protecting and promoting the Kerry Blue terrier in the United States. Establishment of the Fund occurred after a lengthy and thorough evaluation of the status of the breed in the U.S. and the recognition that strategies were needed to ensure the long-term well-being of the Kerry Blue terrier.

The goal of the Fund is to provide, in perpetuity, a safe, secure means for breeders, exhibitors, owners and friends to contribute financial support for Kerry Blue Terriers. The Fund is independent of the USKBTC Board of Governors, but linked to our governing board through interlocking directorates. This arrangement assures that Charitable Funds will be a permanent giving option to the Kerry fancy, but will be buffered from the ebb and flow of fancier personalities and politics.

There are four active funds to serve the Kerry Blue Terrier in the Charitable Funds portfolio:

- 1) Rescue Fund** – this fund supports grants used to provide Kerry Blue Terrier rescue services.
- 2) Health and Genetics Fund** – this fund makes grants in support of research in areas of health and genetics of particular importance to the Kerry Blue Terrier.
- 3) Education Fund** – the education fund supports education of all those interested in the Kerry Blue Terrier including publications, websites, and seminars.
- 4) General Fund** – donations to this fund are used to support the work of the other funds through internal grants to those funds. Undesignated gifts will initially be held in this fund.

Since Charitable Funds was established, those who love this breed have worked diligently to build its assets. The USKBTC undertook major support of the PNA Research being done at the University of Missouri, and contributors finally received welcome news of a test for this dreaded disease. To date we have awarded over \$20,000 in grants to support Health and Genetics, Education, and Rescue ~ all thanks to your donations.

We believe there is much still to be done. While we know the Kerry as a healthy breed, we also know those who have lost a Kerry to cancer. We hope to make a difference going forward through joint efforts with genetics laboratories and research facilities. Helping the Kerry Blue flourish is still the #1 goal of Charitable Funds.

Our committee has many goals. The first is to communicate more efficiently through a newsletter posted to the USKBTC website on a monthly basis and emailed to those wishing to receive it, informing all about where donations are being utilized. We must also grow our financial resources substantially in order to have meaningful impact. Please consider ways you can help ~ whether through bake sales at dog shows, using AMAZON Smile, purchasing CF logo items on the website, or generous donations when you renew club dues. EVERY donation makes a difference for our Kerry blues that never stop giving to us!

We believe the real key to long term growth will be planned giving that includes the Funds in the wills of our members. Other comparable organizations have used this method as the key to growing their assets. You can help by considering making the Funds one of the recipients of your estate. In addition, support an area of interest today. We have grown our asset base through small gifts and that will be crucial to our future.

Feel free to contact any Board member for more information on how **you** can help Charitable Funds make a real difference!

Blueprints Fall/Winter 2017-2018

Hello USKBTC Members,

Can anyone identify these two handsome gentlemen wearing the US Kerry Blue Terrier Logo!!

With a vision of creating some USKBTC logoed pieces to benefit Charitable Funds and being able to see this beautiful logo being worn proudly has made me smile knowing 100 % of all profits on all goods go to Charitable Funds.

Since starting this project in 2015 approximately \$5,000 has been raised for Charitable Funds.

For those who were unable to see me at show locations where I had product available for sale, please check out the merchandise area of the USKBTC web-site home page and send an e-mail if you have any questions.

Select pieces have been sold out and new just introduced. Just in time for the Holidays!

I would like to take this opportunity to thank all listed below that have supported my efforts in purchasing USKBTC logoed product this year and supporting the Kerry Blue Terrier. Let's continue to work together to promote and protect this great breed we are so lucky to have in our lives.

This is proof that small contributions can really make a difference!

Thank you all,
Jean Waters

THE BIGGER THE BETTER: TERRIER TEETH

By Jo Ann Frier-Murza Reprinted with permission, TerrierGroup magazine www.terriergroup.org

Doberman

Long before there were recognized terrier breeds, the generic terrier who worked quarry underground was recognized as a strong little warrior with big and punishing teeth. Even though he didn't always need his teeth to kill, he always had to impress the target that he could deal major destruction with his leading tools.

Way back in the 16th Century, Abraham Fleming's popular translation of Johannes Caius' *important De Canibus Anglicis* highlights the total importance of a terrier's teeth to his job. This foundation work mentions the terrier class of dogs' basic job of killing or driving the quarry from its lair.

Another sorte there is which hunteth the Foxe and the Badger or Greye onely, whome we call Terrars, because they (after the manner and custom of Ferrets in searching for Connyes) creepe into the gounde, and by that meanes make a frayde, nyppe, and byte the Fox and the Badger in such sort, that eyther they teare them in pieces with thayre teeth beying in the bosome of the earth, or else hayle and pull them perforce out of their lurking angles, dark dongeons and close caves, or at the least through conceaved feare, drive them out of their hollow harbours, in so much that they are compelled to prepare speedy flight...

Even though modern terriers don't often have to dominate quarry by nipping and biting, nor do they have to dispatch in the dark of the deepest den, we honor their past and their historical purpose in an effort to maintain their singular identity. They have evolved into many breeds since that early description, and we hold our written standards close for each individual breed. It's good to see that almost all earth-working breeds are expected to have teeth that would intimidate an adversary and protect the dog who

a nip. Quite a few breed standards accept scissors or level bite and all of them discourage or disqualify over- or under-shot bites. However, there is much more to a terrier's mouth than his "bite." Either a true bite-and-hold in combat or a death grip to finish it requires very strong canines, aligned tightly and correctly, lower canines in front of upper canines. These daggers are the teeth that hold. Their roots are very long, too, and should be seated in a strong skull and jaw bone. Only one terrier standard mentions the canine

Border Terrier

owns them. They are variously described as strong, large, or powerful, with several breed standards which state that the teeth should be large in proportion to the size of the terrier.

The head that holds those teeth must be correspondingly strong, giving a foundation for thick, long roots. Our standards are quite specific about this, too, describing jaws as very strong, powerful, deep and strong, vise-like, along with muzzles that are strong and well filled.

There is a lot of emphasis in standards regarding the "bite" or alignment of the incisors. The generic working terrier does better with a tight scissors bite which might eventually go level with wear and age. This alignment will give the dog the strongest incisor pinch or grip on its opponent's pelt during

teeth specifically—they should be of extraordinary size—, but all teeth are included in the overall description of teeth. It's worthwhile to keep an eye on the detail of fangs, though. Focus here, because of the importance of these teeth to the working dog and because bad canine-tooth alignment happens. When it happens, the impact is so severe on some dogs that these teeth have to be extracted, resulting in loss of effective gripping and a severe weakening of the jaw.

Tiny, weak teeth, often widely spaced, are a real detriment to a working terrier. They can be broken or dislodged during battle or when clearing obstacles. The dog's ability to defend itself and account for its quarry is much limited. Secondary damage from poor teeth can limit a dog's future success or even shorten its life as a worker.

discoloration sometimes corresponds to malformed or weaker teeth, so the emphasis on white teeth probably supported the need for strong teeth.

We love to see our terriers take life full-on, Enjoying their company while they swing from a tug toy, dig and bite at a hole under tree roots, or pulverize the dowels at an earthdog test are some of our pleasures in owning them. Those magnificent, bigger-than-life pearly whites, once used for serious work, are just as important today as a testament to the honorable terrier work of yesteryear.

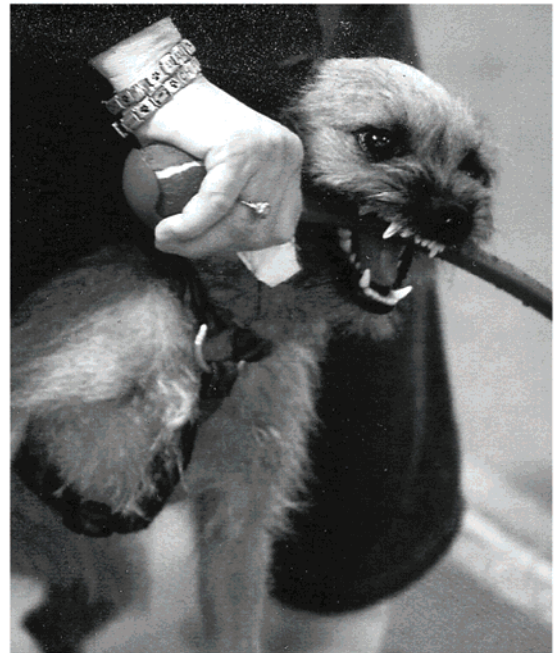

Conversely it is a challenge for breeding to get very large teeth without an overcrowded mouth. Overlapping teeth or a wry mouth can create problems, too. Those crowded teeth can be less effective at work and may be open to irregular stresses and early loss or breakage.

Of course, missing teeth can be a problem for a worker, especially if those missing teeth are needed for biting. Just as important, complete dentition stabilizes the entire mouth when the dog uses its full power for extreme biting and pulling against dirt, roots, and underground obstacles that impede progress.

They should all start their lives with a full complement of 42 teeth.

Veteran workers, who have lost teeth to their jobs, are sometimes able to compensate with their wits, but it's heartbreaking to watch them try to work without the tools they have depended on.

It is a bit of a mystery as to why so many original standards written in the early times of terriers also mention that teeth should be white. In those days, terriermen were concerned mostly with functional or type-defining criteria. Inherent

TerrierGroup magazine • www.terriergroup.org

As Christmastime approaches, as does the typical list of quandaries—What should I bake? How should I decorate? What gifts should I buy for my loved ones?

Here at TerrierGroup, we want to ease the stress of this holiday season by helping you to check one very important item off your “to-do” list - those gifts for your furry family members! We’ve compiled a lineup of some of the most engaging, creative, and innovative products for your furkid -all guaranteed to delight even the most persnickety pup.

You'll even find some presents for the dog lovers on your list, because we know you've got a few. All you have to do is close your eyes, point and whip out the credit card!

So let's raid Santa Paws bag together and hope it doesn't get us on the naughty list . . .

Gift #1—GPS Pet

These dandy little gadgets attach directly to your dogs' collar and track everything from their location to their daily exercise levels. Many have apps that connect directly to your electronic device so your techy-terrier will feel like the most sophisticated guy on the block!

\$\$\$—you can get a simple GPS chip-embedded tag for as little as a few bucks online, but if you want all the extra features, like activity monitoring, you'll be spending in the \$50-\$100 range.

Gift #2—Thundershirt

Once a niche purchase, this magical calming coat has become a household name in the doggie world. By applying pressure to key areas of your dog's torso, a Thundershirt works to temper his anxious ways and can be particularly helpful in high stress

situations. Purported to work for 80% of its clientele, the Thundershirt could be a worthwhile buy for that Nervous Nelly on your list!

\$\$\$—Dependent upon size, vendor and brand, your Thundershirt should run you in the \$20-\$50 range (plus s&h), if you buy online.

\$\$\$—The “Original Doggie Fountain” (to which you’ll find the link in our Sources Cited section) is made in the U.S.A. and comes with a price tag of \$82 (with free s&h). You can find some knock-off versions online too, for as little as \$35 or thereabouts.

Gift #3—The Dog Peek

While that solid wood fence may have seemed like a good idea at the time, your tenacious terrier is now rooting himself a fine little tunnel underneath it because he so desperately wants to see

what’s on the other side. Enter - the Dog Peek! This ingenious plastic dome mounts to a (pre-cut) hole in your wooden fence and provides your dog a window to the outside. While this gift may not be ideal for the more bark-prone pooches on your gift list, the pup that is placated by a simple window to what lies beyond will be delighted with this delivery from Santa Paws!

\$\$\$—Being a fairly new and not widely stocked product, purchase options are limited on this particular find—though we did track down a few sites carrying in the \$25-\$42 range.

Gift #4—Doggie Fountain

Water - either your furkid loves it, or hates it. For the former variety, might we suggest the delightful Doggie Fountain? There are a few different varieties, but the one that caught our eye comes equipped with a foot pedal which, when depressed, spouts a wee fountain of water. This gift is not only refreshing, but engaging to boot. It could be a real hit with those of the water-loving persuasion.

Gift #5—Auto Zip Line

Forget stationary car rides - our terriers are on the go! They want to survey the landscape on the right ... no make that left... oh wait, yeah, it’s the right side of the car, and for that they need mobility. Enter the Auto Zip Line. This clever contraption mounts to the cabin or back seat of your car and gives your pooch the ability to travel seamlessly back and forth between his two favorite vantage points while still maintaining his safety. A clip-on line running from your harness to the zip line makes load and go a synch, and you can cruise with confidence, knowing that your furry friend is all buckled in . . . even while he feels untethered.

\$\$\$—Amazon has a few offerings in this category—most ranging around \$25-\$35. Some specialty retailers (like Kurgo—see link in Sources Cited) also offer up their goods in the same cost range.

Gift #6—Petchatz

In our ever-increasingly techy world, don’t you think your pet is yearning for the latest, newest gadget too? OK - maybe not...

but he is yearning for more of his favorite thing—and that's time with YOU! With Petchatz, you can indulge your 007 side while Fido gets an extra dose of one-on-one time with the apple of his eye. Oh, and did we mention TREATS!?

A live webcam—Petchatz simply plugs into your average, everyday power outlet and after some conversating with your WiFi network, enables a two-way interactive experience with you and your pet. You can see, hear and interact with your dog from about anywhere in the world. And the best part, the unit also dispenses treats at your command!

\$\$\$—Love may not cost a thing, but apparently sharing it does! The standard HD Petchatz unit (complete with treat dispenser) will run you a cool \$350. But isn't your little furkid worth it?

Gift #7—Obedience Classes

While your human-variety kiddo may balk at the idea of an educational gift in their stocking, most

dogs feel quite the contrary. Organized obedience and canine sport classes (like Rally and Agility)

provide dogs with an outlet for their ever-curious minds and agile bodies. Moreover, the positive one-on-one time they spend learning alongside you will foster your bond and enhance your teamwork, in and outside the ring!

\$\$\$—Prices for organized dog obedience and sports can vary widely from region to region and are highly dependent upon your chosen path and the length of time you'd like to commit. There are also material costs (anywhere from \$10 for a nice, 6-foot lead, to hundreds for professional agility equipment) to take into account but hey, why not give it a try and worry about your level of commitment later? You can typically get started with a basic obedience class lasting eight (one hour) sessions at your local pet store for around \$100.

Gift #8—Barkbox Subscription

This subscription-based service gets you and Fido on a regular schedule of toy and treats delivery

that really softens the blow of those dreaded visits from the mailman. On the 15th of every month you'll find a delightful little Barkbox just brimming with surprises outside your door and if your furkid couldn't figure out when the 15th fell on the calendar, you can bet that he's about to.

\$\$\$—Depending upon your size of dog and whether you'd like to commit to a one, six or 12-month subscription, it'll cost you \$35-\$249 to experience the gift that keeps on giving, long after Christmas has passed.

* * *

And for the Doggie Lovers on your Waggin' Wishlist, might we suggest:

Gift #1—Dog breed blueprint
How cool is this?—Function and art combined!

Get the wanton Westie lover or Dandie Dinmont devotee on your list a blueprint of their favorite breed this year! These framed art prints are stylish and certain to be a conversation piece for years to come. Most prints come on a cobalt blue backing, set against the bright white outline of your breed of choice. There are a variety of vendors who carry them and prices can vary widely.

\$\$\$— You can typically nab a 16x20 unframed print for as little as \$50 online, but a framed version will run you anywhere from \$150+. If only a framed print will do and yet their triple-digit price tag makes your guts rumble, take a tip from this thrifty gal and go for the \$50 print, pick yourself up a nice \$20 frame at Ross, Target, or Michaels and do the labor yourself!

Gift #2—Doggie Doo

This is a terrific gift for kiddos of the human variety. An adventure in...you guessed it...poo pickup, this not-so-bored-game teaches kids about responsible dog ownership while keeping them engaged and entertained!

\$\$\$—At just \$20, Doggie

Doo is just a drop in the bucket (forgive the pun!) when it comes to your budget. Why stop at one, get number two (OK, someone stop me!), and spread the love!

Gift #3—Custom Pet Portrait
In this age of social media,

it's easier than ever to get access to family and friends' photos, particularly those of their favorite cuddly someone.

Can you imagine Mom, Dad, or your best friend Susan's delight at seeing that same, beloved mug turned into a hand-crafted portrait? Trust me, we're talkin' major water-works!

\$\$\$—Prices for this particular gift vary probably more than with any other. There are scads of artists out there offering custom, hand-drawn or painted portraits of our furry compadres. But who to buy from? What sites house the best artists? To frame or not frame? Ink or watercolor?—the questions are endless!

For my buck, a quick trip around www.etsy.com provides a snapshot of some of the finest artists available, and at reasonable prices to boot! I prefer to frame my own art pieces because it saves a pretty penny. Just make sure you get a standard-sized print, as any type of custom framing will exhaust the money you've saved on doing your own labor. And also make it a point to order your print far in advance, as custom pieces typically come with additional wait times.

Gift #4—Pet Scrapbook

Taking a (literal) page from our portrait gift idea, the scrapbook is for your next-level crafter and amateur sleuth. It may take some 'doin', but with a bit of investigative Facebooking, a printer, a flare for the artistic, and a few hours lost in the maze that is your local craft store, you can create a memorable gift that your dog-loving friend will adore for a lifetime. Even if you haven't scrapbooked before, something as simple as an attractively arranged album containing photos of your friends' adorable pooch will surely delight!

\$\$\$—As with a commissioned portrait, the total cost to assemble a custom scrapbook can vary widely. You can choose something as simple as a \$15 album ready to drop in photos, or go really hog-wild with stickers, decals, custom papers, and spend a fortune.

Whatever you pull out of Santa Paws' bag this season, your friends and family (both two and four-legged) are certain to appreciate the thought and the love you've put behind their gifts. And after all, isn't that what Christmas is all about?

The Nose Knows:

Put Your Dog's Amazing Sense of Smell to Work in a New AKC Sport

Penny Leigh | August 11, 2017 | AKC Dog Training | www.akc.org

A high school stadium, three sets of bleachers, and one Q-tip dipped in the scent of birch.

Finding that tiny swab, planted somewhere in the arena, seemed an impossible task to Suzanne LeRoy, as she and her Border Collie, Rain, faced their first nose work competition.

"It was a huge area to search," the California resident said.

But a few minutes later, Rain easily found the Q-tip under the bleachers, and LeRoy discovered the power of the canine nose.

"Now I was really impressed!" she said.

LeRoy is an AKC Breeder of Merit who produces top-winning Border Collies in the breed ring. She also is a certified dog trainer whose dogs have earned numerous titles in agility, herding, rally, and tricks. After her initial success in nose work, she became a certified K9 Nose Work Instructor, so she could share that fun with others.

"I loved that I was training my dog to do what he was born to do: use his nose. I was also training myself to observe my dog. Scent work is all about reading your dog's body language, and in this you connect with your dog. You are a team," she said. "And I love that it's all reward-based training. The dogs find the source of the odor -- they get a treat!"

Smell is a powerful sense for canines -- 10,000 to 100,000 times more acute than the human sense of smell. That ability has benefited man in many ways, from tracking fugitives to detecting bombs.

Dogs love to use their noses, and dog sports that put their sniffers to the test are popular, including tracking and nose work. The AKC obedience class of utility includes the scent articles exercise, in which a dog finds an item touched by its owner among a pile of similar items.

Soon dogs can earn titles in the new sport of AKC Scent Work, which mimics the task of working detection dogs -- such as narcotics dogs or explosives dogs -- to find a specific scent and communicate to the handler that the scent has been found.

AKC Scent Work trials launch Oct. 1, 2017. Dogs will search for a hidden odor, which is either an essential oil or their handlers' scent, depending on the class. Searches will take place in a variety of environments, with classes called: containers, interiors, exteriors, and buried.

"I was thrilled when I learned that AKC was adding it as an event. I plan to pursue all levels of AKC Scent Work titles," LeRoy said. "I'm a member of a specialty club, and we've signed up to hold trials, and I hope there are many."

Any dog of any breed, size, or age can be successful at scent work. LeRoy found the activity while looking for something to keep her 11-year-old Border Collie, Rain, busy.

"I felt that agility and herding were getting too hard on his bones. Okay, admittedly maybe too hard on my bones, too. I wanted a sport that wouldn't be hard on him physically."

AKC Breeders of Merit Tom and Chris Levy have produced champion Pumik for 18 years under the Abiqua kennel name and have shown dogs, including Miniature Schnauzers and German Shorthaired Pointers, for 45 years.

They strive to add titles to both ends of their dogs' names and were intrigued when a puppy buyer told them about a sport her Pumi enjoyed called nose work. They decided to try it and now have several nose work titled dogs, including one that has earned the top level K9 Nose Work-3 Elite designation.

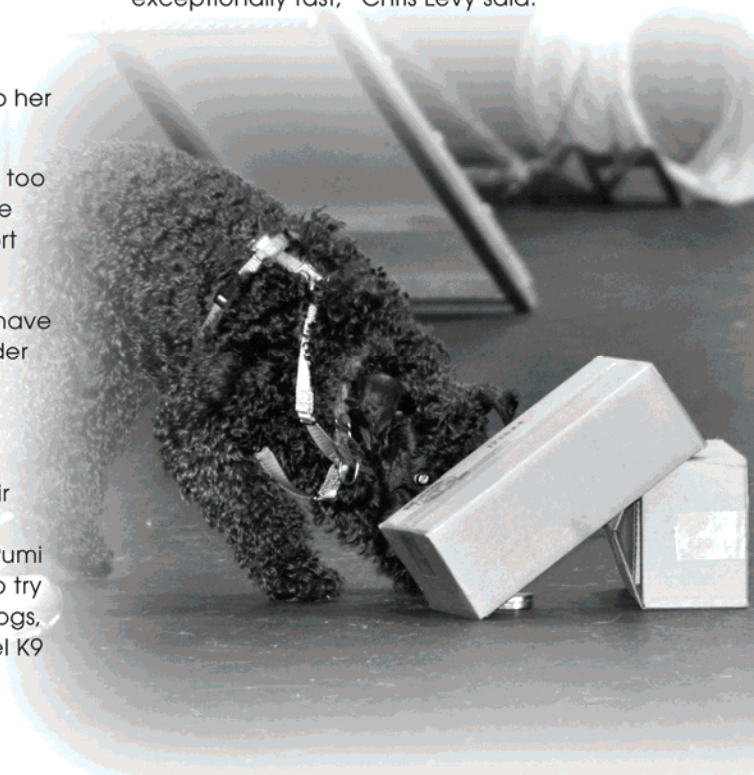

"The part I like best is, it's a true partnership with your dog. You are giving them the boundaries of where to search; they're doing the work and communicating to you what they know," said Chris Levy. "They gain a level of confidence because, for the most part, they're in charge, not just taking orders, and you're interpreting on their behalf."

Dogs can learn scent work at any age. LeRoy starts her Border Collies while they are still in the whelping box.

"You can start puppies as soon as they are born. Because puppies are born blind and deaf, they rely on smell. You can introduce them to different scents, and you can actually see them react to both good smells and the bad," she said. "As they get older, you can hide treats for the puppies and have them find them."

As the dogs mature, trainers progress to pairing the food with the odor that they want them to find. Eventually, they remove the food from the odor and then reward with food when the dog finds the odor.

"When I started my second nose work dog, I decided to train the dog that was my food thief, figuring that she'd already had several years of self-training, and she learned nose work exceptionally fast," Chris Levy said.

AKC Scent Work is open to all dogs, including those enrolled in AKC Canine Partners, Purebred Alternative Listing (PAL), and the Foundation Stock Service (FSS).

Competitions will offer four levels for each element — novice, advanced, excellent, and master — and will vary factors with the level of difficulty, such as the size of the search area, the number of hides, whether the number of hides is known or unknown to the handler, and the maximum height of the hides. The most accomplished dogs will also be eligible for the detective class, which contains many hides in a variety of environments.

"AKC Scent Work is a modern-day performance event in which bred-for traits such as working drive, concentration, and response to distractions are redeployed into roles relevant for the 21st century," said Doug Ljungren, AKC vice president of sports and events. "While the sport of scent work will not prepare your dog to be a working detection dog, we hope it serves to demonstrate to the public the value that these purpose-bred dogs can provide to the security of our nation."

Holiday Celebrations and Your Kerry

Holiday celebrations all around the year often center on food shared with family and friends, whether it's a cook-out in the summer or a family feast at Thanksgiving or Christmas. And since our beloved pets are considered part of our family, there is great temptation to share the foods we eat with them. But use caution, since many of these rich foods can trigger serious gastrointestinal problems for a dog or cat. Foods high in fats, sugars and spices definitely aren't the usual fare for our companions, and can cause problems such as *pancreatitis*, *gastritis* or *enteritis*, requiring a trip to the vet.

The list of foods which could be harmful may be found on the USKBTC website: <http://www.uskbtc.com/about-kerries/living-with-kerries/caution-in-the-kitchen/>, but I will list a few of them here: onions, garlic, chocolate, macadamia nuts, grapes and raisins, raw salmon, avocados, and any foods that contain excessive salt or are high in fat. If you really want to share your food, vets recommend offering very small portions of lean turkey or ham.

Other hazards not to be overlooked are bones from cooked poultry, strings used to tie roasts and the holiday bird, any food that has been sitting out for more than 40 minutes at room temperature, and the garbage can! The wonderful aromas from the garbage can may be more than your Kerry companion can resist, so keep that in mind as you're cleaning up after your celebrations. Make sure trash containers are "dog proof" and secure.

One final item I will include here is the sweetener **xylitol**, which is often found in sugarless gum and candies. This toxin can cause liver damage, so keep that in mind when visitors arrive and stash visitor's coats and purses in a place inaccessible to pets. Better to be safe than sorry. With a little planning, one and all can enjoy a wonderful holiday celebration at any time of year and include the family pets.

Questions about possible toxicities should be directed to the National Animal Poison Control Center at the University of Illinois (1-800-548-2423) or to the ASPCA Animal Poison Control Center (1-888-426-4435).

Tribute to a Lifetime Member Dr. Donald Wilde ~ Cordial Kerries

Dr. Donald Wilde is our most recent Lifetime Achievement recipient. In addition to breeding Kerry Blue terriers under the Cordial kennel name, Donald served as a USKBTC Board member from 2001 through 2006. He held the office of USKBTC President from 2003 until October of 2005, when he stepped up to serve as USKBTC Treasurer from October 2005 through October 2006. After serving on the Charitable Funds Board, Donald agreed to chair the committee from 2007 until stepping down in 2012. Finally, Donald is a founding member of the Kerry Blue Terrier Club of Lower Michigan, and has worked hard with other Kerry breeders in the area to guide it to AKC recognition.

Donald Wilde grew up raising and showing Morgan Horses with his father, in the Pacific Northwest. When his daughter Gwendolyn was young, they carried on that same tradition until they met their first Kerry Blue terrier. It was love at first sight! After being involved in competing with and showing his beloved Morgan horses, it was a natural transition into showing and competing in the conformation ring with Kerry Blue terriers.

When asked which dog he has bred comes closest to his ideal Kerry and why, Ch. Cordial Comet O'Lyra ~ Comet ~ is first in his heart. Sired by Ch. Camshron's Eclipse out of Ch. Cordial By Any Other Name, Comet was a top ranked, beautifully type dog who was always owner-handled by Donald in his sporty signature Irish driving cap. Comet was short coupled with great angulation and movement, a well set-on tail, arched neck reminiscent of his Morgan horses and a lovely head piece emphasized by a lush blue coat. Possessing true Kerry Blue terrier attitude, Comet could be a pistol in the show ring. But he was an angel with which to live. Comet stamped his get with this same excellent type.

As a breeder, Donald values movement and type first and foremost, accented by a well-proportioned and stylish head piece, pretty ears and a good high set tail. He noted that size is getting away from many breeders, and that tail sets need improvement. A *moderate* dog, an adjective used repeatedly throughout the standard, is the ideal. And all of it must be wrapped up in the lush, blue gray coat that distinguishes the breed. When asked about the greatest challenges facing the breed today, Don stated that he felt health was of primary importance, followed by size, movement and correct coat and color.

Over the years, Donald determined that eight weeks was the right time to evaluate the litters that he and Norma Jean bred. He sometimes invited other breeders over for their input, all the while watching for the attitude so important in the show dog. After making his pick of best male and best female, he would invite prospective puppy owners to visit to help determine the best placement for the remaining puppies in each litter.

With more than two decades in the breed, Donald and Cordial Kerry Blue terriers enjoyed success in the show ring. Donald won Best in Futurity in 1999 with Cordial Joy to You and Me, sired by his beloved Ch. Cordial Comet O'Lyra out of Ch. Cordial M'Lady Gwendolyn. In 2014, his Cordial Cameo O'Lyra ~ a granddaughter and great granddaughter of Comet ~ won Best in Maturity. Add in numerous Best of Breed wins, and a few Best in Show wins over the years as well, and you have the picture of an influential breeder and kennel.

Tom Rogers stated that "when we were searching for a Kerry Blue terrier puppy, we were referred to Donald by Frank Sousa after he saw Ch. Cordial Comet O'Lyra at Montgomery in 1996. We bought a male pup that we named O'Connell, and Frank and Linda Sousa helped set his ears and groomed him. Frank urged me to call Don to let him know O'Connell was a nice pup. Before I could call him, Don called me. Based on a conversation with Frank, he wanted to show O'Connell in Sweepstakes. That was the start of a wonderful friendship with the Wildes that has lasted over twenty years. I don't believe I've met a more conscientious or honest person than Don Wilde. He and Norma Jean were always willing to do all they could to help everyone with their Kerry Blue terriers, and worked hard on their breeding program, for the USKBTC and for the Kerry Blue terrier."

If you are interested in learning more about the Wildes and the history of Cordial Kerry Blue terriers, please go to the link <http://www.uskbtc.com/cordial/> and read about one of the USKBTC's more accomplished breeders.

Sadly, Don passed away on October 19, 2017 after a long illness ~ before *Kerry Blueprints* went to press. Don is survived by his wife of 29 years, Norma; daughters, Gwendolyn Wilde and Cindi (Rick Scott) Moore; son, Mason (Amiee) Moore; his mother, Yvonne and 5 grandchildren. For those wishing to do so, memorial contributions may be made to **ALS research**, the **National Down Syndrome Society**, or to **USKBTC Charitable Funds**.

Rest well, Don.

Remembering Donald Wilde...

Today was a very rough day, for not only me, but many!

We celebrated the life of Donald Wilde. I met Don and Norma Jean when I was 10 years old. I was at a dog show, and "this guy" came up to me and introduced himself. Well, from that day on, "that guy" was such an inspiration, role model, mentor, one who always supported me. He was one I could always turn to when I needed some ad-vice. He taught me so many things over the years, always had a helping hand, a good eye to critique my work, a positive note to keep me going, and most of all, a heart that truly cared. He always encouraged me to do my best in school, "get a degree" and have fun showing dogs. Don would always come to watch me show in Junior Showmanship, and would tell me ways I could improve. I valued that advice more than anything, and would always run to him when I got out of the ring...waiting to hear what he had to say. But, there is one memory, and lifetime goal of mine, that I will ALWAYS remember, and be forever thankful of Don for. That was winning Best of Breed AND Winners Dog at our Kerry Blue Terrier National this year. Don bred both Shady and Ruckus. Without Don and the fabulous dogs he bred, my goals and achievements would not be what they are today!

Don, you will be forever missed by many, especially me! I hope Shady and I continue to make you proud! I will always remember you saying "Go get em" to me before I walked in the ring...and we will continue to do just that, with you in our hearts! Gone but NEVER forgotten...until we meet again!!

~ Heather Hunter ~

Pumpkin Dog Biscuits

It's always good to know exactly what you're feeding your dog. Here is a healthy/easy to make biscuit recipe your dogs will love:

2 eggs
1/2 cup canned pumpkin
2 tablespoons dry milk
1/4 teaspoon sea salt
2 1/2 cups brown rice flour *
1 teaspoon dried parsley (optional)

Preheat oven to 350.

In large bowl, whisk together eggs and pumpkin to smooth. Stir in dry milk, sea salt, and dried parsley (if using, optional). Add brown rice flour gradually, combining with spatula or hands to form a stiff, dry dough. Turn out onto lightly floured surface (can use the brown rice flour) and if dough is still rough, briefly knead and press to

combine.

Roll dough between 1/4 – 1/2" – depending on your dog's chew preferences, – and use biscuit or other shape cutter to punch shapes, gathering and re-rolling scraps as you go. Place shapes on cookie sheet, no greasing or paper necessary. If desired, press fork pattern on biscuits before baking, a quick up-and-down movement with fork, lightly pressing down halfway through dough. Bake 20 minutes. Remove from oven and carefully turn biscuits over, then bake additional 20 minutes. Allow to cool completely on rack before feeding to dog.

* Brown rice flour gives the biscuits crunch and promotes better dog digestion. Many dogs have touchy stomachs or allergies, and do not, like many people I know, tolerate wheat.

Makes up to 75 small (1") biscuits or 50 medium biscuits.

“Life With A Kerry Is A Circus”

The Kerry Circus came to town at the Montgomery All Terrier Agility Cluster (MTAC) in Palmyra, PA, over October 2-5. Four days of agility, plus barn hunt, rally, obedience and lure coursing took place the Monday through Thursday prior to the Montgomery conformation show. This year's theme was “Under the Big Top”. Each terrier breed is encouraged to participate in a “village” decoration competition. This year there were 14 Kerries camped out together in our “village” -- this was a record number of Kerries for us at this event! Due to our enthusiastic participation and eye catching decorations our village ended up winning the award for Best Small Group!

For many years the USKBTC has sponsored daily and overall awards for the cluster in three different categories. The high scoring Kerries over all 4 days were Berry Bond (Catherine Belanger Lavoie) for Masters Level, Sean (Diane Lee) for Novice/Open/Excellent Levels, and Dazzle (Barbara Fleischmann) for Preferred Level. In addition to these special awards, several of our group earned new titles! Meghan (Judy Wick) earned her Open title (RATO) in Barn Hunt, Myrtille (Catherine Belanger Lavoie) earned her Rally Excellent (RE) title, Berry Bond (Catherine Belanger Lavoie) earned his Masters Standard and Masters Jumpers (MX, MXJ) agility titles, Gingji (Patti Campbell) earned her Novice Rally (RN) title, Sean (Diane Lee) earned his Novice Jumpers (NAJ) title, Dazzle (Barbara Fleischmann) took home her Masters Standard Preferred (MXP) title, and Dugan (Barbara Fleischmann) earned his Novice Jumpers (NAJ) title, and Luci (Bill Belcher) earned her Novice Fast (NF) title. Title or no title, everyone had a great time together.

Come and join the fun. We hope more Kerries will join us next year, and especially in 2019 when the USKBTC will be hosting one of the agility trial days for the cluster! A good time was had by all!

"Winterize" Your Dog

This article was provided with permission of the Public Education Department of the American Kennel Club, and appears on the USKBTC website.

Cold weather brings its own safety and health concerns for both people and dogs. As a responsible dog owner, it is important to pay attention to your dog's well-being during the winter. Remember the following precautions to help keep your pet comfortable, healthy and safe all season.

Provide Plenty of Fresh Water. Your dog is just as likely to get dehydrated in the winter as in the summer. Snow is not a satisfactory substitute for water.

Provide Plenty of Food. Feed your dog additional calories if it spends a lot of time outdoors or is a working animal. It takes more energy in the winter to keep body temperature regulated, so additional calories are necessary.

Keep Your Dog's Paws Dry. Rinse your dog's feet and dry them completely after a walk. This helps avoid tiny cuts and cracked pads. A little petroleum jelly may soften the pads and prevent further cracking.

Groom Your Dog Regularly. Your dog needs a well-groomed coat to keep properly insulated. Towel or blow-dry your dog if it gets wet from rain or snow.

Keep Your Dog Warm, Dry and Away From Drafts. Adequate shelter is a necessity. Tiles and uncarpeted areas may become extremely cold. Place blankets and pads on floors in these areas.

Watch Out for Winter Hazards.

Cold: Don't leave your dog outside for long periods of time. Wind-chill makes days colder than actual temperature readings and dogs are susceptible to frostbite on their ears, tails and feet.

Ice and Snow: Be extra careful when walking or playing with your dog outside. Your dog could slip or jump in a frozen lake, river or pond and get seriously injured. Snow can muffle scents, and your dog can easily get lost.

Carbon Monoxide: Don't leave your dog alone in a car. It gets too cold, and carbon monoxide from an engine left running is dangerous.

Antifreeze: Although it smells and tastes good to your dog, antifreeze is highly poisonous and can be lethal.
