Anne Katona's new position with the AKC has required her to resign as editor of the KBT Breed Column published in the Gazette. The USKBTC Board has appointed Carol Kearney as the new editor. It's Carol's intent to write columns and invite knowledgeable Kerry Blue Terrier breeders to submit columns as guest authors. Thank you, Carol for assuming this responsibility.

PEDIGREE® has allocated a portion of the money raised in their adoption drive to breed rescue organizations affiliated with the 156 recognized breeds. The USKBTC Board voted to accept Pedigrees' generous offer of a \$2000 donation based on their letter of 5/15/07 on behalf of USKBTC-Charitable Funds to support breed rescue. PEDIGREE®, DOES NOT support CA AB1634. This offer is NOT tied to AHA, and there are no strings attached re advertising, endorsements or promotion.

The USKBTC recently made a contribution to support the legal fight against the restrictive, unconstitutional laws impacting breeders in Louisville, KY. Hopefully, these statutes will be overturned. USKBTC members in California have also been in the forefront of the fight against AB1634. On behalf of the USKBTC I have written letters to elected official consultants and committees both in the California house and senate. Copies were sent to Pet Pac & Save Our Dogs to be included in their presentations in opposition to CA AB1634.

I had the opportunity to attend two chapter club Specialties recently, Pittsburgh and Southern California. The highlight of the Pittsburgh show for me was being able to recognize Blake Hansen for his Junior Handling achievements in '06. The second major event at Pittsburgh was the Costume Show (handler and dog) at which Ruth Ann Reilly serves as "Mistress of Ceremonies" and tortures not only the poor "judge" (me this year) but also the contestants! What a hoot!! You have to see this to believe it! This is a good location and the club put on an outstanding show thoroughly enjoyed by everyone.

Kudo's to the KBTC of Southern California for their Specialty held in conjunction with the Great Western. The event, held at California State University, Long Beach, was on Bermuda grass and ground so smooth it's utilized for athletic events. The KBTCSC officers, board members and everyone connected with the event worked hard and can be proud of the results. There were USKBTC members in attendance from every region of the U.S. and Western Canada and we had a wonderful time. Since this was the location for the USKBTC Traveling Specialty, a board meeting was held which started at 6:00pm and ended at 11:00pm. I'm proud to report we had 11 governors in attendance, all at their own expense.

Unfortunately, for the first time in 10 years we were unable to attend the KBTC of Chicago (where we are members) Specialty. Based on conversations, they had an outstanding show with a strong entry. The KBTCC is already planning for their 75th anniversary shows next year.

Last, but certainly not least, Gerry Yeager and John Garahan have graciously agreed to man the "Meet The Breeds" table for the USKBTC on Responsible Dog Ownership Day in NYC, Madison Square Park on September 15th.

Hope to see everyone at Montgomery and the Futurity! We are planning for micro chipping and DNA testing at the Futurity which will again be held at Hatboro on Saturday. Dr. Kellogg is exploring the possibility of a seminar on Thursday afternoon (around 4:00pm) at Hatboro. Denise Benincase is chairing the Futurity this year and welcomes volunteers. The boutique and cookout will again be part of the Futurity. The dinner and raffle will be held at Fisher's Tudor House following the annual membership meeting Friday, October 5.

VOLUNTEERS FOR ANY AND ALL OF THESE EVENTS ARE WELCOME!
See you in October!

Tom

To The Membership:

*The purpose of publishing the "Proposed Member" is to give the membership the opportunity to review applicants and comment, if they so desire, in support of, or opposition to, said applicants membership. Correspondence in support of and/or opposition to the membership, should be directed to the Membership Chair within 30 days after publication of said applicant. **Membership Chair: Bob Nazak, 842 Oak Grove Dr., Mineral, VA 23117***

Any correspondence received during that time period will be attached to the ballots which are forwarded to the Board of Governors for the voting process.

Blueprints Asst Editor:

kinvarra@aol.com

A Letter from the Editor...

Summertime...and many of us are attending the numerous all breed and specialty shows in our respective areas with our very best four-legged friends. While many compete only in the conformation ring, more are venturing into an assortment of performance events. We now have a herding titled Kerry, and hopefully more will soon follow. It's terrific to know that our incredibly versatile breed can still perform one of the jobs it was originally bred to do and be recognized for it!

This edition of Blueprints is filled with a variety of articles: updates from Rescue, an article from the Health and Genetics committee, and a training article are just a few of the highlights in addition to OFA updates and new title holders. As always, we also have results of our recent chapter club specialties and news of upcoming events. And don't forget to check out the Gallery of Winners, and the numerous ads scattered throughout this issue.

I want to take this opportunity to encourage all of you to participate in the various AKC® Responsible Dog Ownership Days that will be held in September. In light of continuing restrictive dog legislation proposed all around the country and the more recent high profile case involving charges of dog fighting, I believe it's in our best interest to showcase our companions in a positive and community friendly manner. Each of us can certainly be ambassadors not just for the Kerry blue terrier, but for responsible dog ownership in general. Regardless of our specific areas of interest, we're all in this together and must get involved in whatever meaningful way we can.

Finally, please remember this is your newsletter. Don't hesitate to let us know what you're doing with your Kerry, or to suggest articles for future issues. Until next time, enjoy every day with your Kerries!

Blake Hansen Junior Handler Par Excellence!

It was my privilege to present an award to Blake Hansen at the KBTC of Pittsburgh Specialty in recognition of his achievements in Junior Handling. Blake was the number 1 KBT Junior Handler in 2006.

Blake's current statistics through 5/31/07 are #2 in Terriers, #2 in Open Intermediate (his age group) and #8 in the country all-breed. Blake has received 25 First Places and 22 Best Juniors.

In Junior Showmanship, it is all about presenting your dog to the best of its' standard. Blake is very passionate about KBT's and has always had a special rapport with dogs. His first dog "Atlas" disliked showing and Blake had to work very hard with him, which helped sharpen his skills. His novice judge

told him "If you're this good with a dog that doesn't want to be in the ring, I can

imagine how good you'll be with a dog that does want to show!" Judy Agnew introduced Blake to "Charm", his second Kerry and not only did Blake participate in Junior Handling, but exhibited Charm to her conformation championship. Judy and Blake's mother, Eva and her husband Mark deserve considerable credit for encouraging and supporting this outstanding young man's interest in Kerry Blue Terriers and competition. Blake has already qualified for both Eukanuba and Westminster this year.

In addition Blake is an Honor Student and this past year received recognition awards and certificates for his academic accomplishments. Blake is interested in a career in veterinary medicine, intends to continue in conformation and hopes to

judge shows.

What a Year and what a Team Blake and Charm; They make All Kerry folks' proud!

Tom Rogers

What Is An Obedience Title, Really?

Not just a brag, not just a stepping stone to a higher title, not just an adjunct to competitive scores; a title is a tribute to the dog that bears it, a way to honor the dog, an ultimate memorial.

It will remain in the record and in the memory, for about as long as anything in this world can remain.

And though the dog himself doesn't know or care that his achievements have been noted, a title says many things in the world of humans, where such things count.

A title says your dog was intelligent, adaptable, and good natured.

It says that your dog loved you enough to do the things that please you, however crazy they may have sometimes seemed.

In addition, a title says that you love your dog. That you loved to spend time with him because he was a good dog and that you believed in him enough to give him yet another chance when he failed and in the end your faith was justified.

A title proves that your dog inspired you to that special relationship enjoyed by so few; that in a world of disposable creatures, this dog with a title was greatly loved, and loved greatly in return.

And when that dear short life is over, the title remains as a memorial of the finest kind, the best you can give to a deserving friend. Volumes of praise in one small set of initials after the name.

An obedience title is nothing less than true love and respect, given and received and recorded permanently.

A Rescue Update

Our national rescue has been relatively quiet in recent months, for several reasons. Our breed's popularity with puppy mills and other unscrupulous individuals who are only interested in breeding dogs for the pet market appears to be dramatically declining, the happy result being that responsible breeders are producing a larger percentage of the Kerries being sold. And truly responsible breeders, which most of our Club members are, do a much better job not only screening homes and providing mentoring to new owners, but in taking back their dogs if their owners can no longer keep them. The Chapter Clubs, and caring individuals in parts of the country where there are no Chapter Clubs, are doing a fantastic job of taking care of shelter dogs and owner-relinquishments in their areas. Handling rescues on a local level is not only more efficient, but allows for better placements and follow-up.

A large reason for the decrease in the number of Kerries being handled by Rescue is the USKBTC's decision in February of 2006 to stop purchasing Kerry Blue Terriers from puppy mills, pet stores, or their breeders (this ban on paying money does not include legitimate shelter or veterinary fees). Up until then, the Club had been trying to take a "middle of the road" approach to helping these dogs—buying them only when we could get them for below-market prices. However, the AKC's policy statement against this practice, combined with several incidents where our interest in obtaining them was used to bid up the prices of auction dogs, sometimes by pitting us against other rescue groups, finally convinced us to stop paying *any* amount for them. In spite of some claims that the USKBTC is elitist, interested only in helping dogs bred by its own members, or with champion studded pedigrees, we will continue to take any Kerry Blue Terrier that needs our help, regardless of looks or pedigree...we just won't pay for the privilege! And while none of us are happy about walking away from these dogs, there is evidence that removing the USKBTC as a secondary market for mill dogs is partially responsible for the decline in the number of these dogs that are being bred.

One particularly notable non-rescue that happened recently involved a woman who decided that her two older Kerries, a dog and a bitch, were too much for her to handle, and she was ready to relinquish both of them to Rescue. Fortunately, both dogs had been bred by Club members, and it took only a cou-

ple of phone calls to let them know what was going on and take care of the matter. The owner ended up giving up just one of her dogs; the breeder not only drove out to meet the owner to get her dog back, but continued to follow up to make sure that the owner was okay with the remaining dog. I love these kinds of stories!

Special thanks are in order to Gigi Reiling and Sue Gastrock for both taking in young male Kerries this past spring, fostering them, and placing them in their local areas. Interestingly, the two dogs were loosely connected in that we initially believed that one might be a dog that was stolen from its family on New Year's Eve, and this same family ended up adopting the second dog! The only thing in my opinion that would make this ending any better is if the family's original Kerry is discovered safe and happy.

And a huge thank you to Scott Kellogg for fostering a young male Kerry whose family is struggling to get back on its feet. There is no provision for this type of situation in our Rescue policy, but on the advice of some other breed rescue volunteers, I put a limit on how long we would keep the dog before the family either has to take him back or relinquish him for adoption. We are optimistic that it will be the former! Thanks too to Mary McGreevy for making all the arrangements with the family's case worker and Scott, and for transporting the dog from the kennel the family had left him at to Scott's.

The need for Rescue never ends—as I am writing this I have one, and possibly two dogs who will be coming into Rescue for fostering and placement in the next few weeks. Foster homes are always needed, as are Club members who are willing to transport dogs, groom, and perform home visits (both the initial checks and follow-up). And of course we always need money! The amount of money we request that a family donate when they adopt a Kerry is based on the age and overall adoptability of the dog, and often does not cover all the dog's expenses. Of the rescues I have been involved with since last fall, the adoption donation covered all the expenses on just two of them; the remainder cost Rescue between \$100 and \$500 each, mostly for routine veterinary care (e.g., exams, shots, neutering, dental). So please consider making a tax-deductible donation to Charitable Funds for Rescue. Our ultimate goal is to eliminate the need for rescue through responsible breeding and public education, and put ourselves out of business, but until that happens we still need that safety net!

-Lisa Frankland

From Health and Genetics...

The following article has been submitted by the Information Services Committee of Health and Genetics. It was written by a nationally known veterinary dentist, Fraser A. Hale, DVM, FAVD, Dipl AVDC, and was published in "Cusp." It is reprinted here with his permission.

AVDC POSITION STATEMENT ON NON-PROFESSIONAL DENTAL SCALING

Companion Animal Dental Scaling Without Anesthesia

In the United States and Canada, only licensed veterinarians can practice veterinary medicine. Veterinary medicine includes veterinary surgery, medicine and dentistry. Anyone providing dental services other than a licensed veterinarian, or a supervised and trained veterinary technician, is practicing veterinary medicine without a license and shall be subject to criminal charges.

This position statement addresses dental scaling procedures performed on pets without anesthesia, often by individuals untrained in veterinary dental techniques. Although the term "Anesthesia-Free Dentistry" has been used in this context, AVDC prefers to use the more accurate term Non-Professional Dental Scaling (NPDS) to describe this combination.

Owners of pets naturally are concerned when anesthesia is required for their pet. However, performing NPDS on an unanesthetized pet is inappropriate for the following reasons:

1. Dental tartar is firmly adhered to the surface of the teeth. Scaling to remove tartar is accomplished using ultrasonic and sonic power scalers, plus hand instruments that must have a sharp working edge to be used effectively. Even slight head movement by the patient could result in injury to the oral tissues of the patient, and the operator may be bitten when the patient reacts.
2. Professional dental scaling includes scaling the surfaces of the teeth both above and below the gingival margin (gum line), followed by dental polishing. The most critical

part of a dental scaling procedure is scaling the tooth surfaces that are within the gingival pocket (the subgingival space between the gum and the root), where periodontal disease is active. Because the patient cooperates, dental scaling of human teeth performed by a professional trained in the procedures can be completed successfully without anesthesia. However, access to the subgingival area of every tooth is impossible in an unanesthetized canine or feline patient. Removal of dental tartar on the visible surfaces of the teeth has little effect on a pet's health, and provides a false sense of accomplishment. The effect is purely cosmetic.

3. Inhalation anesthesia using a cuffed endotracheal tube provides three important advantages – the cooperation of the patient with a procedure it does not understand, elimination of pain resulting from examination and treatment of affected dental tissues during the procedure, and protection of the airway and lungs from accidental aspiration.

4. A complete oral examination, which is an important part of a professional dental scaling procedure, is not possible in an unanesthetized patient. The surfaces of the teeth facing the tongue cannot be examined, and areas of disease and discomfort are likely to be missed.

Safe use of an anesthetic or sedative in a dog or cat requires evaluation of the general health and size of the patient to determine the appropriate drug and dose, and continual monitoring of the patient. Veterinarians are trained in all of these procedures. Prescribing or administering anesthetic or sedative drugs by a non-veterinarian can be very dangerous, and is illegal. Although anesthesia will never be 100% risk-free, modern anesthetic and patient evaluation techniques used in veterinary hospitals minimize the risks, and millions of dental scaling procedures are safely performed each year in veterinary hospitals.

To minimize the need for professional dental scaling procedures and to maintain optimal oral health, the AVDC recommends daily dental home care from an early age. This should include brushing or use of other effective techniques to retard accumulation of dental plaque, such as dental diets and chew materials. This, combined with peri-

(Continued on page 11)

(Continued from page 10)

odic examination of the patient by a veterinarian and with dental scaling under anesthesia when indicated, will optimize life-long oral health for dogs and cats.

For general information on performance of dental procedures on veterinary patients, please read the AVDC Position Statement on Veterinary Dental Healthcare Providers, which is available on the AVDC web site (www.AVDC.org). For information on effective oral hygiene products for dogs and cats, visit the Veterinary Oral Health Council web site (www.VOHC.org).

Adopted by the AVDC Board of Directors, April 10, 2004.

MY TWO-CENTS

NPDS = Fraud + Theft + Malpractice+ Animal abuse + Rotten PR.

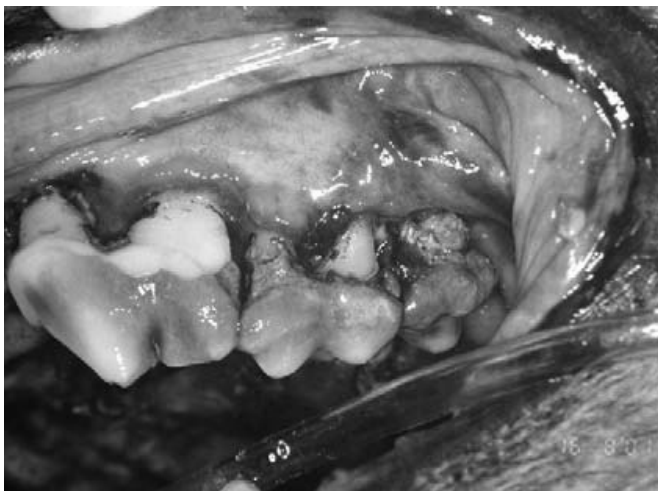

Regardless of who provides the NPDS, it is wrong. It is wrong for a groomer to do it. It is wrong for a breeder to do it. It is wrong for an owner to do it on their own pets (even if they are a registered dental hygienist – they should know better). It is very very wrong for any employee of a veterinary facility to offer this service and it is even more wrong to accept payment for such harmful treatment. When offered within the context of a veterinary facility, even if it is at the grooming centre next door, the client has a right to assume that the treatment is safe and medically beneficial. Since NPDS is neither, it is wholly inappropriate to offer it.

The only safe way to do a thorough dental examination and to provide therapeutically beneficial dental treatment is with the animal under a surgical plane of general anesthesia with a properly fitted, cuffed endotracheal tube in place. If the owners do not consent to this, leave the teeth dirty and the breath stinky. Eventually, they will get the message and let you do the right thing. If you pander to their fear of anesthesia and chip the gunk off the crowns (while leaving it behind below the gum line), you are guilty of malpractice. Remember there are some patients we cannot help, but there are none we cannot harm. It is better to do nothing than to do the wrong thing.

Long Distance: 1-866-866-8483

This greyhound was the victim of NPDSs for several years. The top photo is pre-op and the bottom one is after I chipped away the big chunks. When he was finally referred for periodontal treatment, I had to extract 34 out of 42 teeth due to end-stage periodontal disease. The good news is that he was soon feeling better than he had in years. The bad news is that he had suffered needlessly all those years. This was not the owner's fault. They thought they were doing the best thing for their dog because his teeth were being "cleaned" regularly. That is why I say this is fraud.

“Kenzie” Encourages Kerries to Herd! New Herding Title Ch. Warlord’s Scarf Mackenzie, HCT

We want extend special thanks to AKC, AHBA Herding Judge, Trainer and Handler Judy Vanderford for all of her encouragement, support, and personal mentoring into the world of herding and to Bill and Taffe McFadden and their team for their continual superb and professional handling of Mackenzie to her conformation championship. We are grateful for everyone’s skills, talents and willingness to share them with us and with our Kerry Blue Terriers.

Thank you.

Jann and Bob Lane, Laguna Beach, CA

A Rescue Pedigree

For the want of a nail, the shoe was lost; for the want of a shoe the horse was lost; and for the want of a horse the rider was lost, being overtaken and slain by the enemy, all for the want of care about a horseshoe nail. —Benjamin Franklin

The USKBTC is fortunate that the vast majority of its breeders are responsible; they try their best to place the puppies they produce into loving, responsible homes and will take a dog back, in fact *insist* on taking the dog back, if things do not work out. Because of this level of personal responsibility we rarely see dogs bred by Club members in Rescue. A slightly more frequent occurrence is a rescue dog that was sired by a Club member's dog, but even this situation is being seen less often as attitudes about stud dog owners' responsibilities are changing.

Of dogs with known backgrounds that end up in Rescue, most were obtained either from "backyard breeders,"¹ pet stores, or directly from commercial breeders or brokers (either via the internet or newspaper ads). Many of these dogs come from bloodlines imported from overseas (unfortunately puppy mills are not just an American problem), and any connections to Club members are typically at least a couple generations back in the dogs' pedigrees. So Lynn Duckett and I were understandably both concerned and curious when we were each contacted last year by a volunteer for another rescue group who claimed that four dogs (a mother and three of her adult daughters) her group had purchased at an estate sale were from "your breeders." Since she refused to share pedigree information with us unless we gave her group money, we didn't learn anything further until a littermate to these dogs was relinquished by its owner to Rescue in June of this year. The sire was in fact bred (though not owned) by a USKBTC member who is now deceased; however, on the dam's side, the names are further back in the pedigree like we typically see. But the chain of events cumulating in five dogs (that we know of) ending up in rescues should be studied by anyone who breeds and sell dogs, or who provides stud service.

The story starts off well several years ago, with a USKBTC member in the Midwest selling a show-quality bitch puppy to a person in the Southwest. This person was a USKBTC member for a few years, finished the bitch, bred her, and then sold one of the resulting bitch puppies to a local woman. I don't know if this woman ever showed her dog, or intended to show

¹defined as a person who casually breeds purebred dogs with little or no regard to the breed standard, genetically linked defects, or temperament.

her, but the dog never finished her championship. Nevertheless, a USKBTC member on the West coast agreed to provide champion stud service and this unfinished bitch produced a litter of puppies, which the breeder advertised for sale in her local newspaper. A long-distance truck driver from Kansas, whose regular route takes him through her city, saw her ad and purchased one of the bitch puppies, along with the dam. Turns out he and his wife breed and sell dogs on the side, regularly advertising several breeds in newspapers along the husband's trucking route. They knew the stock that the general public puts in AKC registrations and champion pedigrees, and proudly touted this information in their ads for the Kerry litters they subsequently produced, along with the fact that their puppies were champion *sired*!

Hopefully everyone who is reading this is shaking their heads in disbelief at this last statement. After all, who in their right mind would provide champion stud service to someone who can best be described as a small-scale puppy mill? Well, turns out that somebody in a neighboring state, who was never a member of the USKBTC, had a dog that could most diplomatically be called a "finishable pet." This Kerry was originally purchased from a backyard breeder, and sired by a dog whose owner was later banned for life from the AKC for animal cruelty, so it's safe to assume that the owner did not get much in the way of mentoring and support from either the breeder or the owner of the sire! This man, who went on to become a backyard breeder in his own right with an unfinished bitch from another questionable source, was extremely proud of his male and what he had accomplished, and only too flattered when these very nice people who lived several hours away wanted to use him for their bitches.

The resulting litters were advertised in major newspapers throughout the Central and Western US, and one of the bitch puppies was purchased by a lawyer who lived in Tennessee. It was here that he bred his bitch, and he still had three of the bitches from that litter (whether for breeding purposes or because he hadn't found buyers for them yet is unclear) when he became the perpetrator of a grisly double-murder suicide, and his remaining dogs ended up sold to the highest bidders.

Stuff can happen to even the most careful breeders, and I am certainly not implying that the USKBTC

²The term "puppy mill" typically refers to USDA licensed class A commercial breeders, but this couple is not required to have a license since they sell all their dogs directly to the public instead of through a pet store or broker. However, I believe this term describes their business much more accurately than "backyard breeder."

(Continued on page 14)

(Continued from page 13)

breeders whose dogs appear in this particular pedigree deserve blame or wouldn't have done things differently had they known what the outcome would be. But like the saying at the beginning of this article, rescue situations can frequently be traced to seemingly inconsequential acts—responsible breeders selling dogs to people who are less-experienced/careful, and so on down the line.

Over the years I have served as a Rescue volunteer, breeder referral contact, and public education coordinator, I have been fortunate to receive excellent advice from both experienced, responsible breeders and other rescue volunteers on screening prospective owners. First, when you get a phone call or e-mail inquiry, listen carefully to what they tell you, particularly where they live, how they heard about you, what they want a Kerry for, whether they have other pets or children, etc. Be careful what you tell them about what you have available or what your requirements are during this initial contact—some potential buyers are eager enough to get a dog that they will tailor what they tell you to whatever they think you want to hear! Also make a note of any names of individuals or dogs that they mention.

Be especially wary of potential buyers who say they want a show dog or might be interested in showing only after you tell them you want a show home, or that any dog sold as a pet has to be spayed or neutered. Unfortunately, some unscrupulous individuals have learned that many breeders' caution will fly out the window if the buyer just says they will show! Several Keries from both here and Europe whose breeders believed were destined for show homes have actually ended up in puppy mills because the breeders never bothered to check out the buyers' stories. One notorious commercial breeder went as far as to tell several USKBTC members that he was an AKC judge; two members ended up selling him Keries, whose champion-laden pedigrees are a major selling point for the many litters he's bred.

Check out potential buyers and anything they tell you! By this I don't mean you need to hire a private investigator; a few minutes on the computer or a couple of phone calls is all you usually need to do. I have found that www.whitepages.com is a great place to start; the reverse lookup feature allows you to verify names and addresses with phone numbers. I also use reverse lookups to find out the identity of people advertising litters in newspapers or on the internet, along with people who call and don't tell me their names. Caller ID is an invaluable tool for screening calls, especially if you activate the feature that does not allow private/blocked numbers to ring through. Internet search engines such as Google are a fast and easy way to find information; simply type in a name or other pertinent words and see

what comes up. For example, if you were to look up the name of that aforementioned commercial breeder, you would not only find a large number of internet ads for his puppies but the fact that he is an oft-quoted spokesperson for his state's puppy mill lobby!

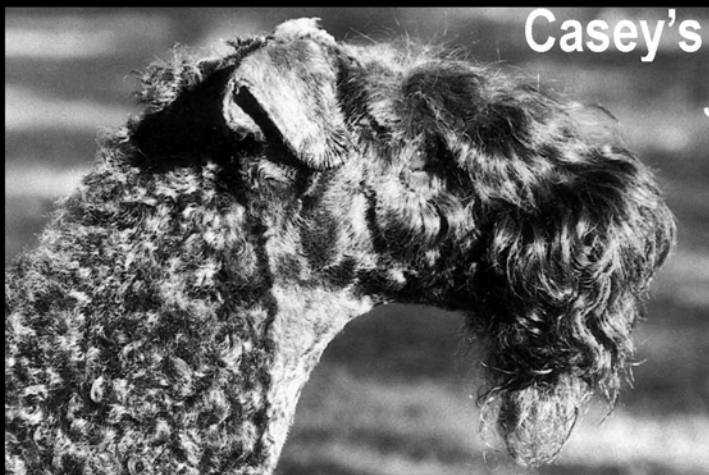

Contact anybody that potential buyers mention by name, particularly other breeders and dog people, and veterinarians—just because they say that person will vouch for them doesn't mean it's true. When I was doing breeder referral for the USKBTC, potential buyers frequently used my name as a reference when talking to breeders, in spite of the fact that I didn't know most of them past the initial phone call they had made to me, or, worse yet, wouldn't recommend to my worst enemy! One man in particular, who, like Dracula searching for his long-lost bride, seemed to be trying to locate the reincarnation of the apparently perfect Kerry he had owned years before, used my name and several others (along with the fact that his previous Kerry had been a champion) to convince a string of breeders to sell him dogs, all of which he found fault with and either returned, sold, or gave away within two months. The breeders who took the time to contact "Lisa Franklin" or any of those breeders he mentioned got an earful, but saved themselves a lot of time and heartache!

You can also make more general inquiries to other dog people who live in a potential buyer's area, particularly if the buyer lives in another part of the country or you know that there are other breeders with dogs available who are much nearer. It could be they want a dog from you because they like your particular dogs or are familiar with your name. Or, they could be contacting you because nobody closer will sell to them! Diplomatically worded postings to internet lists requesting private replies often yield useful information, or at least a reassurance that your prospective buyer is okay.

The last thing I always recommend is that the breeders themselves or a trusted friend or acquaintance check out a buyer's home before giving final approval to a sale, as well as to provide follow-up assistance. Usually this is fairly routine and simply verifies what the buyer has already told you, but occasionally there are some surprises. In particular, if a potential buyer acts offended and calls off a deal because you require a home visit (or a contract, or a limited registration), pat yourself on the back and consider yourself and your dog lucky!

--Lisa Frankland

Casey's Lavish Mischief, UDX

January 1990—May 2007

He was the smallest in the litter of eight, he had a curly tail, and he wore the lavender collar.

From the beginning, he had to push his way through the pile of bigger bodies to get a place at the milk bar. Sometimes he fell asleep before he was full.

From the beginning I watched him more closely and , O.K. I admit it, I carried him around some. Once in a while I let him nurse alone before the others awoke. I'd clap my hands and call softly to him, "Lav, come Lav", and he'd come running for the expected play or a hug. "Unless the right person comes along, " I told everyone, "I'm keeping this one."

Then one day a young woman called looking for a pup she could train in obedience. Lisa Frankland and her husband, Aaron, came that week to see the pups. I had a good feeling about them and brought Lav and another boy for them to play and visit with. I cannot now imagine a person more right for my special Lavender pup. Lav and Lisa were a great team and gained fame in the obedience ring. I gained a friendship that is priceless.

Someone once wrote: A long life is never long enough for those special dogs.

Rest in peace, Lav, you were truly special

First Mom,

Lois Croley

Kindergarten Puppy Training

By Margo Steinman

For my third installment on training I was intending to talk about formal obedience training, but instead I'd like to tell you about my experiences with Rowan, my now 15 week old puppy and KPT (Kindergarten puppy training).

This was my first experience with KPT. I am going to a large training facility near Seattle, WA, where the owners, Dana and Larry Babb have a training school, Paws-Ability. It is their full-time career, and they teach classes in all three levels of obedience; agility; conformation handling; KPT; and tricks for puppies. They also have a drill team, and participate in various events with their students.

The Babbs are experienced in training Kerries, as well as other terrier breeds, so I was eager to take Rowan there. The six week course is composed of six one hour classes, and we began at the second week, when Rowan was 10 weeks old, the minimum age a puppy can begin the class.

The class introduces puppies to the collar and lead, teaches them how to interact with other puppies (although the puppies are **not** taken off lead and allowed to mingle with each other), simple basic commands, how to get a puppy's attention, and how to correct unwanted behavior, such as jumping on people, barking, chewing, and messing in the house. The puppies become confident as they learn simple commands followed by food and praise.

Training is accomplished with food (cheese sticks are great motivators) and lots of praise. The exercises are all done on lead. I used a flat nylon buckle collar and a six foot leather obedience lead for all training. I will use a show lead only for conformation.

To teach the puppy to sit, with the puppy on lead in front of you, slowly raise your right hand, holding a small piece of cheese, above the puppy's head, and give the sit command. As the puppy raises its head up to get the cheese, it usually will sit. When it does, praise it and give it the cheese. For puppies that stand on their hind legs to get the treat, you can lightly press the curves behind the rear legs, and when the puppy sits, praise and treat it. Virtually all of the

pups learned this after two or three tries. When you raise your hand you are also giving the puppy a hand signal to sit. After the puppy knows the sit command, it has also learned to associate sitting with the hand signal (raising your right hand), as well as the food. At this point, don't treat every time you give the command, as the puppy will only sit for food.

For the down from a sitting position, hold some cheese in your right hand, lower your hand in front of the puppy's nose and move your hand forward on the floor while you are giving the down command. Most puppies will stretch their front legs in front of them as they follow the food, and gradually go down. If the puppy gets up, give it the sit command, move the food in front of it and give the down command, touching the back of its hind legs if it tries to stand. Praise and treat when it goes down. This is also done when the puppy is standing.

For the stand from the sit, hold the food in front of and at the same level as the pup's nose. Tell the puppy to stand and move the food forward in front of the puppy until it stands, then praise and treat. If you plan to show in conformation, use the stack command when the puppy is standing, and position it while baiting with the cheese. This should also be done on the grooming table, and I begin this at 4-5 weeks old.

All exercises are broken down into components. In between exercises, play with the puppy. The training session should be fun, showing the puppy what do and treating and praising when it does.

The goal of the three initial exercises is not to hold the puppy in position (the stay); that comes later, after the puppy has learned the three basic commands.

This type of basic training focuses the puppy's attention on its trainer, builds confidence in the puppy, and rapport between the puppy and trainer.

We saw a very informative video on aggression - how to recognize it in a litter and in an individual puppy, and how to deal with aggressive behavior in puppies and adults in the home.

Although Dana does not begin agility training until the puppy is at least one year old, we introduced the

(Continued from page 16)

puppies to some of the agility equipment. A round tabletop with a tennis ball under it was used to teach the puppies balance and how to use their fronts and rears. Weave poles were also used for the same purpose. The puppies also went through a tire, stepped over two low jumps and a series of pvc tubes, and got on a low pause table.

The puppies were taught to go through a tunnel by collapsing it so the puppy could step through it, and then gradually extending the tunnel so eventually the puppies were going the full length. This demonstrated how easy it is to train a puppy (or adult) doing an exercise in **gradual stages**. Most puppies and adult dogs would not even enter a long tunnel, but if the dog begins with a ring to step through, the tunnel can be gradually increased in length and the puppy will run through it happily, especially if you are waiting at the other end with food and praise! **This is a concept used in all dog training.**

KPT introduced Rowan to strange surroundings, people, and dogs, and was extremely helpful in teaching him basic commands. It will be a lot easier to move up to more formal training in obedience or conformation, and it is an essential tool in teaching a puppy how to adapt to its new, or existing, home.

A Word from Charitable Funds...

As many of you know the US Kerry Blue Charitable Fund was established in 2002. Its purpose was to serve the Kerry Blue Terrier in four important areas:

- 1) Rescue Fund** – this fund supports grants used to provide Kerry Blue Terrier rescue services.
- 2) Health and Genetics Fund** - this fund makes grants in support of research in areas of health and genetics of particular importance to the Kerry Blue Terrier.
- 3) Education Fund** – the education fund supports education of all those interested in the Kerry Blue Terrier including publications, websites, and seminars.
- 4) General Fund** – donations to this fund are used to support the work of the other funds through internal grants to those funds. Undesignated gifts will initially be held in this fund.

Since the Fund was established we have worked diligently to build the assets of the Funds while undertaking major support of the PNA Research being done at the University of Missouri. To date we have awarded over \$20,000 in grants to support Health and Genetics, Education, and Rescue. This is quite impressive, since our Fund is relatively new compared to other Parent Clubs whose equivalent organizations are often decades older than ours.

Our current objective is to continue to grow fund assets while undertaking occasional substantial support such as the PNA Grant. We believe the real key to long term growth will be planned giving that includes the Funds in the wills of our members. Other comparable organizations have used this method as the key to growing their assets. The reality is that we must grow our financial resources substantially in order to having a meaningful impact and that means it will take many years to be in a position to have a significant impact on our core areas.

You can help by considering making the Funds one of the recipients of your estate. In addition, support an area of interest today. We have grown our asset base through small gifts and that will be crucial to our future.

Feel free to contact any Board member for more information on how **you** can make a difference!

The CHIC DNA Repository is pleased to announce that it will be holding a DNA Collection Clinic at the 2007 Montgomery County Kennel Club show on Sunday, October 7.

DNA samples will be collected via buccal swabs and will be stored in the Veterinary Genetics Lab at the University of California–Davis. Approximately 4 swabs will be collected per dog. The sample collection process is quick and non-invasive and should not affect the dog's ability to compete at the show. All collection and storage costs for samples collected during this event will be underwritten by the OFA.

Pre-Registration is not required, although it is recommended and requested that owners complete the required paperwork ahead of time. Forms can be downloaded from the CHIC website at www.caninehealthinfo.org. Forms will also be available the day of the show.

The CHIC DNA Repository, jointly sponsored by the OFA and the AKC CHF, collects and stores canine DNA samples along with corresponding pedigree and phenotypic health information to facilitate canine health research.

AMERICAN KENNEL CLUB
CANINE HEALTH FOUNDATION

The United States Kerry Blue Terrier Club will be holding a silent auction at the upcoming Montgomery dinner meeting Oct. 2, 2007. The family of Dorothy and Paul Tilsworth has generously given all of their Kerry memorabilia to the Club's Charitable Funds for the purpose of raising money to benefit the Tilsworth memorial fund. All these items being auctioned off at dinner will be earmarked for the Tilsworth account in Charitable Funds.

There will be a number of Kerry items offered for this silent auction. As usual those present at dinner will be able to bid with a silent bid. For those Kerry enthusiasts who won't be able to attend the dinner auction we are accepting sealed bids by mail for each item. At the end of the evening's dinner events the final highest "in person silent bid" will be determined and will be compared to the highest "mailed-in sealed bid". (For example if the in-person highest ending bid is \$200, we will then open all mailed-in sealed bids for that item. After opening all the sealed bids the highest sealed bid over \$200 will be the winner.)

To view the items available please check the club's web site <http://uskbtc.com/> or check the photos below. Don't forget to get your bids to me by Sept. 29th in a double sealed envelop with the item listed on the outside and your maximum bid enclosed. If you have any questions please contact Barb Beuter at BBKERRY@aol.com or 513/8636230. We will accept all sealed bids received by Sept. 29, 2007. Please sent them to Barbara Beuter, 2458 Eastridge Dr., Hamilton, Ohio 45011. Happy bidding.

Anthony Lopez, Charles Redmon, Gigi Lorentz-Reiling, Tom Rogers, Susan Schneider, Carol Wert, Donald Wilde

Absent:

Lynn Duckett, Cynthia Damron-Hewlett

**Reading of the Minutes from the June 15, 2006
Board Meeting**

Minutes were previously approved by the Board and published in Blueprints.

Report of the Secretary

Charlie submitted a written report of correspondence sent and received during the past four months that included the USKBTC Membership Survey, USKBTC Herding Petition, Election Ballots, Annual Meeting Notice, and various communications with the AKC, USKBTC members and several all-breed and parent clubs.

Motion by Donald, Second by Anthony to accept the Secretary's report as submitted. Motion passed

Report of the Treasurer

Donald submitted a written report that reflected a balance of **\$28,629.63** in the club treasury as of 9/30/2006.

He advised the Board of the need to mail the Membership Renewal forms next month (November) to allow members ample time to respond.

Donald also agreed to work with the new treasurer through December in order to provide for a smooth transition into the next fiscal year. **The club now operates on a January thru December fiscal year.

Motion by Charlie, Second by Gigi to accept the Treasurer's report as submitted.

Motion passed.

Report of the AKC Delegate

Carl reported on the recent agreement between the AKC and Petland. He indicated that there was widespread disapproval of the agreement within the Delegate body.

Board members expressed their concern and disapproval of the agreement and requested Carl to convey such to the Delegate body.

Carl also informed the Board that all current AKC Board members will term limit in 2009.

Report of the Health & Genetics Committee

The Board discussed the current structure of the H&G committee and how it might be restructured to provide additional assistance to committee chairman Scott Kellogg.

Donald suggested that the committee be comprised of two sub committees. A "Veterinary Advisory Board" chaired by Scott Kellogg, comprised of Veterinary professionals (Veterinarians, Vet Techs, persons with medical/veterinary experience) and a "Health and Genetics Information Services" committee comprised by lay members of the USKBTC.

The Information Services group would be responsible for reporting on issues and information approved for release by the Vet Advisory Board as well as processing requests for information from club members.

Motion by Donald, Second by Anthony to approve the concept as presented.

Motion passed.

**** The Board appointed an ad-hoc committee comprised of Susan Dunivant and Donald Wilde to define the roles and responsibilities of the new committee.**

Report of the Judges Education Committee

Tom reported that Ann Katona has requested that a committee be appointed by the Board to assist her with the implementation of the Judges Mentoring program as mandated by the AKC scheduled for implemented sometime next year. She recommended Edie Brown and Charlie Redmon for consideration.

Charlie reported that as of September, Ann has conducted 5 Judges Education seminars this year.

He also informed the Board of her need for additional copies of the Illustrated Standard to provide to prospective judges at the seminars.

Donald suggested that the USKBTC make any necessary updates/revisions to the Illustrated Standard and reprint a suitable amount for this type of use. He also suggested that the revised version be placed on the USKBTC website in a "locked" PDF format for downloadable/printable use by members.

Motion by Donald, Second by Charlie to proceed with Donald's suggestions.

Motion passed.

****The Board approved Ann's request establishing a committee comprised of Anne Katona – Chair,**

How to interpret the OFA numbers:

- **KT** = is the breed code for Kerry Blue Terrier
- The next number is the ascending numerical identifier given to each animal within a breed evaluated as normal and given a number.
- Next OFA evaluation: E (Excellent), G (Good) & F (Fair)
- Next is the age in months when the testing was done.
- Then the sex of the dog.
- **PI** indicates that the dog has been permanently identified in the form of a microchip or tattoo. If the dog lacks a permanent id, it has **NOPI**

The USKBTC recommends that all breeding stock be CERF'd once a year and evaluated for Hip Dysplasia before being used for breeding.

COMMUNICATIONS

The USKBTC Communications Committee is a brand new committee dedicated to the purpose of educating the public about our wonderful breed in many different venues.

The Committee will be involved in producing Kerry Blue Terrier promotional material such as display banners and brochures. These will be available to members through the USKBTC for their individual use.

"Life with a Kerry..." is the first of our endeavors. These display banners measure 18" x 35" and are printed on indoor/outdoor vinyl in 2 colors. There are grommets in each corner for hooks and can be displayed side-by-side or under each other. They can be shipped to any member who wishes to use them. We ask that they be returned in a timely manner and undamaged. Please look for a notice on the USKBTC website as to when they are available.

The Committee welcomes suggestions and ideas from any club members at any time.

*Life with a Kerry
It's a Commitment!*

A Kerry Blue Terrier will stand out in a crowd with its distinctive scudding blaggy coat, silhouettes, and keen terrier attitude. Having a Kerry Blue Terrier is a lifetime commitment since this dog can live well past 12 years of age. Your commitment begins by finding a reputable breeder. This brochure should answer any questions and help with grooming, training and health issues. They should also provide AKC registration papers, both breeder and owner have the same agenda, and that is the well being of their Kerry. Look for reputable breeders through the AKC or the United States Kerry Blue Terrier Club. Breeders in good standing are listed on the website.

 **United States Kerry Blue Terrier Club**
The official breed club recognized by the AKC • www.uskbtc.com

*Life with a Kerry
It's a Friendship!*

Living with a Kerry Blue Terrier should be a partnership based on love, respect and trust. A Kerry Blue Terrier's natural intelligence, mischievous wit and determination will blossom with proper training, grooming and a structured caring environment. Terriers are not for everybody. Terriers often display their competitiveness around other dogs. It takes a person with a gentle but firm hand and a healthy respect towards the dog to realize a Kerry for himself in the household. In return a Kerry will be a loyal loving companion.

 **United States Kerry Blue Terrier Club**
The official breed club recognized by the AKC • www.uskbtc.com

*Life with a Kerry
It's a Blast!*

Originally used to defend as an all around farm dog, a Kerry Blue Terrier's natural instincts and energy suit him well for a variety of "jobs", such as conformation, agility, obedience, herding, and family activities. A happy Kerry is one who gets plenty of exercise on a daily basis. A breed in good will keep your Kerry safe from his natural predator tendencies around squirrels and the like and will allow him to run and play. A Kerry shines on human companionship, and loves to be in a house where he is part of the family.

 **United States Kerry Blue Terrier Club**
The official breed club recognized by the AKC • www.uskbtc.com

2007 Montgomery Trophy Fund Drive!

Help pay for over 80 trophies and 100 rosettes for our specialty weekend. E-MAIL your name, address, phone number and pledge amount to scotkell@aol.com or SEND your check, made payable to USKBTC, to: Scott Kellogg, 3636 S. Mountain Rd., Knoxville, MD 21758.

NEW PLEDGE OPTION

Consider sponsoring a trophy! We're planning on offering a piece of Irish crystal with a hand-engraved Kerry Blue Terrier head for first place winners of the 6-9, 9-12, 12-18, BBX, AmBred, and Open classes. This will be a **DEDICATION** sponsorship--you may dedicate your donation to a favorite Kerry or Kerry person, living or deceased. Acknowledgements will be made in the Montgomery catalogue and in Blueprints. Sponsorship is \$100.00 per class. Please email your pledge to scotkell@aol.com, with your name, phone number, address, and dedication. **Deadline is September 1, 2007, or until the twelve sponsorships are filled.**

Montgomery Trophy Fund Raffle!

- **First prize: quilted wall hanging entitled "Bad Ear Days" donated by Billie Kneale Kellogg**
- **Second Prize: a piece of Irish crystal with a hand-etched Kerry Blue Terrier head**

Ticket Prices:

**\$2.00 each;
6 for \$10.00;
15 for \$20.00;
50 for \$50.00**

Make checks payable to USKBTC. Ticket orders by mail must be received by October 1st.

Tickets may also be purchased at the annual dinner, at the Futurity, or the morning of the national specialty.

You need not be present to win.

Responsible Dog Ownership Day

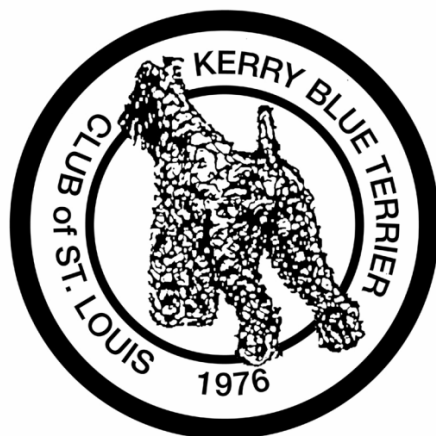

In September, organizations all around the country will be celebrating AKC® Responsible Dog Ownership Day. These events give us a wonderful opportunity to present our dogs in a very positive way to the communities in which we live and work. In view of the numerous pieces of negative dog legislation throughout the country, these celebrations are a terrific way to demonstrate to the public that many dog owners are indeed conscientious. For a list of events searchable by state, visit the AKC website at <http://www.akc.org/clubs/rdod/events/>. Below, you will find just a few of the many ways we can all be responsible, dog owning members of our communities. These examples were taken from the list posted at http://www.akc.org/public_education/responsible_dog_owner.cfm#breed, and are condensed for publication here.

- Recognize the commitment.**
- Evaluate your lifestyle.**
- Consider an older dog.**
- Register your dog.**
- Prepare yourself.**
- Dog-Proof Your Home.**
- Set a containment policy.**
- Get a collar.**
- Buy some toys.**
- Find a veterinarian.**
- Let your dog adjust.**
- Housetrain.**
- Set house rules.**
- Feed a good diet.**
- Exercise.**
- Vaccinate.**
- Prevent disease.**
- Provide chew toys.**
- Bathe your dog.**
- Groom your dog.**
- Clip those nails.**
- Clean those teeth.**
- Prevent obesity.**
- Know your breed's health risks.**
- Be alert to changing needs.**
- End suffering.**
- I.D. your dog.**
- Consider microchips or tattoos.**
- Provide shelter.**
- Watch the heat.**
- Travel safely.**
- Find a pet-sitter or boarding kennel.**
- Prepare for disaster.**

- Establish an emergency contact.**
- Make a will.**
- Take pictures.**
- Play.**
- Go on walks.**
- Talk to your dog.**
- Love your dog.**
- Switch out toys.**
- Give your time.**
- Leave the radio on.**
- Give a massage.**
- Make that tail wag.**
- Go on trips.**
- Ease separation anxiety.**
- Be the alpha.**
- Teach basic commands.**
- Socialize your dog.**
- Supervise play with children.**

USKBTC ANNUAL MEETING & DINNER

Friday, October 5th 2007

**Fisher's Tudor House
1858 Street Road
Bensalem, Pennsylvania
(Exit 29 From I-276 or Exit 25 From I-95)
(215) 244-9777**

The United States Kerry Blue Terrier Club cordially invites you to its Annual Membership Meeting and Dinner on Friday evening, **October 5, 2007**.

Please join us for an evening filled with fun, food and excitement, as we renew old acquaintances and make new ones, while catching up on the latest news and events.

Participate in the terrific auctions and raffles held during the evening to benefit the USKBTC and the USKTBT Charitable Funds. Your contribution of items for the dollar raffle will be most welcome and greatly appreciated!

**Festivities begin at 5:30 pm with the Annual Membership Meeting,
followed at 7:00 pm by a Cash Bar and the Annual Dinner.**

This year's menu will feature the following entrée selections:

ROAST PRIME RIB OF BEEF Au Jus

CHICKEN MARSALA sautéed with Mushroom Caps & Marsala Wine Sauce

BROILED FRESH SALMON with Dill Sauce

All Entrees are complemented with:

Soup du Jour or Freshly Tossed Salad Greens with Dressing

Red Bliss Potatoes & Tender Whole Green Beans

French Vanilla Fudge Ice Cream

Coffee, Tea, or Soda

Cost is \$30.00 per person.

Reservations are requested by **Monday, September 24, 2007**.

Please mail your reservation with entrée selection and check payable to USKBTC to:

**Carl or Jaimie Ashby
102 Manchester Place
Greensboro, NC 27410**

Questions? Telephone **(336) 292-9060 ext 0** or e-mail jaimie@anncrithmk.com

Hope to See You There!

USKBTC Lodging Montgomery Week 2007

The USKBTC has reserved a block of rooms for members and friends of the Club needing accommodations during Montgomery Week.

Room availability is limited, so please make your reservations as soon as possible, and no later than **Monday, September 4, 2007**.

Red Roof Inn - Group Reservation # B185000843
3100 Lincoln Highway
Treose, Pennsylvania 19053
Telephone (215) 244-9422

Group rates (based on double occupancy) plus 9% tax:

Room w/1 king-size bed: \$104.99/night, Wednesday-Saturday (Oct.3-7)

Room w/ 2 double beds: \$104.99/night, Wednesday-Saturday (Oct.3-7)

Call **800-733-7663** to reserve rooms in the USKBTC block. Remember to use our group reservation number: **B185000843**.

***** Reservations are requested by Monday, September 3, 2007 *****

Questions?

Contact Charlie Redmon at (859) 271-5710 or e-mail **ALAINNKBT@INSIGHTBB.COM**

USKBTC Microchip Clinic

At the Futurity, Saturday October 6 2007, from 11-4

We will have two types of microchips available for implantation:

-Home Again--\$10 (registration extra)

-the new AKC Companion Animal Recovery chips with prepaid registration--\$15

These are the prices for Kerry Blue Terriers; other breeds are welcome but will be charged an additional \$5/chip to defray the cost to the Club.

Pre-registration is not required, but to ensure we will have enough microchips on hand please contact Lisa Frankland at (505) 332-3251, e-mail lisaf42@comcast.net, and let her know how many dogs you plan to bring and what kind of chips you prefer. We can also ship them to USKBTC members for Kerries who will not be at the Futurity.

Be hip...microchip!

MONTGOMERY WEEKEND DIRECTIONS:

PLEASE NOTE: exit numbers on I-276 and I-95 have changed.

HATBORO SHOW:

From PA Turnpike (I-276) East or West: Exit 343:

Take Route 611 North to Route 202 North. Follow Route 202 North to Route 413 South. Follow Route 413 South to Penn's Park Road. Turn Right on Penn's Park Road. Middletown Grange Fairgrounds is located on your left.

From PA Turnpike (I-276) East or West: Exit 351:

#1 Option: Stay to the left after toll booth onto Route 1 North (stay on Route 1 North –NOT Business Route 1) to I-95 North. Take I-95 North to Exit 49. Take Route 332 West for 3 miles to Route 413 North. Follow Route 413 North 5 miles to Penn's Park Road. Turn Left on Penn's Park Road. The Middletown Grange Fairgrounds are on the left.

#2 Option: Stay to the left after toll booth onto Route 1 North. Exit Route 1 at Route 413 North. Follow Route 413 North through Langhorne past Saint Mary Hospital. Continue to follow signs for Route 413 North (you will make a left at a major intersection to stay on Route 413 North). Stay on Route 413 North and you will pass intersections for Route 532 and then Route 332. Approximately 1/2 mile after the Route 332 intersection you will make a right to continue on Route 413 North. After approximately another 1/2 mile make a left to continue on Route 413 North (Durham Road). Go approximately 3-4 miles and make left onto Penn's Park Road to show site on left.

Leave Early; Arrive Early to Avoid Back-Ups At The Gate. Allow Extra Travel Time due To Heavy Local Rush Hour Traffic and Construction. No "Dog Show" Signs Will Be Posted By Local Ordinances.

DEVON SHOW:

From Exit 312 PA Turnpike (I-276) Downingtown. Route 100 North to Ludwigs Corner show site on left after you cross Route 401. Allow 60 minutes for travel.

FUTURITY and BOUTIQUE:

NEW LOCATION - This event will take place at the HATBORO SHOW site.

MONTGOMERY COUNTY SHOW:

From Exit 339 PA Turnpike (I-276). Route 309 North to Norristown Road/Springhouse Exit. Make left at light at end of exit ramp onto Sumneytown Pike (towards Springhouse). Cross Bethlehem Pike (3rd light) and continue straight past Gwynedd Mercy College to Route 202. Turn left taking Route 202 south. The show site will be on your left.

FISHER'S TUDOR HOUSE

1858 Street Road

Bensalem, PA

(215) 244-9777

USKBTC Annual Meeting and Dinner Location

***Note:** There is plenty of parking across the street for motorhomes.

From PA Turnpike: Exit 351 I-276; take Route 1 South to Street Rd. (Street Rd. is also Rt. 132) Go east on Street Rd. Fisher's Tudor House will be on the right at 1858 Street Road. (corner of Street Rd. & Hulmeville Rd.)

From I-95: Exit 37; take Street Rd. (Route 132) west to intersection of Street Rd. & Hulmeville Rd. the restaurant will be on your left.

Agility Trials And Combined Obedience Specialty

From PA Turnpike:

Exit at Downingtown (Exit 312). Go south (left) on Rt.100.

Turn left (north) on Rt.113.

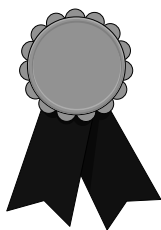

Follow Rt.113 North approximately 7 miles toward Phoenixville. Site is on the left. The Bingo Building is the first building on the right.

From Lionville:

Rt.113 North toward Phoenixville. The Bingo Building is the first building on the right.

jahawk85@sbcglobal.net

**COME JOIN US FOR A WONDERFUL WEEKEND OF SHOWS IN
BEAUTIFUL SUNNY NORTHERN CALIFORNIA!!!**

United States Kerry Blue Terrier Club Versatility Awards

The mission of this awards program is to recognize the versatility of the Kerry Blue Terrier and recognize United States Kerry Blue Terrier members and their dogs upon achieving titles in more than one discipline of competition. Current USKBTC membership is necessary to be eligible for this awards program.

List of Disciplines eligible for awards:

AKC Agility Title

AKC Conformation Title

Earth Dog/Hunting Title: Hunting Certificate (HC) awarded by American Working Terrier Association*

Fly Ball Title: Flyball Dog Champion (FDCH) awarded by the North American Flyball Association*

Herding Trial Dog Title: AKC Herding Tested (HT) or Pre-Trial Tested (PT) or Herding Capability Title (HCT) awarded by American Herding Breeds Association

AKC Obedience Title (CD or higher, RA (Rally Advanced) or higher)

AKC Tracking Title

**AKC title will be eligible when approved*

Eligible dogs will be submitted for award(s) by owner(s) in the following manner: Properly filled in application including:

Enclosure of a photocopy of earned titles as required

Enclosure of comments or brief biography of dog's accomplishments which will be published in the Blueprints (subject to editing) along with award presented, including name of owner(s) and breeder(s). Photos may be sent by owner for inclusion in the awards issue of Blueprints printed subject to room available.

Award applications will be accepted within the following fiscal year time period: July 31 to July 31. Members will submit applications during this time period. Those applications received after this time period will be held over for the next year for qualification and presentation. Award presentation will be made at the Annual General Meeting in October (Montgomery County). Awards not presented at the AGM will be mailed to recipients.

ACTUAL AWARD: The award will be a certificate suitable for framing signed by the president of the club and Versatility committee representative to include the following information:

The name: **United States Kerry Blue Terrier Club Versatility Award**

The name of the Award tier (see below)

The registered name of the dog (with all titles, as the owner wishes it to appear on award)

The name of the owner(s) of record (at least ONE owner must be a current USKBTC member)

The date the Award is presented

ONE certificate will be presented per dog for each award tier.

A keepsake memento commemorating the award will be awarded at the club's discretion.

Award tier structure is as follows:

The Bronze Award is presented to the Kerry Blue Terrier earning titles in two different disciplines.

The Silver Award is presented to the Kerry Blue Terrier earning titles in three different disciplines

The Gold Award is presented to the Kerry Blue Terrier earning titles in four different disciplines

The Platinum Award is presented to the Kerry Blue Terrier earning titles in five different disciplines

The Emerald Award is presented to the Kerry Blue Terrier earning titles in six different disciplines

The Diamond Award is presented to the Kerry Blue Terrier earning titles in seven different disciplines

*** Please Note: Canine Good Citizen (CGC) Temperament Testing (TT) and Therapy Dog Test (TDI) along with other temperament test certifications are not considered competitive titles. Therefore they do not qualify as eligible disciplines for these awards. These titles may be included in the dog's name as stated on Award should the owner wish them. The owner is responsible for submitting the dog's name as it should appear on the award.**

NOTE: Accomplishing any of these disciplines may take more than one fiscal year to achieve. Therefore the applicant may submit an application along with proof of awards at any time in the dog's competitive life provided that he/she submit the application by the prescribed fiscal year deadline to qualify for that year's award presentations. A separate award and certificate will be awarded for each additional discipline tier achieved no matter what time frame is required to achieve that award. Example: Dog A is already a Ch., CDX, TD. Therefore he will immediately qualify under (3) disciplines (conformation, obedience, tracking) making the dog eligible to receive (2) awards (Bronze and Silver) from the club.

SPECIAL NOTE: To recognize those members who have achieved multiple disciplines in the past with their dogs, awards will be offered to eligible title holders (with proper application and proof of title) retroactive back to and including the year 1995. All titles (as listed above) earned are eligible for tier qualification provided that dog has earned at least ONE discipline title after 1995.

USKBTC Versatility Awards Application

Registered name of dog:

Owner(s) **NOTE:** At least ONE must be a CURRENT **USKBTC** member:

Address: _____

Phone # _____ Email _____

Breeder(s) _____

The above named Kerry Blue Terrier earned following discipline title(s):

Discipline	Title(s) Earned
Agility (AKC)	
Conformation (AKC)	
Earth/Hunting Dog (AWTA HC)	
Flyball Dog (NAFA FDCH)	
Herding Dog (AKC HT or PT or AHBA HCT)	
Obedience (AKC)	
Tracking (AKC)	

Have you enclosed photocopies of earned titles as required? _____

Have you enclosed comments telling us something about your dog? _____ The club would like to include comments (subject to editing) along with photos (as space allows) in Blueprints honoring our awardees.

The Bronze Award is presented to the Kerry Blue Terrier earning titles in two different disciplines

The Silver Award is presented to the Kerry Blue Terrier earning titles in three different disciplines

The Gold Award is presented to the Kerry Blue Terrier earning titles in four different disciplines

The Platinum Award is presented to the Kerry Blue Terrier earning titles in five different disciplines

The Emerald Award is presented to the Kerry Blue Terrier earning titles in six different disciplines

The Diamond Award is presented to the Kerry Blue Terrier earning titles in seven different disciplines

Note: CGC, TDI, TT are not considered competitive discipline titles and are not eligible for this award program. The club applauds any dog earning these titles and will be happy to include them in your dog's name on the award.

Mail Applications To:

Susan Dunivant, 1615 Briar Lake Circle, Winston-Salem, NC 27103 336-765-4314 elfloch@aol.com

All applications and photocopy proof of eligibility must be received by July 31

(Continued from page 33) Board Minutes

Eddie Brown and Charlie Redmon – members.

Report by the Judges Selection Committee

Gigi reported that all USKBTC event judges for 2007 are under contract as well as the 2008 Montgomery specialty judge, John Weatherhead from Ireland.

She recommended that the 2008 Traveling Specialty judge be selected from the current pool approved by the membership and reported that the new Judge Selection ballot would be sent to USKBTC members in early 2007.

Report by the Membership Committee

After discussion related to the USKBTC membership application process the Board appointed a committee comprised of Jann Lane, Susan Schneider, and Lisa Frankland to review, with Bob Nazak, the current membership application/process and make recommendations as to any changes or modifications they deem necessary.

Report by the Rescue Committee

Lisa provided the Board with a draft of the committee's recommendations for modifying current USKBTC Rescue policies and procedures.

She explained that under the proposed policy Chapter Club's will bear greater responsibility for rescuing and placement of dogs in their area. Additionally, members will be required to comply with the USKBTC Code of Ethics in regards to assuming responsibility for the dogs they produce.

The policy reflects the Boards decision to no longer participate in puppy mill auctions. This is in keeping with AKC recommendations for Parent club rescue.

The Board requested the committee submit a copy of current USKBTC Rescue policies reflecting the recommended changes with strike through and additions for review and comment prior to approval and implementation.

Report of the Events Committee

Jann provided the Board with a progress report on plans for the 2007 Traveling Specialty hosted by the Kerry Blue Terrier Club of Southern California.

She informed the Board that a change was made in the date and location for the show. The Traveling will be held on Saturday, June 23 at Cal State Long Beach.

**** Barb Beuter moved to change the order of business to facilitate the nomination and election of officers.**

Election of Officers

The following slate was nominated for office:

President-Tom Rogers

Vic President-Anthony Lopez

Secretary-Charlie Redmon

Treasurer-Carl Ashby

****Susan Schneider will assist Carl with sending/processing the Membership Renewal forms and Jann Lane will assist Charlie with recording of votes and the meeting minutes.**

Motion by Barb, second by Tom to accept the slate as nominated.

Motion passed.

Report by the Awards Committee

Susan reported that the Versatility Awards were ready for presentation at the annual meeting.

Report on the Website

Bill Kearney reported on the results of the membership survey and provided information related to the USKBTC pedigree database.

Report of the President

Tom provided the Board with an update on correspondence he has received since the last meeting.

Report from the Charitable Funds Board of Directors

Tom provided the Board with a financial report/statement for USKBTC Charitable Funds that reflected a balance of **\$22,786.51** as of 9/30/2006.

Unfinished Business

Gigi reported that the USKBTC is now participating in the Purina Parent Club Partnership Program.

Participation in the program will facilitate additional funding for H&G research projects thru the Canine Health Foundation's donor advised fund.

Details of the program will be printed in the next issue of Blueprints.

New Business

Election (Moved in the order of business. See above)

Motion by Anthony, Second by Susan to adjourn.

Motion passed

Meeting Adjourned @ 11:10 pm

Next Board Meeting: Date, Time and Location: TBA

Please fill-in and submit this inventory with your items to be sold at the boutique; it will be used to check you out when the boutique closes and to calculate the payment you will receive. Use as many forms as you need. Please type or print clearly.

 For more information about participating in the boutique, please contact Susan Dunivant at elffloch@aol.com or Jaimie Ashby at jaimie@annncrithnk.com.

Note that your check may be cashed prior to your being elected to membership. This does not automatically elect you to membership. If for any reason, you are not elected to membership, your application fee will be refunded.

**THE UNITED STATES KERRY BLUE TERRIER CLUB
CODE OF ETHICS**

This document defines the ethical standards to which we ascribe as a condition of membership in the United States Kerry Blue Terrier Club (USKBTC). Membership is a privilege conferred by the Board of Governors, acting for the Membership, upon those individuals who meet the high standards set forth in the Club Constitution and Bylaws and this Code. As members, we are individually charged with complying with this code and demanding similar compliance of all other members. We must hold the interest of the Kerry Blue Terrier superior to our own in exercising the responsibilities that accompany the privileges of membership.

I. RESPONSIBILITIES AS A MEMBER

- Members of the USKBTC, as Stewards to the breed, have the obligation to protect and serve the best interests of the Kerry Blue Terrier at all times. A member's every action should reflect credit on themselves, the USKBTC and, above all, the Kerry Blue Terrier.
- The approved standard for the breed is the fundamental imperative guiding our actions. Members have the obligation to protect and serve these standards as a condition of membership.
- Members must be familiar with and comply with the rules of the American Kennel Club (AKC); the Constitution and By-laws of the USKBTC; and (as appropriate) the rules established by any member club of the USKBTC.
- Members will observe the highest standards of conduct and sportsmanship at all times. Whether as a breeder, exhibitor, or spectator, they shall conduct themselves in a manner that reflects positively on the Kerry Blue Terrier, dogs in general, and the sport of showing dogs.

- Members shall maintain the highest standards of health and sanitation for their own Kerry Blue Terriers, as well as for any other animals in their possession or entrusted to their care. They shall demand the same high standards of others, members and non-members alike.

II. RESPONSIBILITIES AS A BREEDER

A Breeder shall:

- Be guided at all times by the approved standard for the Kerry Blue Terrier and shall consider breeding only those specimens that conform to the standard.
- When contemplating breeding a litter or providing the services of a stud dog, strive toward maintaining breed type and producing dogs of exceptional quality, temperament, and condition. Breeding or supporting breeding to a lesser standard is not acceptable.
- Use for breeding only those dogs that are healthy and free from serious congenital and hereditary defects. Refrain from further use, any bitch or stud dog that has developed such a health problem or produced any serious inherited defects detrimental to the offspring and the overall well being of the breed.
- Not use a bitch for breeding prior to reaching eighteen (18) months of age (preferably 24 months) or older than eight (8) years of age. A bitch should not be bred more than two (2) out of three (3) consecutive heat cycles, nor produce more than five (5) litters in her lifetime. Recognizing the variations in heat cycles and sizes of litters, valid exceptions may exist, however it is incumbent on the breeder to exercise good judgment in exercising such exceptions.
- Not sell puppies to pet shops either outright or on consignment; supply puppies for auctions, raffles, or other such activities; refrain from selling to persons whose intention (either known or suspected) is to resell or use the puppy in a breeding program not complying with this code of ethics. The breeder shall ensure that the prospective buyer is prepared to provide the same degree of care required of members of the USKBTC. The Code of Ethics should be provided and discussed with potential buyers as part of a thorough screening process. All buyers should be encouraged to become members of the USKBTC and member clubs.
- Promptly apply for AKC registration of the litter. Puppies should not be sold prior to reaching ten (10) weeks of age (preferably 12 weeks). The sale of every dog shall include a signed registration or registration application (Blue Slip), and a four-generation pedigree. Any exceptions to these requirements, or valid restrictions or limitations imposed as conditions to the sale (e.g., no breeding) must be agreed to in writing by both parties at the time of sale. It is strongly recommended that a written agreement accompany all sales. Buyers should be provided with assistance and support in the setting of ears and in learning proper grooming. If the buyer is not located in the same area, the breeder should make arrangements with another USKBTC member in that area to assist the new owner.
- Provide with each sale, a record of dated and types of immunization given, immunizations required, and veterinary health records. Instructions should be provided, preferably in writing, on diseases and hereditary factors related to the breed, proper medical care, feeding, and grooming. Providing a copy of the current USKBTC Handbook represents a means of conveying this type of information, and is a sound investment on the part of the breeder. No puppy should be sold without either temporary or permanent protection against distemper-hepatitis and parvo. Puppies should have a veterinary examination, and worming if required, before sale.
- Maintain accurate and complete records of stock, matings, pedigrees, show records, and transfers. Breeders are responsible for conducting research on their pedigrees to ensure correct ancestry, accurate spelling of names, and correct registration numbers. Breeders should be familiar with and comply with all record keeping requirements required by the AKC. Litter registration applications must be correct and promptly requested. Individual puppy registration should be completed in a timely manner.
- Shall not engage in false or misleading advertising or other misrepresentations with respect to their own breeding. They shall not malign others by making false or misleading statements regarding another member's dogs, breeding practices, or person. Advertising should not be worded to attract undesirable buyers nor encourage raising dogs for profit.
- Consider the growing problems related to excess dogs ending up in animal shelters and should exercise sound judgment and prudent restraint in their breeding programs. Litters should be limited to numbers that are consistent with achieving a sound breeding program and the best interests of the Kerry Blue Terrier.
- **Be prepared to assume lifetime responsibility for any litter produced.**

III. RESPONSIBILITIES AS AN EXHIBITOR OR HANDLER

- Act professionally at all times in caring for and exhibiting any dog in your charge.
- Do not engage in any questionable contact with judges prior to exhibiting under them.
- Comply with AKC Rules and Regulations for Dog Shows, Obedience Trials, Field Trials, and The Guidelines for Dog Show Judges.
- Exhibit or handle only those dogs that conform as closely as possible to the approved standard.
- Do not indulge in the practice of making "kennel majors", or exhibiting filler dogs that they know themselves to be unworthy of championships, for the purpose of finishing dogs. Such practices lessen the meaning and value of a championship and do not serve the breed.

IV. ENFORCEMENT

- The USKBTC expects adherence to this Code of Ethics and blatant disregard of these standards will not be condoned. Violations of the standards are not in the best interests of the Club or the breed. Such behavior can serve as a cause of imposing discipline or terminating membership if charges are brought before the Board of Governors in accordance with the procedures as defined in Article VI (Discipline) of the USKBTC Constitution and Bylaws.
- Article VI addresses the specific procedures for proffering charges; the hearing process; and the rights of the parties involved. Each member is expected to be fully familiar with this very important provision of the By-laws.
