KERRIES IN THE PAST YEAR

By FLOYDE L. PIERCE

The Kerry Blue Terrier Club of Southern California has had a very successful year under the able leadership of our president and board members. The committees were well distributed among the members of the club who performed their individual duties admirably.

Some of the highlights accomplished were: AKC approval of our constitution; the two puppy futurities at Griffith Park and Long Beach where \$100.00 in cash prizes was distributed at each show together with trophies and ribbons; the specialty at Long Beach where 46 Kerries were entered. We also won the benching rosette for best benching in show, a wonderful win. This was really a work of art; a replica of a Kerry Blue Terrier in blue with a white background all done in flowers—shown on television and quite the sensation of the show.

At our monthly meetings several interesting and educational features were: moving pictures of eastern dog shows and puppy training; a talk by Dr. R. B. Howland, veterinarian, on "Aids and diseases of dogs"; a forum, open discussion, questions and answers on breeding; a demonstration of proper care and grooming of Kerries and how to properly show a Terrier. All of the above mentioned activities helped to create interest for not only our 19 new

members but the old members as well.

The two big social events of the club will long be remembered. A patio party preceding the Long Beach specialty, for members and their guests; and our Christmas party for members only. The hosts who opened up their homes and sponsored the parties are to be congratulated for the spirit and warm hospitality which they exhibited. We of the Kerry Blue Terrier Club of Southern California are proud of our record.

Breezechurst Ballybucknole (R. Robinson, York)

BREEZECURST BALLYBUCKNOLE is by Breezechurst Blackbird ex Breezechurst Ballybucknole, has not been shown this year, as he nearly died of distemper and pneumonia last winter and does not like to show. (But before that he was won very Mr. Mrs. Dunlop will soon be showing him again at Conchery, and as he is now very well recovered from the disease, he will be shown at Conchery and at other places in Ireland and in the States, and he was second in open at Dublin and Mrs. Ch. Certificate.

They have been very kind all the year, so to replace the French Mrs. Dunlop has bought the Irish Green Star winner, Andrew Talbot, which, on arrival, promptly won first and second at Richmond, and is now leaving a lovely blue by the Green, by Black Prince of the Green, which won the Man of the Year at the Kennel Club. She has been mated to Breezechurst Ballybucknole, so there will be plenty of young stock for sale to meet the demand Mrs. Dunlop expects in the Spring.

Anyone interested in Terriers is always welcome at any time, and Mrs. Dunlop is only too pleased to give any help needed to new owners into the breed.

At San Diego we hear that Joe Urnston's Kerry, Ch. Kearnach Faltha, was best of breed and first in the group. Second to a Welsh from the classes and we apologize for not getting the name. Third to Mrs. Barton Scott's Scottie, Scottbart's Sparkler. Fourth to May Pridham's Airedale, Ch. Sierradale Squaw. Winners bitch and best of winners in Kerries to Phyllis Froggatt's Sweet N' Hot. Winners dog to Anne Blube's Kerryland's Cavalier.

Up to Bakersfield in February to see Gordon Campbell's Scottie, Ch. Trevoate Tartar of Bothkenmar add another group to his collection. Second was Charles March's Airedale, Ch. Airdine Supreme. Third to Mrs. M. W. Romhaugh's Wire, Int, Ch. Marquis of Ar-Far. Fourth to Milo Hansen's Night Express of Valgo.

Owing to the illness of the assigned judge, Mr. G. A. Boggs of San Francisco did many of the Terrier breeds. I believe this was his first assignment, but we hope it will not be the last. We commend him not only for his thoughtful

A PAGE OF KERRY BLUES,

The Property of Mrs. HEANE FRANKS,
"Waterside" Kennels,
Drayton St. Leonard, Wallingford,
Berks.

CH. NORA JACOBIN.
Sire of over fifty-five winners.

THIS famous kennel, despite a terrible outbreak of distemper in the early summer, has again had a most successful year both in the show ring and in the courts of law.

In addition to her own dogs, Mrs. Heane Franks has won an extraordinary number of early for her numerous clients. Among the winners need not say be men-

tioned to success from these kennels during the year.

Ch. Nora Jacobin still holds pride of place among the Kerries, but this great dog has not been shown as much as Mrs. Franks could have wished. He has had to stay at home to make room for some of the clients' lovely dogs, which appear more or less to all the Waterside dogs.

An equally solid, Waterside Triple Blue, who won at many points, has been exported to Mrs. Owen Harvey Jones, of Lake Forest, but hardly before he left England he had won some good stock which are now making their way in the show ring. Another great winner from these kennels is now "the betting point" was Waterside Poisoned Arrow. This bitch was purchased by the charming and well-known Miss Jane Elliott, of New York City, who, I understand, is bringing her old love the Chase and taking up the Kerry Blue Terrier. These are only two amongst many that have been sent abroad this year.

Amongst the blood bladders at Waterside I especially admired Warrington Blue Banner, a worthy daughter of Jacobin; Joan or Marston, another from the same sire, Warrington Wray Lark, and Sylvia or Warrington, by Dandy Boy of Masha out of Ch. Remembrance of Masha.

I also saw many puppies from these aristocratic ladies, sired by W. Triple Blue and Jacobin, but with ordinary luck will make future history.

A new breeder in Rose Bay or Boston, purchased by Mrs. Franks from Mr. W. J. J. Slater. He has shown to take the place of the established Triple Blue. This little dog is perhaps one of the most typical of his breed as the show book at the present moment. He has the smallest and sweetest of eyes, with the true

CH. NORA JACOBIN.

and in his own month's gallop in the show ring had won many prizes and medals.

In speaking of Ch. Nora Jacobin, I cannot do better than quote Mr. Heddon Buckley's words. After judging this Terrier at Chatterbox, he wrote in *Our Dogs*: "Jacobin looked a positive treat, and most Terrier hunters will subscribe to the notion that, her

tioned Ch. Festive Bells, Waterside Veto-Veto, Blue Peter of Blanche, Bona of Blanche, Harry Bells, Waterside Bells, Bona of Blanche, Blue Terrier of Blanche, The Redoubt, Tommy Bells of Blanche, and many others. Also the Irish Terrier Paddy of Blanche, Redoubt Boy, and Blanche Nipper have all

Terrier expression as hard to get. His coat is as soft as silk, and is a lovely grey blue. He possesses great bone, heavily shaggy, a long slender neck, a short but not powerful head and jaw; above all, he is in the most ideal. He is winner of twenty-five first prizes, but lately he has been suffering from the penalty of being overvalued by being kept at home till he has outgrown. When he is put down with the Waterside blood, we predict a future for him. He comes by his side Dandy Boy of Masha, and his dam is Helen Bells of Masha, both big winners.

Although the Kerries during this year have been taken up most of Mrs. Franks' time, I am glad to say the lady has not altogether forgotten their redoubt cousin, the show-bred Ch. Warrington Banner having secured a nice little packet of the "reds," as many a young man knows to its cost. This Terrier is still looking as well as ever, which his children are doing well and following in father's footsteps, notably the splendid specimen Ward Bitter, lately purchased by Mrs. Franks for Mr. Foxton. This youngster, he near of the best judges, is already spoken of in the highest terms.

As previously mentioned, distemper visited these kennels with dire results. Amongst victims puppies that succumbed were Waterside Veto-Veto, Waterside Banners Double, The Crack of Waterside, Jay of Waterside, all dying within a period of twenty-four hours. W. Bells was the last puppy that Ch. Nora Jacobin had sired, and was purchased by Mr. Mitchell, of Columbia, but died a week before his new owner had taken delivery. He was seven months old.

a little creature, nothing better has ever been bred." Captain and Mrs. Heane Franks are always delighted to show their dogs to visitors, and I can promise that they will not be disappointed in the Kerries and the Irish Dogs that they will be asked to look at.

The Earl of Kenmare's Noted

Kerry Blue Terriers

KENMARE PEGGY.

CH. KENMARE NORAH.

CH. KENMARE REBEL.

THE EARL OF KENMARE has sedulously done much to improve the Kerry Blue Terrier in England, and has imported some beautiful specimens, supported all the principal shows, and given valuable support to the Kerry Blue Terrier Club of England.

A glance at the photos on this page will give some idea of the quality that is lost in this breed. Although Lord Kenmare has only been showing Kerry Blues for a short time, there is no doubt his Terriers have won more challenge certificates by far than Terriers from any other Kerry Blue kennel.

I think the best champion his Lordship owned was KENMARE MULLA, who previously won the board, winning eleven challenge certificates. I had the

pleasure of seeing this good bitch with a beautiful litter of puppies a few months ago at his Lordship's house at Killybegs.

CH. KENMARE NORAH (see photo on this page) is a very typical, sound bitch that has won four challenge certificates, and it should not be doubted that she will produce.

KENMARE PEGGY, whose photo is also shown, is a new importation. Up to the time of writing she has only been shown twice. At her first appearance, at the K.C. Show, when far from fit, she won four sets under Mr. Hickson. She was next shown at the Metropolitan and Essex Show at the Alexandra Palace, winning in all her classes and taking the challenge certificate.

CH. KENMARE MOLLY.

Space will not allow me to mention all the good Terriers I saw, but I must note a brace of new importations that will soon make their presence felt at the show bench. At the time of writing, the dog was unshown and not in his best clothes, but such a work, and I am convinced that when shown he will give a good account of himself. The bitch, by name KENMARE DOBBER, is a beautiful bitch on which the same lines as K. Peggy, and is sure to do a lot of winning.

The above dogs are bred at the Woodland Kennels, Ballyn, Middlesex, in charge of Mr. Arthur Cartledge, without doubt one of the finest breeders in the world, and I might add I have never seen a bunch of Terriers looking better than those mentioned above.

FRANK BUTLER.

KENMARE TASPY.

under Mr. G. T. Walters. I do not think this grand bitch requires any praise from me; her photo and head study will speak for themselves.

The stud dogs are a splendid lot, the chief of which are the following:—

CH. KENMARE REBEL (see photo), a winner of numerous hits and four challenge certificates.

KENMARE TASPY (see photo), a big winner under the leading judges, including two challenge certificates. This dog is doing some wonderful things.

KENMARE DAX is another great show and stud dog that has also won two challenge certificates and many hits. These dogs will be found advertised in our columns at moderate fees.

FERMOY THE KERRY BLUE KENNEL OF UNIVERSAL FAME

Owned by Mr. DAVID J. K. ROCHE, Fermoys House, 241 Melbourne Street, North Adelaide, South Australia. Phone: M985

Ch. WULFRED BISMARCK (top) and his owner Judge Michael and the Earl of Northbrook.

WITHOUT doubt the Fermoys stand supreme among Kerry kennels in Australia today and the past year's successes have added further prestige to this famous stable. This year will go down as the greatest winning year in the kennel's history.

The 1959 star is the beautiful imported bitch, Ch. Wulfreda Bismarck. In six months Ch. Bismarck has set up a record unequalled by any owner in the country this year. She has been exhibited at ten championship shows under ten different judges and has won ten groups.

Ch. WULFRED BISMARCK

six best in show and one best opposite sex. Her win of best in show at the Melbourne Royal (1,000 entries) under Lord Northbrook places her at the top of dogdom in Australia today. The Melbourne Royal was this year the biggest show yet held in Australia. Bismarck, if ever, has an improved dog score straight out of contention and gone at once to the top.

Another rising star who will make his presence felt during 1960 is the lovely young dog, Fermoys True to Form. This youngster has only been shown once at 24 months, when he topped six lads and was reserve best dog at the Combined Kerry Club show. He is sired by the famous Ch. Bismarck's Daughter (imported).

A superb young bitch by Ch. B. Overdale (imported) and a grand-daughter of English Ch. Underbridge (Irish) (imported) has been held back this year but will be exhibited in the New Year. Those who have seen her have been greatly impressed.

With such outstanding stock ready to show in 1960, surely the tremendous record established this year will be surpassed. Those who are interested in obtaining first-class Kerry Blues should place orders now.

Downview Double Talk (Gem's son) is being retained for showing. His sisters have been sold; Downview Double Gemini to Mr. K. Mordant, Stockport, and Downview Double Clover to Mrs. Stead, Bristol, who is coming back to the breed after ten years, and they should be an asset to theirs. Downview Danden (Downview Doubleboy ex Downview Double Choice, sister of Gem) is 18 1/2 at shoulder and has been best dog several times. A proved sire stud, for 5 guinea plus carriage.

This kennel is famous for producing first class bitches for many satisfied customers. The kennel at present is the only one with three champion bitches, Ch. Underbridge Ussan, Ch. Downview Double Choice (reserve CC) and Ch. Gem. Puppies usually for sale. Visitors welcome by appointment.—FRED DEMPSTER

Ch. DOWNSVIEW GAYMAN FAIRMAID

THIS year Fairmaid has won two challenge certificates, at Crufts, under Mr. Pugh, and at the National Terrier show, under Mr. Lofthouse. She was best in show at the Kerry Blue Terrier Association open show in London, under Miss Cress. She has won several cups, including one for best sold and colour and also for best eye. Then, finally, she was the Special National Open Bitch at Birmingham, considerably show in Warwick, under Mrs. Pacey and Mr. Fred Cross. Fairmaid will only be bred once more in 1960.

Underbridge (by Renshaw Boyton ex Ch. Downview Double Choice) is a championship show winner of several times.

also cups, including the Bampton Cup for best head on two occasions. It is hoped to hear of her some score of her first prizing in the show ring in 1960 out of Underbridge Uttrily-U.

Underbridge Uttrily-U is the winner of two reserve CCs and she was best in show at Crufts, under Mr. Worsley. It is hoped to have some more puppies from her in about February 10. Wulfrida Birkhead Dipper (two reserve CCs).

Downview Doublestar is at stud at the age of four years, also Mrs. Harry Topmant Terrace at the age of three years. Also to Mrs. O. K. Smith, 10, Berkeley Road, Oxford.

ALTHOUGH Mr. and Mrs. J. L. Mountford are newcomers to the breed, they have been associated with dogs for a number of years and are real dog lovers. The kennel is founded on bitches of the best blood lines and one young bitch, ARMSHEAD DAWN, has already made a favourable impression on many showed judges at recent shows.

Puppies will be available from a sister to Ch. Bernd Dambuster in March.

The Mountford's are on the look-out for anything they can acquire to improve their kennels, and should soon be a welcome addition to the Kerry Blue fancy!

[M. Gutter]

WOODVIEW

KERRY BLUE

TERRIERS

THE Woodview prefix needs no introduction from me as it is widely known wherever the Kerry Blue Terrier is mentioned. The owner is justly proud as it contains, at the present time, five home-bred champions. This is certainly a great achievement. The dogs are always shown in superb form and are renowned for their excellent type and colour. Mr. Whelan's sister takes a great interest in the dogs and, along with his other brother, do the round of shows.

Should there be a pride of place in this kennel I think it would go to Ch. Daunt Dinsah, winner of four C.C.s, four green stars and over 600 other awards. She is the dam of three champions in two litters. At nearly 14 years of age she is still on the top of the world and as lively as ever. She is also the winner of two broad black cups three years in succession.

Ch. Dure of Woodview, a grandson of Ch. Daunt Dinsah, holds four C.C.s and five green stars, and was also best in show at Linerick championship show. He is a junior warrant holder and has been best in show at open broad shows and open all-breed shows many times. He is the sire of three champions in two litters. He is also the proud winner of the Orr Muir and Caldore Stud Cops and the Ch. Daunt Dinsah Rose Bowl.

Ch. Dena Dure of Woodview, sired by Ch. Dure of Woodview out of Ch. Daunt Dinsah, is the winner of five C.C.s and nine reserve championship show. She won the C.C. at Blackpool three years in succession, 1954, 1955 and 1956, best of breed at Cruft's last year, best all breeds at Blackpool, best exhibit Northern Kerry Blue open show, reserve best exhibit Kerry Blue Terrier Club of England open show and reserve best exhibit at Hensley open show (where there were nine champions competing). She is a replica of her famous mother.

Ch. Declish of Woodview sired by Ch. Dan of Woodview out of Ch. Daunt Dinsah was a junior warrant holder at twelve months and a full champion and green star winner at twenty months. She won her first three certificates on the run and has now eight C.C.s to her credit. She was best exhibit twice at the Northern Kerry Blue open shows and best opposite sex three times, best puppy and junior and best junior and best bitch. This year, after rearing a litter, she was reserve best exhibit at Shipman open show (ten champions competing), reserve best exhibit at the Royal Lanes (eleven champions competing), and third best exhibit at Alderbrook open show.

Ch. Demandeur of Woodview sired by Ch. Dure of Woodview out of Ch. Daunt Dinsah is the holder of eight C.C.s and 20 reserve C.C.s, best exhibit at open broad shows and at all-breed shows, was second in the Sandy Dalzell Stakes class at Belfast and winner of the Danbury Memorial Trophy in 1955, 1956 and 1957, where only C.C. and reserve C.C.s went for this trophy. His sister won the Black Dunlop Memorial Trophy in 1956 and Ch. Dinsadure was runner-up for the same trophy in 1955.

Mr. Whelan's dogs have many times won the Ch. Daunt Dinsah Rose Bowl and have taken cups for best coat and colour in England, Ireland and Scotland.

He claims to be breeding the shortest backs, longest heads and smallest ears in the breed, also the most perfect carriage of ears. Coat and colour also as near perfect as it is possible to get. I am sure Mr. Whelan will be pleased to show you this wonder team and give advice to anyone who cares to consult him.

Puppies are sometimes for sale and the dogs are at stud.—VINCENT HARRY.

KCSB No 405 AV

DOWNSVIEW DOUBLESTAR is by Roundway Bount, ex late Ch. Downview Greyhound Fairmair (three C.C.s, two reserve C.C.s) and is a stud, he six points this carriage. He won her Terrier at Oxford again three and four Terrier dog at Hensley and the Dragon Cup for the dog with the best head for the sixth time.

Downsvier is the sire of the following nine winners during 1957: 1st Ch. Underbridge Downsvier Dinsadure, English C.C. Underbridge Copes (three sisters, younger full sister Downsvier Double Choice, two reserve C.C.s, junior warrant, twice best Terrier, once best opposite sex in show, and once reserve best in show), 10 sons, one being the Underbridge Undercup Cup (twice) for the bitch with the best head, ears and expression.

These three litters and one of the late Underbridge Undercup Cup (three C.C.s, two reserve C.C.s, best in show bitch), and full sister Downsvier Double Starbell at Underbridge Biddisford bred by Mr. Marsh, winner of the junior warrant, also was best opposite sex in show at Wexham.

Starbell has not been shown so much as Choice this year because she bred a very promising litter to Starlight Lad at Blackdown four C.C.s.

Choice and Starlight have won four bronze medals, one of which was Cruft's, the second year running that the Downsvier's have won it, as Fairmair and Doublestar did at Cruft's 1956.

It is hoped to have puppies for sale out of Choice around Cruft's show time, and from Starbell later on in the year. Enquiries welcomed by mail, letter and abroad.

DOWNSVIEW DOUBLESTAR is by Roundway Devon ex late CH Downsview Gaydara's Fairmaid (late CCs, two reserve CCs) and is at stud. He is golden blue carrying. He won best Terrier at Oxford spring show and best harrier dog at Bletchley, also won the Dragon Cup for the dog with the best head for the week long.

Doublestar is the sire of the following male winners during 1962: late CH Underbridge Rosamund Charmaine, English CH Underbridge Underdog (three winners), younger full sister Downsview Double Choice, two reserve CCs, junior winner, twice best Terrier, once best opposite sex in show, and once reserve best in show. 19 pups, one being the Underbridge Underdog Cup (trophy) for the bitch with the best head, size and expression.

These three bitches are out of the late Underbridge Cherry-L, two CCs, two reserve CCs, bred in three litters; and full sister Downsview Double Blushell ex Underbridge Rallapishen bred by Mr Martin, winner of the junior resident, also won best opposite sex in breed at Wiltshire.

Blushell has not been shown as much as Choice this year because she had a very promising litter to Straight Lad of Blushell (late CC).

Choice and Blushell have won four breed classes, one of which was Craft's, the second year running that the Downsview's have won it, ex Fairmaid and Doublestar and at Craft's 1964.

It is hoped to have puppies for sale out of Choice around Craft's show time, and from Blushell later on in the year. Enquiries welcomed from home and abroad.

THIS breed, which has bred more champions than any other, has been consistently successful in the show-ring since 1893, and has adhered strictly to its policy of quality rather than quantity. Dogs and bitches exported to America, Canada and France have been emotionally successful, and the books "Ben-Elar" has achieved a high valuation.

1954 has been a successful year up to date. CHAMPION BOB-KOOS BURELROCK (Darius-Underhills) defeated Champion Ben-Klas Harnstedt won her fourth, 20th, and sixth challenge certificates this year, and on three occasions was best in show, all breeds—vix. TERRIERS

MR and MRS MOUNTFORD have made the presence of the ARMSHEAD KERRY BLUE TERRIERS felt during 1960 as I predicted last year.

DAWN OF ARMSHEAD having won many first and reserve CC.

TOAST OF ARMSHEAD, two CCs, two reserve CCs, junior winner, 80 firsts, three times best-in-show, all breeds, numerous times best terrier, best puppy, best junior at open and members shows. All these wins have been under well known judges who know what a good terrier should be.

TOAST is at stud for the present at five guineas.

The above two have been mated and puppies are due in January, the progeny should be really good, a few will be for disposal and should be an asset to any kennel. Early enquiries are advisable.—FRED DOWNVIEW.

Captain Watts Williams's Renowned Kerry Blue Terrier Kennel At Gwyford, Bucks.

JUDGE OF LEYFIELD.

A big winner and sire of winners.

FISHERMAN was the first to be in the big circle at both Blue Terrier shows whose name has come to the front recently, both as a breeder and exhibitor, than Captain Watts Williams. He is very popular in every circle, and in the matter of prize-winning classes and getting specials he is never surpassed in his circle. Having in the County in the Great War, he ended up by joining the Flying Corps, and he was one of the first to join the D.F.C. He served in France and Gallipoli and was awarded some of the end of the war, and is therefore well entitled to his rank. He is a keen motorist, and has won many cups at Brooklands, and he has been with the River.

Mrs. Jen M. Leontoff called the Captain to attention his first Kerry Blue, and she has since acted as his manager and secretary. She is a niece of Vincent Lane of Wyndham—the place where Sir Walter Raleigh is said to have smoked his first pipe of tobacco.

Captain Williams has only recently taken up his abode at Gwyford, where there are extensive kennels, stabling for his horses, and what a wonderful collection of them that are kept. Indeed, in the space of this review it would be impossible to write of them all. There are also boarding kennels established, and in a short time will also include a Greyhound training establishment. Kennel success are being made here which have been exhibited at the leading shows, many trophies from Dublin shows, which are guaranteed. The result of the kennel is a young little Whippet, and the best has shown. With his expertise in English order, while this Terrier, as kennelmaster, is now being given poultry, game, and pipe as a collection, of which she will be in charge. A circle of some is being erected, including a nursery room for the kennelmaster, and there are being made.

Five to the dogs. There are eight show and head trophies and six show and stud dogs, and there are over forty youngsters of the age between three and eight months.

Joe of Leyfield was the first brought before an owner in Ireland as Hilda River. He has won two challenge certificates and has been seven times reserve champion. He is the winner of every first prize, his latest victories being challenge certificate and cup for best Kerry Blue at the Kennel Club Show, and challenge certificate at Epsom Park, which was made his champion. His work includes Leyfield Blue Bred, Bally Bower, Steele Girl, Blue Buds of Leyfield, and Wills of Leyfield—all well-known winners.

Victor of Leyfield (late Shakespeare Victor) is a winner of seven trophy prizes during the last year, his last was being at Liverpool. He is a magnificent dog in every respect and is hard to beat. He had made his reputation in Ireland before he crossed the "Leaving" side.

John of Leyfield has won fifteen prizes and is a very typical dog of the breed. **Constance John of Leyfield** the winner at Gwyford shows in Northern Ireland this year, is the size of some small-quality dogs that we can buy. **Johnnie of Leyfield**, son of John of Leyfield, has shown well in junior classes at Dublin.

CH. CHARLEY'S AUNT AND HER PROMISING DAUGHTER, BAHEEN.

The ladies are a wonderful collection. First and foremost is **Ch. Charley's Aunt of Leyfield**, whom we picked up for these kennels at a Dublin Show on her first appearance, when she only got the Novice. She is a daughter of Master Pauline—big Lady. Within a space of five months she became a full champion under the most eminent judges of the breed. A typical uncontentious system. She is too old to be written about further. Her age alone would attract any leader.

The latest addition to the kennel is **Bessie Gordon of Leyfield**, imported from the great kennel of Mr. W. Morgan, who has not yet seen of the best Blue Terriers in the United Kingdom.

CH. JOE OF LEYFIELD.

Blue Lagoon of Leyfield is a good-looking black, with a good build. She was placed 2nd once in Ireland. We did not agree with the judgment. All her other wins were late and, as matter in what manner, she will always trouble the last. She was challenge certificate at Kilsburgh Show, soon after her arrival, for her new owner.

Ch. Rose of Leyfield is by the well-known sire, Victor. This bitch has the distinction of having been made champion at three consecutive shows, the results are described, being too well known. **Thomas of Leyfield** is a daughter of Ch. Charley's Aunt, sire, Ch. Tullamore. She is a big winner in paper classes. Her brother, **Charles of Leyfield**, was exported to America.

Bessie Gordon of Leyfield, another winner, was exported having a promising litter of nine by General Rebel. **Winn of Leyfield**, winner at Cardiff, South, and Brighton Shows, is very typical. So also is **Phyllis of Leyfield**, known in Ireland as **Shakespeare Belle**. She is the mother of a handsome litter we saw, with Joe of Leyfield as sire. **Lorraine Lory** has produced **Leyfield Laine**, a winner, who produced **Leyfield Blue Bred**, one of our best specimens.

We saw five pups on **Charles's Aunt**, by Victor, that should get to be heard of. Also three others, by Joe of Leyfield or Anne of Leyfield, which are very promising.

The record of these kennels is remarkable, as since April, 1922, over three hundred prizes have been won by its inmates; two hundred of these this year. Several specimens have been exported to America, Argentina, Sweden, and East Africa.

By no close we can be shown to say that there are always choice specimens for sale of these kennels, from a point challenge certificate winner down to the youngest inmates. The dogs are always set down fit, and we were very much interested in all we saw. In looking the owners good-bye, we wished them the best success, as they certainly deserve it.

ter news I checked around. While things are not exactly quiet, you have to admit that local entries are small. However, while such breeders as Florence Bradburn, Glenn Fancy, Fred von Haly, Mary Picking and George Wheeler, and Dorothy Briggs in Washington are around the breed will remain good in quality. Florence Bradburn's Ch. Benwick's Jewell 2nd, brought from the East as a puppy, and not defeated by her sex, has produced two pups in her first litter which made their championship before they were a year old.

Word from the deep South Circuit that the Wiels' Kerry, Ch. Vixen Show Off, was BIS at the first four shows,

starting at Shoreport, to make his 35 groups and 9 BIS of the year. Another Western star rising is Edith Miller's Rellin's Aileen the Beautiful, winner of the 1954 Sweepstakes of the KBTC of Southern California under Gordon Campbell, which was WB and BOS for 3 points at Shoreport. She is just 16 months old and is a homebred daughter of Ch. Kearnach Falha. Her dam has a U.D.

More Kerry news from Vancouver, Canada, in a letter from Mrs. A. L. Minet, is that her homebred Int. Ch. Michael O'Shoorn was BIS October 2, handled by Mrs. Minet. This in spite of the fact that both had been in a

serious automobile accident the Monday previous when returning from the Spokane show. Bill Fox writes that at Santa Clara the Kaebler's Rouge 2nd and his own Fox Hill's Vixen's Princess completed their championships, both being sired by Ch. Deed's Show Off, BH and 2nd Terrier was Jo Kenna's Ch. Shawnee O'Shea.

Congratulations also to the Bilgers whose new Wire, Ch. Cove View Sparkler, was BIS at San Jose. Congratulations also to Ellsworth Gamble, whose new imported Irish Terrier, Waterloo Lad, was BIS at Sacramento. And what good publicity for Terriers all these top wins are!

Miss Rochford's "Dunloe" Kennel of Popular Kerry Blues

At 115, Old Chester Road, Woodhey, Rock Ferry,

BLUE MICHAEL OF DUNLOE.

THE "Dunloe" Kennel have won over 100 prizes during the year 1928. Numbers of puppies have been sold, mostly to homes which have not necessarily known this lovable breed, and all, without exception, are unblemished in their prime; few can withstand their looking expression and vigor. There is no doubt the Kerry Blue is growing in popular favor.

BLUE MICHAEL OF DUNLOE, by Ch. Waterside Double Blue and Ch. Waterside Ruby of the Border, whose head study is here illustrated, is a real beauty—keen expression, all a better, low-set and hard as steel; he stands well on his legs, and is a nice blue color. He has many wins and is a rising exceptional pup. Stud fee, £3 6s.

DAVEY MAX OF DUNLOE, by Ch. Soda Jacobite and Nansen of Walsley, has many friends among the Northern folk; they love his attractive short runcun, his very dark eye, short back, wonderful temper, and beautiful very end, all of which he passes on to his pups. Stud fee, £2 8s.

One of the most handsome females of this kennel is undoubtedly MARYANNON OF DUNLOE. She has a wonderful head, perfect shoulders, dark eye, and is con-

Cheshire.

Puppy by Ch. Soda Jacobite and Nansen of Walsley (at 6 weeks).

stantly admired. She has many wins, including two cups at Gillingham. Her pups, Davey, Max, and Mary, are really beautiful; one is here illustrated. Note his short back, straight legs, and fine head.

Among the winners I must add VERA OF DUNLOE, a topper progeny sired by Nemo Midland of Mowbray. I bet you he will trouble the best when old enough to show.

Darby's Blue Bell, a sweet little bitch with black eyes, Danks, a wonderfully headed pup by Ch. Soda Jacobite and Nansen; Penny and Molly and Sweet Bell—they are all charming and typical of the kennel. E. W. C.

Mr. & Mrs. I. W. Cummings'

CHAMPION USSA O'DROM, winner of five challenge certificates, over a hundred hot and other prizes, many cups and specials, was exhibited twice this year and was made best Kerry in show each time. He won of five trophies in a deep smoky blue color, with dark blue points; small well-placed ears, dark eyes, deep brindle, shortest of back, small feet, and tail well carried. Stud fee, £4 guineas.

URSUS O'DROM, son of above and a smaller edition of his famous sire. He has won more than sixty prizes, including many titles; he has, like his sire, in the money every time shown and has been awarded cup for best color. He is champion head on both sides and is a beautiful specimen. Fee, 21 guineas.

URSUS O'DROM (son of Ch. Ursa), a well-known winner, noted for his beautiful head and silky dark blue coat. He is sire of HALL'S O'DROM (now in Glasgow), HALL'S O'DROM, and many other winners. This dog

The "Chevin" Kennel

Owned by Miss Toft, Turnditch, near Derby.

A MOST successful year has been completed by this kennel. At thirteen above five year, nine of which were champions, the kennel has won a K.C.C. and reserve K.C.C., two cups, twenty-four pens, seventeen bobs, and twelve lads, all with three dogs bred by their owner. There are:

THE CHEVIN, winner of K.C.C., reserve, another over sixty prizes. By Ch. Renshaw Rebel ex Tuba of the Chevin, he has proved himself a good sire and has been placed every time shown. He has a coat of the best color, strong head and dark eyes, small ears, plenty of bone, compact body and ribbed.

BLACK PETER OF CHEVIN, by Renshaw Rebel ex Tuba of the Chevin, still a junior, is a beautifully made dog.

THE CHEVIN, by Tim of the Chevin, shows undeniably that Ch. Renshaw Rebel is her grandchild. Her six splendid puppies, sired by Black Peter of the Chevin, are six full champions and other well-known dogs in their pedigree.

Since have been bred this year. Maryannor of the Chevin, last year's Rosendale Cup winner and by Tim of the Chevin, was sold to Miss Wilson, of the "Blue Sea" Kennel. Judy of the Chevin went to Mr. Bunting of Bath, who is starting the breed. Mr. Garmen's Chess King, another winner, also came from this kennel. E. W. C.

Miss Browning's Kerry Blues

CALD.

MISS BROWNING has recently received her Kerry Blue Kennel from Great Missenden to Felling, High Fairfield, Huddersfield, West Yorks.

The photograph above is of the beautiful MARY, CALD, dam of Fennelwood Judo (reserve ch. Victory) and Blue (2nd), Fennelwood Canadiana (winner of prize at open show), Fennelwood Alton (winner 2nd Puppy Class, Kennel Club Show, 1928), and many others. CALD is at present making six puppies, all very promising, with every coat even at this tender age.

There is a new litter by Ch. Renshaw Boy (O'Drom) sired by Rosendale of Rosedale, born July 25, 1928, and some dog puppies by Fennelwood Judo (ex Fennelwood Canadiana, born July 25, 1928).

All the puppies are very sound and healthy and will make splendid companions; many will be fit to take their place in the show ring. They are already looking color, and will without exception be a beautiful blue.

Miss Browning is always delighted to welcome visitors to her kennel. Arrangements can be made for any given purpose to be home-trained. E. W. C.

"O'Rom" Kerry Blues.

Unusually low heads, dark eyes, plenty of bone, and beautiful colors. Fee, 5 guineas.

HARRY O'ROM, a combination of the famous Maudslayi and Jacobite strains. One of the best bodied dogs on the bench today. Winner the first best show of an Irish and shagreened certificate and cup at Birmingham. Pinned size. Fee, 5 guineas.

ROBERT O'ROM, son of Ch. Tim and grandson of Ch. Soda Jacobite and Ch. Marcella Rosedale Bunt. Winner 1st in Puppy class at Kennel Club Show, 1928. A beautiful specimen and in every way worthy of his illustrious ancestors. He will be placed at stud in the spring in one or two litters only. He ought to be a new stud form. Fee, 5 guineas.

Write at any of the four mentioned dogs to approved breeders for pick of litter, glass certificate and specimen. Puppies ready for sale.

E. W. CUMMINGS, Fennelwood, Victoria Road, Bradford.

THE "Muircroft" Kennel Marple, Cheshire.

Owned by Miss Dorothy M. Paton.

THIS is one of the leading kennels in the North, and in order, Miss Paton, has always some three prominent at all the leading shows. One of the latest which she has brought out is MARYANNOR WILMA, whose photograph, at 15 months, we have reproduced. Wilma, by Dan of the Blue, is being bred to a dog who is the best of the Blue (reserve Challenge Certificate) she has over 100 prizes altogether, and 40 of these are 1st, together with five other cups and several other trophies. It ought not to be long until she assumes the coveted title of Champion. Among other inmates of the kennel is that great old hero in the Kerry Blue world, Ch. Renshaw Rebel, who another well known winner is Ch. Waterside Double Blue. With Miss Paton had the pleasure of making a "Champion." Miss Paton has a long eye for a better, and none less the very best are bred for the kennel. E. W. C.

worth, owned by Jorge Perce de Lada, which was BIS at all three shows.

The Wink came back to good news as their Kerry, Ch. Vivian's Show Off, entered in four shows on the Texas circuit, Phoenix, El Paso, Dallas and Ft. Worth, won the group at all four and was BIS at Dallas. This was Dallas' largest show with 1000 entered. He was also BB at the specialty of the KBTFC of Texas with 27 entered. Joe Dodge of Canada, who has not seen the Kerry before, gave him his BIS at Dallas, making 25 BIS and 57 groups. Their Lakeland, Fairmaid, was second in the groups to her kennelmate.

We join the rest of the fancy in offering our sympathy to Dr. Peter Davis in the loss of his wife, Herta Davis, after a long illness. Dr. and Mrs. Davis have been interested in colored Bullterriers for many years and have done much for their breed. They have brought over several good ones from England as well as doing some excellent breeding.

The Glean Faners have a new champion Miniature Schnauzer to join their top winning Ch. His Parade's Blacksmith Blues. This is Ch. Marwek Gar's Martinette. They took best brace at Phoenix and Tucson. On the recent Arizona shows she was BB at all except Tucson, where Blues went up.

With no specialties to boost our entry, Terriers were at the bottom at Glendale with 109 entries. First in the group was the Bedlington Terrier, Mrs. Fred Young's Ch. Fremar's Cable Car, shown by Fred Young. Second was Pamela Stern's new Miniature Schnauzer, Flirt Hill Glitterbug, in her first show on the

Coast, although she has taken three majors in the East. Pam is feeling quite happy these days as her Ch. Nicomaur's Chasseur finished at San Diego. Third to the Scottie, Ch. Cantie Lucky Squire, owned by Lena Kardos. Fourth was the Staffordshire Terrier, Bill Visson's Visson's Geranium.

Top entry was Keries with 22, then Wines and Scotties with 11 each, and Westies with 10. In the Keries, Lew Wallace's Ch. Maylew's Pugnation was BB. WB, BOW and BOS to his 13 month old Maylew's Blue Flit. WD to Bob Helder's Duffy the Tuffy of Townsend.

In Wires, Bill Jones' Ch. Only One, lovely in a new coat, was BB. In Westies, John E. McLeod, Sr. and Jr., Ch. Heather Tykes Olivia was BB.

We had another letter from Watson Hoos of New York. Being an Irish fancier, he tells me that *Keweenaw Review* back in 1926 was very much better than now since it was entirely devoted to Airedales and Irish! In an effort to please, we will now proceed to Airedales and Irish at the recent show. A real thorax, Sarah Brock's Garden winner, the 12 month

old Lionheart Ajax, came up from puppy class to take BB in Airedales. There were seven entered, including a champion. To everyone's surprise and pleasure there were seven Irish entered. Rose O'Day's Colleen of Bury, owned by Mrs. Keith Bury, being BB.

Greetings to our friends in England and America
from **DAVID ROCHE** and the

FERMOY KERRY BLUES

THIS year's showing has been restricted to one show owing to the fact that I have been travelling round the world judging. At that show, the lovely bitch, Kinkerry BLUE MIST, went best-in-show, all breeds. She is by that wonderful sire Ch Berenwode Outrider out of Fermoy Fast Time.

However, the Fermoy flag has been well in the fore as Ch Fermoy True to Form was best Terrier dog at the Sydney Royal show for the second year in succession. He has also been a consistent best Terrier winner throughout the year.

Ch Fermoy Ace's Ace, owned by Mr and Mrs Wally Comer, has also scored a best-in-show and reserve best-in-show win. This fine Kerry will win much more yet.

The beautiful Fermoy I'm Marty has been sold to Mr and Mrs Ron Fay and he will make his presence felt at the 1962 shows.

While in England Mr Roche purchased the outstandingly beautiful Gosmore Paddy and Gosmore Bluebelle. This lovely pair are now out of quarantine and will be seen next year.

Now joining the Fermoy Kerries are the outstanding Cocker Spaniels, Gay Cavalier of Ide and Gay Lass of Ide. Mr Joe Braddon stated that Gay Cavalier was the best Cocker he had owned or bred and he has had many champions. Those who have seen him rate him as being the best Cocker yet to come to Australia. This dog has been especially selected to tie in with the strains of leading imported Cockers in this country. Gay Lass of Ide — a gorgeous tricolour bitch has been especially purchased to be mated to Cavalier. She is a grand-daughter of the famous Ch Rodwood Lass of Sandover.

Mr Roche also purchased and owns in partnership with Mr Cunningham the difficult to fault Scottish Terrier, Reanda Raider. By Ch Reanda Rexis out of Ch Reanda Gloxinia of Hadlow, this dog is voted as being the best Scottish Terrier yet to come to Australia.

With the variety of celebrities which Fermoy houses, including the fabulous winner Ch Wulfreda Rhapsody (best exhibit at the 1959 Melbourne Royal show) and Ch Fermoy Fagan (best Terrier at Melbourne Royal show, 1960) surely Fermoy must be tops during 1962.

Downpatrick Salutes Ch. Ace's Ace of DOWNPATRICK

Top terrier group winner (all breeds) for 1952. Top Kerry Blue Best in Show winner for 1952.

In addition "Ace" may well claim to be the TOP KERRY BLUE USE FOR THE YEAR 1952 based on the outstanding show wins of his progeny. At the recent February show of Westminster and Specialty Show of the Irish Setter Kerry Blue Club the preceding dog, sired and daughter of this great young dog accounted for the impressive number of honors listed below.

1. DOWNPATRICK'S BROADBRIGHT, winner of the puppy championship, Specialty Show, All-Ireland, Westminster and 1 month old puppy champion.
2. BROADBRIGHT'S BROADBRIGHT, winner of the puppy championship, Westminster, and 1 month old puppy champion.
3. DOWNPATRICK'S BROADBRIGHT, winner of the puppy championship, Westminster, and 1 month old puppy champion.

4. DOWNPATRICK'S BROADBRIGHT, winner of the 2 to 3 month puppy class, both of Specialty show and of Westminster.

In 1952, as well as 1951 an ACE SON TOPPED THE PUPPY CHAMPIONSHIPS, WAS BEST OF SHOW, WESTMINSTER AT 18 MONTHS OF AGE.

Now retired from the showing at the age of 18 months, Ace is available at stud to approved breeders. HIS FEE REMAINS TEMPORARILY AT 0.

To these breeders who believe that the value of a stud is determined solely by the quality of his offspring, the above record will speak for itself.

CH. Bantry Beauty of Oakcrest, whelped November, 1927, by Ch. Waterside Double Blue—Rosaleen, is considered to be one of the best Kerries shown. This beautiful specimen is the only Kerry bitch in the U.S.A. that has ever won "best terrier in show," which she accomplished under such an authority as Mr. George Owen at the Long Island K.C. Show, May, 1930. Under the jurisdiction of Mr. Walter Graham, an eminent terrier judge, she was awarded second best terrier in show at the Queensboro K.C., 1930. Ch. Knock, knock, who's there?

CH. VIXEN'S SHOW-OFF

Of course!

You all know the old parlor game of Knock, Knock. It was quite popular some years back, but went out of style in favor of television and more modern forms of entertainment.

But it seems that some people have revived it in the dog game, and are playing it with Ch. Vixen's Show-off ever since he started piling up his enviable record. Not because they wouldn't like to own him, but because they don't own him. And because they don't care to try to beat him honestly in the ring under judges who will "coll" dogs fearlessly, but would rather try to do it by conversation.

They tell judges and others he's a "bum"—"he's wrong here and he's wrong there." They never have the sportsmanship to pay tribute to the great qualities of this Kerry but they can't refute the fact that he has built his great record on merit and merit alone. We are grateful to the many judges who have helped him build this record.

Judge Morris F. Rosenbaum awarding Show-off best Terrier of Albuquerque, N. M.

THESE ARE THE FACTS

- Ch. Vixen's Show-off won his first major at 13 mos. at a Specialty Show (5 points under a nationally known judge).
- Ch. Vixen's Show-off won his title at 16 months in the East and top competition going over specials to BB on several occasions.
- Ch. Vixen's Show-off has been shown fearlessly.
- Ch. Vixen's Show-off is not "pulled."
- Ch. Vixen's Show-off has been defeated in the breed only once since he became a champion and then by another Kerryall dog.
- Ch. Vixen's Show-off has won 25 consecutive terrier groups since February 1, 1954, under 23 different judges from all parts of the nation, many of them terrier experts.
- Ch. Vixen's Show-off has 5 BIS, two of them over the greatest show winners of all times, any breed, all 4 of them in top competition.
- Ch. Vixen's Show-off has beaten in the breed every top winning Kerry in America entered against him and shown.

Can the knockers top that record? Why don't they quit knocking and be proud to have a great representative of the breed here on the West Coast?

Terrier Topics

By EDITH IZANT

8311 S. La Sierra Ave., Whittier, Calif.

"What happened at the Garden?" being the query in everyone's mind this month—that is right where we will start. Terriers were second in entry at the Garden with 604, compared to about 650 for the working group, a most creditable number. Miniature Schnauzers were first with 66, Scotties second with 55. First in the group was Mrs. McEachren's BIS-winning Kerry, Int. Ch. Miss Show Off of Cognesraugh. Second to Dr. and Mrs. W. Stewart Carter's Scottie, Ch. Edgerstone Troubadour, whose son won the specialty. Third to a Sealy, Princess Emma Tossouze's Ch. Empress of Osceola. Fourth was a Lakeland, Mrs. Leonard Smith's Ch. Broadbeck Magenta of Truette, an import.

Mr. Fleishman's Ch. Bangle Bahadur of Hanham was BB in Airedales. Ardendale Kennel's Ardendale News Again, which was also BB on the specialty, came up from the 5-9 months puppy bitch class to take WB. Both the BB and the WB are by the Son of Merriak.

In Miniature Schnauzers, Edward E. Loeb, the Kerry man, was BB with his Ch. Hunsche von Hessa, BOS to Mrs. Gene Sammonds' Ch. Benrock Bona.

Mrs. Fleishman's Ch. Daxon Prior's Rudraigne was BOS in Kennies, WB and BOW to Fred Schewpe's Shule Agnash of Cobb. The WD came from Amerwood, Daxon Durnie's Camagael Shamrock. An interesting comment on the Kennies by an oldtime Kerry fan who saw both the San Francisco and New York specialties, is that in the East the Kennies are better balanced, with lovely fronts, legs tight in under them, good necks and shoulders, and better hind action. However, too many of the dogs are very soft, with Western dogs in better condition. Even with our own troubles in color (witness the SF specialty with only three out of the 9-dog open class looking a really good blue from ringside)

this Kerryite feels that we excel the East in color, as they have so many which are really "Cocker-Black," a glossy, shiny coat.

from Mr. Toome just before the show. Winner of the puppy Sweepstakes was Floyd Pierce's Kerryland's Better N' Bee, which will be remembered as being second in the finals and winner of her class in our local Sweepstakes last October, when she was only six months old. sides; Treasurer, Wilton D. Cole; Secretary, Harry O. Pattison, Jr.; and Candidate for delegate to A.K.C., William L. Day.

Because the United States Kerry Blue Terrier Club had an investment of \$150 to \$400 worth of medal dies, engravings and plates which would otherwise have had to be lost, it was unanimously decided to change the name of the Club to United States Kerry Blue Terrier Club, Inc. This is the name that the unified club will function under.

At the conclusion of these negotiations the corporate structure of the old United States Kerry Blue Terrier Club will be dissolved.

It has been officially decided that the Club again joins the combined Terrier Specialty Shows to be held during February, 1939, in New York. Many years have elapsed since Kerries were benchied in these events which are held each year on the day before Westminster. Negotiations are now on and Kerry owners will be advised of the full plans as soon as they are finished.

Another Club activity which has been decided on and is now under way is the publication of a handbook. As now visualized, this book will contain the constitution and by-laws of the Club, a copy of the standard, lists of the officers and directors, and a complete directory of all members. The handbook will be published yearly, each member receiving a copy.

Kerry entries at the shows seem to be maintaining their rising curve. At Skipton, 30 Kerries were shown under E. E. Watson. This was a large increase over last year. Double Bow of Delays was awarded best of breed, just losing out Blue King II, Lyndella Emburken, of Morris and Essex farm, came down from Canada to take winners dogs, thus completing his championship in three shows, I understand.

Orrin H. Baker of Chicago has been selected to judge Kerries at Westminster next February. This should result in a record entry for the Garden. Add the fact that Kerries will be in the Terrier Specialty Shows on the day preceding the Garden, and you have all the ingredients for as big a Kerry show as anyone could want. Let's go to New York in February—HARRY O. PATTISON, JR., Secretary, 430 Lexington Ave., New York City.

MOST Kerry blue terrier owners have probably already received notice of what was, in effect, a merger of the two

Kerry clubs. However, so that it may be published for all who may have missed it, the following sums up the story: At a meeting of its members held July 14, the Kerry Blue Terrier Club of America elected a new board of directors consisting of the following twelve members: Orrin H. Baker, Mrs. H. W. Closson, Wilton D. Cole, William L. Day, William T. Hamilton, Dr. Willard R. Hamilton, Mrs. Willard Van Sweringen, Mrs. C. H. Jackson, Jr., John Mckelvey, Harry O. Pattison, Jr., John Powers, and Mrs. W. F. Reeves.

A resolution was passed granting full membership to all present members of the United States Kerry Blue Terrier Club who may wish to join. There thus became but one national Kerry club.

New by-laws were adopted for the Kerry Blue Terrier Club of America. These by-laws follow the pattern approved by the A.K.C. In classes of membership they are the same as those of the United States Kerry Blue Terrier Club. All members will be furnished with a copy of these by-laws at the earliest possible moment.

The board of directors then elected the following officers to serve for 1938-1939:

President, Orrin H. Baker; Vice-President, Mrs. C. H. Jackson, Jr.; William T. Hamilton, Mrs. Willard Van Sweringen, Mrs. Elizabeth Kruttsch, Mrs. Cyrus B. More, Edwin Siemes, Sr., Dr. Edward R. Can-

THE Coupons Kennels, which have been awarded this year, appear to me ideal. The modern kennels are in a large barn, warm and dry and designed to give the dogs the maximum of comfort, with least chance of ground for complaint.

Mr. and Mrs. Sterland are now able to take a limited number of boarders but short or long periods and make a specialty of show puppies which can be taken from 2 months until they are ready to show. A number of dogs are also taken for training, the main object being to build square of carter and disqualification dogs.

It has been impossible to attend a great number of shows this year, but results have been excellent. In Miniature Poodles, the 12th, **Bellevue Fleur de Scheldere** has collected her eleventh best of breed, and has now been stable three best in show and four times best open.

A GALAXY OF CANINE STARS HOUR

Owned by Mr Mrs & Miss FAIRWEATHER Enterkine House ANNBANK AYRSHIRE

Photo by: MOLLY GANNON OF HOLMIBANK

(End of Scotland)

Photo by: SHEILA OF SANDPIPER

(End of Scotland)

WHEN Mr. Mrs and Miss Fairweather of Enterkine House, Annbank, Ayrshire, decided one day to go over their kennels, I had no idea that there was such a galaxy of stars in my beloved corner of England. It is only evident from their enthusiasm and their careful selection of breed, bitch and stud dogs that they intend to produce a house-bred champion, and I am quite sure their ambition will be realized in the near future.

Taking the dogs around by Miss Fairweather's lead, we shall commence with Sheila, a most typical proper Lincolnshire bitch by C.K. Danvers' *Sheila* ex *Danvers' Jera*. The real Danvers expression, cabin one eight away. Here also is the all round superiority of type. Her mouth is a broad bitch's can only be realized in a wonderful film of mouth which she is carrying at present—2 dogs and 2 bitches by *Sheila* ex *Danvers' Jera*. They possess all the characteristics of real Danvers and at this age are radiant with beauty of bone and are well grown.

Next comes an excellent bred and bred bitch, *Gina*, the same way bred as *Sheila*. This is a real thing from which to breed and will surely be justified by expecting something out of the ordinary race when our values are considered. But she has been mated to C.K. Danvers' *Sheila*. *Sheila* ex *Danvers' Jera*, an very typical *Sheila* throughout, has been mated to C.K. Danvers' *Sheila*. Again we must expect something out of the ordinary in her expected litter.

Sheila's *Sheila*, a standard Danvers' Danvers' *Sheila*, some may find in *Sheila* is a wonderful typical dog possessing real and Danvers' expression, but a nice touch of teeth, nose and chin, small face and all. When in good coat should do a lot of winning and in a small dog should make history.

Danvers' come next. The first to be pointed up, the *Sheila* and S.K. Danvers' *Sheila* (July), by *Sheila* ex *Sheila* (July), built on very graceful lines. She has a good skull and eye, and possesses the best of Danvers' neck and front, and legs which are absolutely straight. Very good in movement.

Sheila of *Sheila* is a *Sheila* made bitch, has a lovely neck, excellent ribs and quarters. Her spots are dark black in colour and are fairly well distributed. *Sheila* is a young bitch full of quality, even a capital body, neat quarters, is very close in shoulders, and sound fore and aft.

The last of Miss Fairweather's stock to be pointed up is an extraordinary litter of the Danvers' old *Sheila* puppies by C.K. Danvers' *Sheila* ex *Sheila* (July).

Standard *Sheila*, by *Sheila* ex *Sheila*. With ordinary luck there are a fifth and two dogs here that will make history. Taken as a whole they are all wonderfully evenly balanced in make and shape, and have one line for their age. Standard *Sheila* has herself several times to her credit.

Ms. Fairweather is particularly keen on *Sheila* ex *Sheila* and has to give a lot of bitches as one could wish. First comes *Sheila* ex *Sheila*, by *Sheila* ex *Sheila*, a wonderfully bred bitch with capital ears, good body, top and quarters, and an excellent coat. A winner at *Sheila*, the *Sheila* ex *Sheila*, promises to be of more than ordinary merit.

Then comes *Sheila*, by *Sheila* ex *Sheila* ex *Sheila* ex *Sheila*, a very typical *Sheila* throughout, has been mated to *Sheila* ex *Sheila* and the result should be to give the *Sheila* ex *Sheila* to the best of *Sheila*. *Sheila* ex *Sheila* is a capital bred bitch with a good skull and mouth, neat quarters, good bone, coat and *Sheila* ex *Sheila*. *Sheila* ex *Sheila* (July) in her view, she should be a real thing for *Sheila*. A winner at *Sheila*, the *Sheila* ex *Sheila*.

The last bitch to come out was the *Sheila* ex *Sheila* ex *Sheila*, by *Sheila* ex *Sheila*, a really *Sheila* throughout, and one which will find many more bitches to the *Sheila*.

A quality *Sheila* ex *Sheila* appeared next.

ED AT ENTERKINE HOUSE KENNELS

Fairly Pappy by Rod Cherven of *Lightwater* on *Merry of Lightwater*, a beautiful deep red, minus a tail lead, well-placed ears, good breadth of body, strong quarters, and excellent cut and movement. A winner at Wiscasset and Falmouth, the big score was prompted by Woodford of *Lightwater*.

In looking for an enduro champion, it is in the hand is the best killer of Gockers I have seen for some considerable time. Four blue veins and one black and white, he Whooose of Ware in situation Queens. They are worth using a hour was to me, and it would be a difficult matter at the present time to put out the best one. I wish my friend had all that one discuss with this wonderful lion. Several other computers appeared, all of which are exceedingly promising including two in colors and one blue one for Gockers of the Gockers.

Two lies are not yet generally taken, but they will be soon, as there are several likely-looking impostors about, including Father John de Koning, Samuel de Bontjes Doornik (which has been passed to Ch. Allouane Doret), and an eight months' boy by Allouane. One Smith in Gorkum, Lagos.

Mr Fairweather's stock comes last, but they are not lead by any means. In Kerry Blue Terriers he won a great fifth in Slattery of Holmhock, by Father Duplicité ex Anna Bonnie Bette. The bitch is wonderfully smooth throughout, and just wants to clear a little bit in colour to go right to the top. She won the Novice Cup at the recent Droyed Palace Show. Anna Princess

Parola is a dispoibled, downhearted bitch, with very good quarters and top, and while her head is not over long, it is of very good formation. Sired by Wabman Prince of Blues on dam Bonnie Bemie, she is a winner of several prizes at English shows and has been stated to Ch. Another Prince of the Clevis. Blue Mountain Moulery, by Bullyheady Big Man or Honeyhead of Blue Mountain, she proved her worth as a dam in producing two promising puppies for Ch. Another Prince of the Clevis.

In Wolfy Gansens we have an Irish Terrier hound of superb quality. Bred by Ch. Robin Fells in Marrowlesham, she has been ranked and awarded many times.

The kennels for puppies have been revised in the barn yard and stables, and those for the adult dogs in various outhouses throughout the estate, including in isolation kennels. There is also a toilet kitchen used as the cookhouse, and a large and well-equipped dressing room, the whole reflecting much credit on the owners of the Epsomshire dogs.

It would not be fair to conclude this article without complimenting Mr Billy Norman and his team, Mrs Smith and Miss Hunter, for the outstanding condition of the dogs, and also the clean and tidy condition of the kennels, due to the whole-hearted attention of the breeder, William McLeslie. I would also tender my sincere thanks for the splendid reception accorded me by Mrs. Mrs and Miss Patersons. It was a great pleasure to go over their immense dogs and one that will be long remembered.

AGAIN BEST KERRY

Ch. Bess Edarblaine, owned by Dr. E. R. Canfield, New York, took best of breed, fourth time, and group place

WORD was received here recently of the successful Kerry blue terrier field trials, which were held in Clonmel, Ireland, on August 8, in conjunction with the Clonmel and District Kennel Club.

This event, which is known as the "Teastas Mor Trials," is the most important Kerry event held in Ireland. It was generally agreed, this year, that the trials were the most searching and satisfactory yet held. There were only two dogs which received the coveted honor of the "Teastas Mor" certificate. The judges were alive to the fact that this certificate, when once secured, attaches to the dog for life. For this reason they put the dogs through the most exacting trials, and where there was any uncertainty, the "ladder" was given the benefit of the doubt.

The judges' report on the winning dogs had the following to say: "Their performances were so similar, that they need not be separately described. Each dog shot like a bolt from his handler and engaged without hesitation. Their entire work was marked by that 'unbroken silence,' which is recognized as an essential characteristic of every Kerry blue terrier, deserving of the 'Teastas Mor' certificate, the most sought after field trial honor, in Ireland."

The winning dogs were: Mrs. Roche's Marlfield Boy, and Frank Drohan's Glenavoy.

The American fancy will be pleased to learn that a worthy son of Mrs. Roche's winning dog has recently been

imported by Daniel B. Kiely, of Providence, Rhode Island. Mr. Kiely is a keen enthusiast of the blues, and I trust that he will lose no time in breaking this dog for the field. This pup comes from a very excellent strain of field trial champions, and should prove of value to the breed in this country. I am very pleased to see considerable new blood being imported. Until recently there has been a predominance of certain strains, which has made the breeding problem rather difficult, on account of close relationships. With a few recent importations, we now have a combination of the best winning strains in Europe.

Mrs. Blanche W. Knopf, of New York City, has returned from England and has brought with her Waterside Jorrick, sired by Ch. Nofa Jacobin, out of Noreen of Waterside. This is a combination of the famous Nofa Jacobin and Brian King of Munster strains. Nofa Jacobin has been a famous winner and sire in England since 1922, and is owned by Mrs. Keene Franks. Noreen of Waterside is of the Munster strain, bred by Mrs. Casey-Hewitt, one of the first and staunchest supporters of the breed, and considered one of the best authorities in England on the origin and history of the breed. This young dog of Mrs. Knopf's has been winning steadily on the other side, and we are looking forward to its debut in the Garden, in February.

Miss Helen Leo, of New York City, has recently imported a male pup by Martell's Sapphire Astral, out of Tess. This pup is of the Martell's Sapphire Beauty strain, bred by Mrs. E. A. Green, who started one of the first kennels of "Blues" in England and has bred consistent winners.

Grafson Noreen, by Jarvie out of Dark Eyed Susan, was just imported by H. L. Young, of New York City. This bitch was purchased from Geoffrey Fitzpatrick, of Dublin, Ireland, who has been responsible for doing a great deal for the breed in Ireland. Jarvie is a full brother of Ch. Blue Sensation, considered one of the finest "Blues" in Ireland. Jarvie has proven himself an excellent sire, and his get are making history in the ring.

Mr. Young's bitch is the only one of this strain in the United States and I trust that her progeny will make a good account of themselves.

These recent additions should do a great deal for the breed in this country and the fanciers are to be congratulated for the care which they are taking in making valuable importations.

Referring to the Kerry as a real and natural worker on all small game, I had the pleasure of taking an unbroken bitch to the Blooming Grove

Hunting and Fishing Preserve, Blooming Grove, Pennsylvania, several weeks ago to try her on wild ducks. The party consisted of eight hunters and four dogs: a cocker spaniel, a clumber spaniel, a springer and my Kerry. The dogs, with the exception of the Kerry, had all been broken to the gun and were taught to retrieve.

The kill consisted of twelve ducks, of which the Kerry retrieved six. She certainly gave an excellent account of herself, outdistancing the other dogs and going directly to the spot where the birds were dropped, and bringing them back without a moment's hesitation. Truly a remarkable performance, in view of the fact that she had never been trained nor shot over before.

Kerry Blues are easily trained, and have an inbred hunting instinct, which makes them perfectly at home in the woods. They are endowed with a remarkable nose, which greatly facilitates their training.

Those of the fancy who hunt, should certainly break their dogs for the gun, and the pleasure derived from seeing a blue work unceasingly and untiringly in the woods, will more than compensate the owner for the little time and trouble necessitated in their training.—R. JEROME MORGAN.

THE Chertion Kennels have been well to the fore at most of the 1929 shows, and many new winners have made their debut. Knockaderry of Chertion made his first appearance at the National Terrier Championship Show, where he was awarded two firsts, and since then has held his own in the best company. He is a very compact dog, ideal size, the right type, and should go far.

Master Titus of Chertion is one of the best youngsters seen for some time, and like his famous sire, Titus of Chertion, is a wonderful bodied dog with great quarters. He is already winner of many firsts at championship shows, and a great future is predicted for him.

Miss Titus of Chertion is a young bitch that will help to keep the kennel in the front rank, and the short back, general soundness, and better character, than the Chertion Kennels are noted for, are emphasised in her. Dolly of Chertion is, without doubt, one of the best bitches we have ever had, perfectly balanced all over. She owns a good body with powerful quarters, beautiful head, neck and front, while her coat and colour are unequalled. Her wins this year include challenge certificate at Edinburgh, under Mr. Holland, and twenty-five firsts under other leading judges. She sails immediately for New York, where she should have no difficulty in obtaining her title.

The latest addition to the kennel is Kingdon Hero of Chertion. He went through his classes at the 1929 All-Ireland Kerry Blue Show, held

at Tralee, and was awarded the Green Star. The following month at Tannin Championship Show he won two firsts, though by no means at his best. He is a dark blue dog, with wonderful head, front and expression, and when he is in real Chertion condition will take a lot of shipping in any company.

Durriaden of Chertion is another top notcher. His wins include two firsts and challenge certificate at the National Terrier Show, under the Hon. Justice Hannay, beating both the best English and Irish champions.

Titus of Chertion was in great form at usual, and is proving as great a success as a sire as he was in the show ring. Though over five years old, he was the cup for best Kerry Blue at the Oxford Show, and can still score more than hold his own with his younger rivals.

Marie Rose of Chertion is full sister of U.S. Ch. Rose Marie of Chertion, exported from this kennel last year. A very promising young bitch. Her head, neck and body are all that can be desired, and her colour is really beautiful.

The photograph here reproduced is a typical example of the type and standard of a Chertion Kerry Blue.

I was pleased to see that the colour, compactness and terrier character that this kennel is so noted for is being fully maintained. That both Capt. and Mrs. Dunsterville are very keen on these points can be clearly seen on going round the kennels, and they are so to be congratulated that they have them so firmly established.

ONE of the most famous kennels of this breed, certainly the one which shows the highest record number of bench winners—out of 49 entries 38 times a prize was won—has been secured by the Leysfield Kennels, the late Mr. Leysfield, who has won many prizes, being the owner of Leysfield, by taking 1st Open Dog and Championship in a class with Bona, King of Manners, Nala, Jacobin, Mares's Dog, White Beauty, Kermorra, Bona of the Bog, and many other good dogs against him. He also

At the Leysfield does live in healthy outdoor kennels made on the most up-to-date and sanitary lines. Captain Williams not only designs all his own kennels, but makes them himself as a craftsman, and they certainly are a great credit to him.

The inspection of the kennels is invited any time. Inquiries and orders are given prompt and careful attention. Visiting breeders take the greatest care of and best interest from all other dogs on the place. Applications should be sent to Kennel Secretary, Leysfield Kennels, Stone, Bucks. Station: Aylesbury.

was a special for the best Kerry Blue Terrier in show. His stable companion, CHARLEY'S AUNT OF LEYSFIELD, has been awarded four times in England, and has a total of ten sets, one 2nd, and two championship certificates, won at the Crystal Palace and Edinburgh.

JOHN OF LEYSFIELD is a young dog of great type, a lovely silver color. He is one of the most dogs of the breed, but owing to being overworked he and several other winners from this kennel are for sale, including John of Leysfield, three brothers to Mares's Dog, Beauty and Leysfield Twist, a big winner, including two championship ones, and a wonderful broad bitch, Tresser, and will have some champion-bred puppies for sale about Christmas time.

Kerry Blue Terriers

FEBRUARY turned out to be the exciting Kerry month that it promised, three good shows, and all successful. First came

Baltimore with 22 Kerries capably judged by Mrs. Baker. She was confronted with a top-quality group of Kerries, and selected them well. Many were the favorable comments on her judging. If there's any one thing that Kerry people should be proud of it is the spirit of fun and friendliness that seems to follow the Kerries around. The dinner given by Harry Isaac at the Schvedler was one of the Baltimore show highlights. Thirty-eight Kerry people sat down to a fine feast—had no stiff formalities—and thorough-

ly enjoyed themselves in a fitting climax to a perfect show. Harry Isaac is to be congratulated on his arrangements.

It remained for the Pennsylvania Railroad and the L.C.C. to arrange the final gathering, quite impromptu. When the 9-46 P.M. pulled out of Baltimore bearing the Philadelphia and New York exhibitors it was found that no special cars had been put on for the dogs. The conductor swore by all faith and L.C.C. rule 126, section A, that dogs could not sit in the smoker. So off to the baggage car everyone went. Rags and blankets were spread for snuggles. Top honors went to Tom Flame of Philadelphia who captured the Philippine boy from the club car and soon had refreshments flowing in the "dog car."

February 12 saw the return of the Kerries to the New York specialty show. Fifty-one Kerries were judged by Ed Sayres, best of breed going to Int. Ch. Lianella Eshanka. Many novel features were put into effect at the specialty. Winners of the first four places in every class received a handsome rosette and a trophy. In addition, special ribbons were given to the next three dogs, making a total of seven places in every class.

Much favorable comment was heard on Mr. Sayres' judging. He was consistent in his placement of type, and seemed to be in general agreement with the gallery as to the type preferred.

On the day following the specialty, the Westminster show opened. The first night saw 32 Kerries paraded before the judge, Orrin H. Baker, president of our Club. It was obvious soon after the puppy class that Mr. Baker knew his Kerry points, and knew the type that he wanted. He seemed to prefer a small, neat terrier type, and there were plenty of them to choose from. His snuck in type throughout the classes, ending with Ch. Bumble Bee of Delwin as his best of breed.

I'm sure that everyone who saw the Kerries judged received a thrill from the specialty class for best of breed. In all my time at dog shows I have never seen a better class of Kerries. Allowing for my natural prejudice in including my own dog, I think it is fair to say that any one of these Kerries in this class could have been placed at the top with single justification.

The class was made up of Ch. Bumble Bee of Delwin, Ch. Peggy O'Sell of Belmont, Int. Ch. Rackety Packerly Kilmorey, Int. Ch. Lianella Eshanka, Ch. Princess Fellow M'lad, Ch. Blue Flame of Delwin, and Int. Ch. Branshead Ballyshannon. Seven top Kerries, and all but two of these were American-breds. I really doubt if seven other Kerries as good as these could be assembled anywhere else in the world. I know that this opinion is shared by many others, too.

Mr. Baker's final placing in this class was Bumble Bee, first; Lianella Eshanka, second; Branshead Ballyshannon, third; and Rackety Packerly, fourth.

In some of the earlier classes at both the specialty and Westminster shows bad color was apparent in many entries. However, in general the true blues were predominant and are on the increase. There are some real good shaded young ones on the way—Dr. Cossiff's dog, Haise's Blue Star, for instance—and that is what counts for the future.

News has come from Ireland that W. L. Day, of our directorate, has been asked to judge Kerries at the Dublin, Mockemore, show. This comes in August, and is held in conjunction with the famous Dublin horse show. It is the outstanding Kerry show of Ireland, and I know we all are pleased that Mr. Day has been honored by this invitation.

I must not close this month's column without a word more of praise for that Kerry trooper, Bumble Bee of Delwin. Her selection by the AKC as the best American-bred terrier of 1938 is an honor that gladdens every Kerry man's heart. To have a Kerry soar to the top of all terrier breeds is a distinction that deserves much praise. Cheers are due for her owner, John Mulcahy, and to Ed Sayres who handled her—Hector O. Patterson, Jr., Secretary, 420 Lexington Ave., New York City.

ROWNHAM'S for Kerry Blue Terriers and Miniature Schnauzers

THIRTEEN Rownham's have had a very successful year. The outstanding Kerry Blue bitch **Ch Rownham's Carina**, winner of 13 CCs, was first in show at the National Terrier Championship show and first in show at the Kerry Blue Terrier Club of England Championship show for the second year in succession. Rownham's kennel won the double at Craft's this year. Ch Carina was best of breed with Ch Rownham's Arnet winning the dog CC.

It is hoped to breed from Carina early in the New Year. Rownham's Pilgrim, championship show winning dog and reserve CC winner, is at stud.

The Rownham Miniature Schnauzers have also been successful. **Ch Rownham's Eastwight Sea Lawyer** gained his title at Hove. His daughter, **Rownham's Salsique** became a champion at Manchester and also qualified for her Junior Novice and Rownham's Heron, his son, has made a good start by winning the puppy stakes at Hove and being runner up at the LKA and the Riverhamp National. He also went best puppy and reserve best in show at the Isle of Wight open show when only 7 months old.

Sea Lawyer and Heron are both at stud. Puppies of both breeds usually available.

THREE Grand Old Men in Kerry, CH. Downview Duellist, 15 years old on October 31, and the only surviving premier champion in the breed, is still enjoying life. He is by that great stud dog, Downview Twinkles, ex DeLoida Delenda, founder of the Downview kennel and from whom all are directly descended in fact. Duellist's show career was cut short by the war, but he won about 120 awards including five A.C.s, five reserve A.C.s, ten times best puppy, 11 times best of breed, and a host of cups, most valued being the Old-Mer wind cup awarded on premier's win. He sired a c.c. winner in his first litter, and the first Kerry to win a Junior Warrant, an international champion in his second litter, both in 1917, and in his last litter, in 1946, another champion. In spite of being very little used during the war years, at the time of writing (September, 1950), seven English dog champions and six English bitch champions are descended from him on one or both sides. Duellist's daughter, CH. Downview Drama, appeared at Witley after a year's rest from the ring, and was six times and best in show. At her only other outing this year she was reserve no. 1 at Richmond. In her 5th litter she produced CH. Downview Dramatic

Downview Delenda, a half-brother of Drama's, by Ch. Cannon Blue Prince, was his best A.C. at Birmingham and best of breed. His best puppers out have been winning for their owners, and there are good ones to follow. He is a most reliable stud dog and an ideal breeding mate for a valuable sire since the majority of bitches at present come from the Twinkles line, while Dividend is a c.c. grand-sire of Ch. Princess DeLoida-Fellow in direct male. At stud to accompanied bitches only, fee guineas.

Downview Damaskin is said to be one of the best of Ch. Royal Lancelot's sons, an Downview Drama, only daughter of the lovely wartime winner Downview Duellist. His first puppers out, Downview Dramatic, has been winning for Mrs. Weaver, and he shares with Ch. Angeline Blue Bell, the paternity of the lovely puppers, Angeline Estrella, Queen amongst bitches across equally divided as to which dog is the sire! Drama's dam, Downview Dramatic, said to be one of the best bitches in the country if she could have shown, won both the Good Rich cup in 1948, and is also the dam of Downview Dividend, c.c. winner; Downview Dramatic, reserve, Mr. and Mrs. Seymour, described by a judge as "a model"; Embury Downview Dora; Downview Dreamah; and Downview Dalia. She is now retired to a son's idea of Farnley in Rutland, with Mr. and Mrs. Wilson, who also own the winning puppers Downview Danah, Downview Danah. After sired to Ch. Downview Dramatic, was three times at Cheltenham when a poor's pet, followed by first and second and best of sex at Sande, and reserve no. 1 at Brighton in December. Incidentally, it was the Brighton judge, Mrs. Barber, who made their dam, Drama, best in show at Witley. In her first litter she bred Downview Delandine, who was on her debut for her new owners, Miss J. and J. Howard, and in her second litter, also by Delandine, Downview Dancing Girl (owner, Mr. Swends).

CH. GAY TERRANCE OF DELWIN, Kerry Blue Terrier owned by Mrs. J. Stewart Hale of Cobblecrest, Lake Minnetonka, Maple Plain, Minnesota, is another Nutrena-fed Champion shown with handler, Peter J. Paterson of Kansas City. Mrs. Hale says, "All people remark about the magnificent coat on 'Peat'." I give full credit to Nutrena Dog Food, which has been fed to him since he was a puppy."

CH. DOGBERRY WISECRACK, Wirehaired Fox Terrier owned by Mrs. Arbutus Fordland of Ar-For Kennels, Kansas City, Missouri is a Nutrena-fed Champion with 5 Best of Breeds, one 1st in group and one Best of Winners. Mrs. Fordland says, "He is probably one of the hardest coated Wires we have ever had, or soon, and he is certainly putting on the coats on his 'got'." The whole kennel at Ar-For is fed Nutrena Dog Food and we attribute a large portion of his wonderful condition to the feeding of Nutrena."

EFFECTS OF DIFFERENT KINDS OF BREEDING

Inbreeding narrows the possible variety of transmissible characters within variation in the quality. This is its virtue. It takes away much of the chance; it limits the odds; it gives in effect the probability of getting the traits out of a possible twenty-five, whereas inbreeding has the probability of getting the trait out of perhaps fifty, and crossbreeding five out of two hundred.

If you want a long head on the puppies, you are almost sure to get it when you breed father and daughter of long heads. To breed teeth coming of long heads, you may or may not get long heads in the puppies. In breeding eyes and ears of practically unrelated lines, the both have long heads, you may or may not get long heads in the puppies.

THE KERRY BLUE

THE Kerry Blue Terrier originated in Ireland having been first noticed in the mountainous regions of the County Kerry, hence the name. They had been pure bred in this section for many years. Gentle, lively and extremely intelligent, he is an allround working and utility terrier, used in Ireland and England for hunting all manner of small game and birds. Excellent retrievers, from both land and water. Are used quite successfully for herding sheep and cattle and are without a peer as a watchdog and companion for children. The Kerry first came into the public eye when they were adopted as The National Dog of the Irish Republic. The Kerry is endowed with a remarkable nose and has an instinctive trailing ability. He retrieves equally as well from water as from land and is tireless on the trail of his quarry. He has remarkable endurance and will fight unto death when in combat. The Kerry is adaptable to all manner of farm work, especially in the capacities of the average shepherd dog. He is a willing worker, is easily trained and enters into the spirit of his owner's and his work in a whole-hearted manner. True to the utmost degree, faithful to an unbelievable end, he is the most alert of all terriers. He has an instinctive air of watchful waiting and is quick to discern right from wrong. He is an indomitable foe, to wrong doers, and cannot be beaten as a watch dog and companion. In some instances he has been used in England for police work. Owing to their high degree of intelligence they are most easily trained for all the utility purposes for which they are used.

Height—Dogs about 18 inches at the shoulder, bitches slightly less.

Weight—Dogs about 22 to 28 pounds. Bitches 22 to 26 pounds.

POPULAR DOGS visits

Ye Olde Ram Run

by Ab Sidenwater

Photos by Eugene Orlando

Far from the wedding crowd . . .
The kennel is at left in this approaching view, and the house at right. The white porch closes in the camera in a swimming pool.

IT IS legendary that treasures be hidden in remote, far-away places. Many a story here has penetrated deep forests, across wide seas, or climbed the heights of mountains to reach a Shangri-la.

The dog fancier who will steer his way 7½ miles up the scenic but sparsely-populated hills beyond Boyertown, in lovely Berks County, Pennsylvania Dutch farms and barns, and up past the centuries old Hill Church and its historic cemetery—will likewise find a treasure. Here, at cross of 67 acres of expanse, is the kennel of "Ye Olde Ram Run" Kerry Blue Terriers, as perfectly-constructed a small kennel as one will find in many rooms of looking.

Ram Run, named for the sheep that once grazed upon its hillside, is owned by Mr. and Mrs. James R. Christ (pronounced as in Christmast), Jim and Nancy, one of the most attractive and personable young couples in the sport, first purchased it as a retreat in which to enjoy periodic holidays of horseback riding, hunting, etc. But they soon found that they were more often in their vacation home than they were in their permanent one in Berwyn. As Jim puts it, "Every time I went to put on a wiggle, I found that it was in the other house." Accordingly, eight years ago they moved the residence—and all else—to Ram Run.

The Pennsylvania Dutch barn, complete with two doghouses, that houses the kennels. Also seen is the grain plot (area—228 x 30 ft.)—in which the dogs daily romp.

The house itself is over 200 years old. But thanks to Nancy's genius as a decorator, and Jim's know-how as a builder, it is today a home that fascinatingly blends the charm of the old with the sparkling utility of the new. Like much around it, it is Pennsylvania Dutch in motif. Its masterpiece is the kitchen, the beauty of which is hinted at—but only hinted at—in the picture accompanying this writing.

A closer look at some of the ten indoor runs. Each is 8 x 4 ft. The floor is of stilted, hinged-plank tile, non-slippery and non-porous. The ceiling is of Rembrandt acoustic materials.

Mrs. Christ grooming a Kerry in the hairdressing end of the kennel. Lighting has been especially designed to avoid all shadows, and toilets and dresser cabinets are placed to make everything within easy, orderly reach.

But it is the kennel that inspired our visit, and of which we want to report most fully. Knowing that Jim leads a very successful heavy-construction business that he founded just ten years ago, we were curious to see what kind of kennel a building-whiz with understanding of dogs would build. We have seen, and are most impressed.

The pictures help tell the story. The kennel has been built into a barn set far from the house. A ceiling has been installed that divides the barn into two levels. The lower is taken over by the kennels, and the upper (with separate entrance at the top of the hillside) is used for storage of tools, etc.

The kennel has been built in tune with all that the Christs have established in their breeding circle. They are firm believers that many of the faults in dogs that are forced in the rings today are born of inadequate facilities or care in the kennel.

For one, they feel that the dogs should have ample rooms in which to move and exercise. The kennel has been designed to accommodate only about ten dogs or so, but to accommodate them most spaciously. Each dog has large individual runs indoors and out, and in addition there is a large grass area in which they frolic daily.

There will be no Kerry population explosion at Ram Run. The aim is to have a small, but most select, number—and presently there are just seven. This is obviously a hobby kennel, and Nancy is pretty much the one.

Looking out by the indoor runs from the grooming room. Note how the thick individual steel is polished to a mirror finish. Ed (Jim's) handled her cleaning in a periodic basis. There are no troughs or gutters to accumulate waste.

Three views of the Christies' home. At left, part of the living room. Center, Mrs. Christie with a Kerry on the outside patio. In pleasant weather, during days, rabbits and other guests can often be seen from here. At right, a kitchen that is sure to set Blundy drooling.

mean staff of it. She is at once kennel manager, attendant, groom, conditioner, and handler. Nor would she have it any other way, for the grooming (and a Kerry needs pretty much the same amount of readying for show as a Poodle) and handling are each of the fun of the sport for her. At the same time, however, she would not want to have more dogs than she could care for in the same painstaking way she does the present seven.

The kennel has been designed with realization that Nancy will be operating it pretty much alone, and it provides her with the best of facilities, and with an ease of maintenance.

As the pictures show, it is easy to keep clean. Radiant heating and a hand-drier combine to keep the kennel in perfect temperature and humidity—more important in a breed in which coat is such a factor. The sanitation of the dogs' facilities are safeguarded in every way. Seven inches of floor-covering protect them. And there's even a separate generator standing ready to take over in event of electrical power failure.

Nor does the care of dogs stop with the supplying of their material needs. In regular turn, two or three are taken into the house each day to spend time enjoying the loving attention of their owners.

Even giving the dogs a bath at Ram Run has been made a bit easier. The tub (which is in a draft-free, warm room) is installed at height off the floor enough so that Mrs.

This handsome photograph by Rudolph Teasdale is of Ch. Mithrasian of Ram Run, young Standardbred Best in Show winner.

Christ can bathe the dogs with a minimum of back-bending.

One thing that is sure to impress you at Ram Run is its perfect orderliness. Everything has a place, and everything is ready in its place. Even the ribbons that grace its showmen are placed in the exact order in which they were won—thus displaying a ribbon-bibliography of each dog's progress.

This exactness manifests itself in the way the dogs are presented in the ring, too. One all-arounder in giving a top award to a dog of the breed, saluted it as "the finest conditioned and best groomed Kerry Blue Terrier I have ever seen."

The Christies first became interested in Keweenaw about seven years ago. Until then,

Nancy's main interests had been in horses and gardening, and a bathroom at Ram Run contains many evidences that she has not lost her green thumb.

But the dogs soon took over. Foundation sire and dam of the kennel, and still its first citizens, are the Canadian imports—Ch. Kerrycroft's Mate O'Rourke (a BIS winner) and Am. & Can. Ch. Kerrycroft's Finian's Fantasy. Three of Fantasy's offspring (from a mating with Am. & Can. Ch. Tarkenton's Wilbur II) are current champion standard-breders for the kennel: Ch. Mithrasian of Ram Run (also a BIS winner), Ch. Lady And Allan of Ram Run, and newest, Ch. Lady Del Caren of Ram Run.

Nancy is lady-in-charge of showing the dogs. Jim's duties in behalf of Ram Run are confined to assisting at the crates and chair-leading. But he is very active in other facets of the sport. He is show chairman of the Berks County all-breed show, and was instrumental in its acquiring the new Reading stadium as a show site. He is also show chairman of the upcoming U. S. Kerry Blue Terrier Club Specialty at New York. He is a governor of the USKRTG, and its delegate to the American Kennel Club.

Together, the Christies have proven themselves devoted assets to the dog game. As for their kennel—our richest wish for you, Mr. or Mrs. Dog fancier, is that you wake up next Christmas morning and find a "Ye Olde Ram Run" in your stocking.

Two views of the outdoor runs. There are 11 in all. Those pictured on the left are 24 ft. long and 4 ft. wide. Those at right are 18 x 36. The flooring in most of the runs is a mixture of Pennsylvania limestone and washed New Jersey granite—combined to give a footing that will hold up best without being too abrasive. One run is paved with blacktop. The roof over the left runs the hallway over the runs, not 12 feet, and is made of corrugated plastic that allows the light to penetrate, but diffuses harmful sun rays.

Kerry Blue Terriers

HERE we are at the start of a new year, and by all indications it should be the best yet for Kerries. The new year sees a united Kerry club, strong, active and with every member working to one common goal—the improvement of our breed. Many plans have been made for 1939, and

judging by the success of 1938, they should do much to promote the breed.

The past year has seen much happen in the Kerry ranks. One of the outstanding successes was the showing at Morris and Essex where Kerries led in the terrier group. More than a hundred, 300 to be exact, were shown there that day. And the quality was high, too. Other shows tell a similar story—more Kerries shown, and better quality than ever.

Last year, also, saw the amalgamation of the two Kerry clubs into one strong club. With a united front, Kerries cannot help but go even further next year. And right at this point let me say a word of praise for some of those who were responsible for a lot of our Club's success. Orrin Baker, our president, Mr. Day, Mrs. Clauson, Mrs. Van Wagon, Mr. Cole, Mr. Hamilton, Mr. Mulvihill, Frank Kelly, Ed Sayre—the list could go on and on. As a matter of fact, every member deserves special mention. If everyone had not worked together, our Club could not have gotten so far ahead.

At our latest meeting, Mr. Baker came all the way from Chicago to preside. There was a large attendance and much constructive work. One of the main points was the election of John Mulvihill as delegate. His name has been submitted to the A. K. C. which, naturally, has to pass upon him. An official list of judges was also drawn up to serve as a guide for showgiving clubs. A motion was passed authorizing a committee to work on the present standards of our breed in an effort to clarify them, and make them more easily understood in some parts.

An innovation for Kerries that should be well received was the decision to offer a sterling silver challenge trophy for both stud dogs and brood bitches, to be competed for during 1939. The trophies will be awarded to the dog and bitch siring or whelping the greatest number of puppies which complete their championship during 1939.

This meeting was closed with a motion to hold the next gathering at Westminster show time. And right here let me urge everyone to make plans now for the February show.

"On to New York in February" is the Kerry slogan. It will be the biggest Kerry time ever.

Kerries will be back in the Specialty Show this year. It comes on February 12, Sunday, the day before the Garden, Ed Sayre, who has handled more Kerries than any other man, will be on the other side for a change, and will do the judging.

The following day, the Garden show opens with our president, Orrin Baker, judging. There will be a big Kerry get-together and official meeting on one evening, and the Westminster judging on the next. Sounds like a big Kerry time. And it will be. We'll be looking for you there.

I want to close this month's column with best wishes to you all. Good luck with your dogs, may you all breed some champions in 1939.—HUGH D. PATTERSON, JR., Secretary, 420 Lexington Ave., New York City.

THIS breed has had a most successful year. The bitch, **Ch. Downview Dramatic**, owned, Mr. P. P. Thomas, has gained her title and now holds five wins. She has a long lean head, beautiful outline, and a really blue coat of the correct texture.

A promising youngster, **Wulfreda Doris Dutton** and **Bow** has made her presence felt in the ring, being the winner of many prizes at open and ch. shows, including two firsts at Brighton ch. shows in September under Mrs. W. Barber. Both **Dramatic** and **Dutton** and **Bow** are shortly to be mated, and puppies will be available in 1960.

His five best in show winning sons and daughters have won thirty-six best-in-show awards, and they in turn have already produced seven best-in-show winners.

AM. and Can. Ch. Tailteann's Widan II, owner-bred by Am. and Can. Ch. Kenmare Masterpiece, ex Am. and Can. Ch. Fox Hill's Witch, born May 14th, 1952. He is the winner of four best-in-show awards (all breeds) and is a top producing sire of champions in America, having sired twenty champions. His five best-in-show winning sons and daughters have won thirty-six best-in-show awards, and they, in turn, have already produced seven best-in-show winners.

One outstanding bitch it was my privilege to see, Int. Ch. Rare Gem, was of outstanding merit, and I am now told she has produced puppies which are undoubtedly the best ever bred in these kennels. Rare Gem must be the most

travelled bitch in the world as I saw her when judging at Monte Carlo and she had also been exhibited in Italy and Belgium, and she is now off to Bermuda to try to add to her present long list of championships.

All the dogs in this kennel continue to do well and, so far this year, they have won 16 best-in-show awards, fifteen Canadian-bred best-in-show awards, thirty-seven Group 1sts, two Group 2ds and four Group 3ds, and there are five or six shows ahead.

Needless to say, the owner is very proud of her dogs, and another outstanding fact is that the kennel houses fourteen best-in-show winners at the present time. A really wonderful achievement.—VERNON HUBB.

THE KERRY BLUE TERRIER CLUB OF ENGLAND

DOWNSVIEW KERRY BLUE TERRIERS (Founded 1933)

DOWNSVIEW Gaydam Fairmaid won her first C.C. at Bath in May, under Mrs. Clare. She was reserve best in show at the Kerry Blue Terrier Association open show under Mr. Gunning. At the Kerry Blue Terrier Club of England championship show, under Miss Finch, she won both coat and colour cups.

Downview Determine has only been shown three times this year, but has two C.C.s and two reserve C.C.s to his credit.

Underbridge Under-U was bought from Miss Baynard in February. After a few weeks she was reserve best in show under Mr. B. Norman. She has won a match and second at another match at Oxford, and is now winning at championship shows. Her latest win was reserve challenge certificate at Birmingham National under Herbert Johnson.

DOWNSVIEW GAYDAM FAIRMAID (K.C.B.E. No. 188 A.P.J. one C.C. and two reserve C.C.)

Downview Doubtstar is the latest championship show winning son of Roundway He'son. At the age of 3 months he won the Dragon Cup for the dog with the best bone. He has done well in varieties.

Doubtstar will be offered at stud early next year.

It is hoped to have puppies from **Under-U** and **Fairmaid** by Ch. Ryeland Roggie early next year.

MIRRI breeding than showing has been done in the last 12 months, but 1964 has seen the winning, by color breeding, of seven CCA, four reserve CCs, four winners, several best in shows, and for the third year in succession, the KETC of 11 puppy stakes, by the progeny of Ch. WILFRED HERRICK'S DIGGER (see ad) or his, also 18 CCs, four reserve CCs, best in show, etc., by the progeny of Underbridge bitches.

The new stud dog, UNDERBRIDGE KINGSIDE BUCKLE (4 yrs), used, in his first litter, UNDERBRIDGE UPFOLDER, winner every class and, and now owned by Mr. Barber of Zurich. Bitches should prove useful, in his dam, CCA and Miss carries some of the best Irish breeding and is color bred for generations. He has a wonderful temperament, which is shared by his sons, Underbridge Smokey Nymph who has a litter by Digger's son, Ch. Caroline Charles. Some puppies for sale in December.

Unstamped photograph of Fermoy Fagan at 12 months winning the best Terrier award at the 1960 Melbourne Royal show

(Brennan Studios)

EACH year the record of the famous Fermoy Kerry Blues surpasses all previous records. As predicted in last year's Annual, the lovely Ch Fermoy True to Form became a champion in record time, his biggest win to date being best Terrier at the Sydney Royal show last Easter in the ownership of these kennels. Since then he has been sold to his enthusiastic young owner, Miss J Butterworth, and in her ownership has run up a record of four best-in-show, four best-dog-in-show and over 30 Terrier group awards, making him the top winning Terrier in New South Wales.

In Kinkerry Blue Mist (by Ch Berenwode Outrider ex Fermoy Fast Time) Fermoy has a combination of the blood of the famous Ch Berenwode Outrider and Int Ch Underbridge Uriah. This bitch is a top liner whose presence will be felt at later shows. At her debut in 1960 she went best opposite sex in show at her first championship event.

The star of the moment is Fermoy Fagan, the last son of Ch Berenwode Outrider and the beautiful Breezehurst Bokita. At his second show ever, Fagan, showing like a champion, was best Terrier and he was a very highly favoured contender for the best-in-show award at the 1960 Melbourne Royal show. This win sealed a record which is unsurpassed in showing history in Australia.

Fermoy has bred or owned Kerry Blues which have won best Terrier at the Melbourne Royal (Australia's Cruft's), seven times in the last eight years (one year they did not compete as the owner was abroad).

It is with great pride and confidence that we look forward to the future as we have outstanding youngsters from such lovely bitches as last year's Supreme best-in-show winner at the Melbourne Royal, Ch Wulfrida Rhapsody.

David Roche is looking forward with great anticipation and excitement to seeing his many friends in 1961 after so long a period.

THIS Scottish Kerry is being rapidly expanded with excellent quality young stock. Lisnalea is a head study of Boclair Lisnalea Elfin (Lisnalea Katherine ex Boclair Oona Gorm). She is a typical Kerry in coat and colour, fine head with good Terrier expression, and has owned intends breeding her early next year. On the male side is Boclair Inception, a full-brother to lat. CH. Paddy Charm. He is already a proved sire and will be available at stud from March, 1955. Both the above are now 15 months old. Another female is Blue Sapphire, an excellent type of bitch who has been winning a lot in recent months. She has at present a grand litter of nine good puppies by Gilmac Garford, and Mr. Heggie is retaining a dog and bitch puppy. The remainder, all good specimens, are for sale. All three Kerries mentioned above are open and championship show prize winners. In the last 12 months. 1955

The specialty was judged by Mrs. Dean Ramstad of New York, Roscoe McKinney's daughter, whose mother was a Kerry judge also. We understand that Mrs. Ramstad will also be judging the 17th annual specialty show of the Kerry Blue Terrier Club of New England, to be held in conjunction with the Eastern Dog Club show at Boston, Eastern now has a November date and we will be interested to see how it affects entries.

There is no question about the entries at the KBTU of Southern California. They were terrific, with 54 entries and only one absentee. Out on the Coast competition is keen and entries are large.

We were sorry to learn from the bulletin that Miss Helen Larson, who was to judge the puppy Sweepstakes, was unable to complete the assignment because of serious illness. We are happy to learn that she is now at home and recovering nicely. Miss Larson is one of the real old-timers in the breed and has contributed much to its support and betterment. We wish her good health in abundance.

One fact seems apparent, the many Kerry Blues that were sold a dozen or so years ago are passing on to their reward—and their owners want other dogs to replace their old ones—and, in each case, it must be a Kerry Blue—with the least possible delay. These people have demonstrated that they understand the breed and they deserve a Kerry. About 80% of our sales of companion-type Kerry Blues go to people who have had one previously. We like it that way.

There does seem to be a demand for companion Keries—and few puppies available. We know of breeders, ourselves among them, who have a waiting list for both males and females, with the greatest demand for the latter.

It would be gratifying if the market for these prospect Kerry Blues was equally brisk. By a show prospect we mean one old enough so we are sure as we can be that it can finish for its championship, not just win a few class ribbons. And where is the nearest place to find one of these? Your best chance of getting a truly good show prospect is from a breeder who has two or more good ones and is willing to let the second-best one go. Reconcile yourself to the fact that he will keep what he considers the best one for himself. This is basic, as we view it. The breeder must keep a young one as a spare; he must have good young ones coming along.

We wish all breeders plenty of good ones. Enter your best ones at the U.S. Kerry Club Specialty at Westchester. Let the entry be large—the quality high—and the competition keen.

We'll see you there—we hope.—Arthur M. Hilkey, 900 West St., Leominster, Mass.

UNITED STATES
KERRY BLUE
TERRIER CLUB, INC.

WE ARE INTERESTED TO THE Kerry Blue Terrier Club of Southern California for its monthly bulletin, *Kerry Blue Terrier Chapter*. Ably edited by Doris Tolone, the May issue gives the results (to be found in the "Show Awards" section of *PURE-BRED DOGS*) of its 17th annual specialty show at the Beverly-Riviera Show, Santa Monica, Calif.

After listening to the pros and cons of Mrs. Smith's judging of Kerry Blues at the recent L.A.K.C. show, the writer decided to take a look for himself at the best of breed winner, Mr. and Mrs. Robt. Wief's Ch. Vixen Show Off. I was really amazed at the quality of this dog, and wish to go on record right now that I believe Vixen's Show Off to be one of the great Kerry Blues produced in the State of California.

I have not compared him against the dogs and bitches he defeated at this show, but I do know, Mrs. Smith put up a grand Terrier, and probably started this dog on a great career. Mrs. Beulah Sullivan, who always turns in a good performance, made this Kerry best Terrier his next time shown at San Diego. Many of us would like to see judges show more courage of their own convictions when they find a class dog they like well enough, to go overboard on, not hold back because they are afraid to turn down a "name dog" in specials. It gives any judge great satisfaction to "discover" one that eventually keeps going and hits big time. Otherwise, it seems one has to send a good youngster away from home to get him started.

Bill Fox's great homebred, Ch. Foxhill's Thunderbolt is a god example of our home talent "raising the boat" as a top young dog. This really great Terrier was missed consistently when being campaigned in California, and had to leave our shores before he came into his own. In the East he made a record that no other California Terrier can approach and I think he is Foxhill's greatest dog of all time, and they have had some of the breed's outstanding winners. The late Pop Sayres once said, "Thunderbolt even looks taps in the wash tub, all soaked down." Yet this fine Terrier could not get the breaks he so richly deserved in California when a youngster, but came back after acquiring an eastern reputation, winning in 1953, in the twilight of his career, 19 Terrier groups, and co-winner of the Quaker Oats award for Pacific Coast dog or bitch winning the largest number of groups. Since a champion he has been shown 101 times in specials, and has been best of breed 99 times, topping the only 9 specialty shows he was ever entered.

Can California now claim to be the "Hot Bed" of America for Kerry Blues? Is the work and money spent by the pioneers of the breed beginning to pay dividends? This writer says "Yes!" and thanks to the great founder of the breed, Mrs. C. H. Jackson of Blue Leader Kennels, Santa Barbara, Calif., for giving us first, Ch. Black Prince of the Cherin,

who still lives on through his progeny, and almost all of the great ones of today trace back to the great sire, Ch. Leicester Leader, the first Kerry Blue to ever go best dog in show, both in the U.S. and Canada, was another Blue Leader luminary. We well remember when Ben Brown, who managed Blue Leader and was in charge of the breeding operations, took his young stock East and swept the classes at the Garden. Speaking of Leicester Leader, how many fanciers noticed in the catalogue of both this year's specialty and Westminster, a puppy registered by this name. I do not know how a duplication like this managed to get by "221," if the time limit on names ran out, or whatever the reason. It does, however, seem that the duplication of a

Shows our 1954 with best Terrier, Oakland, California, Kennel Club. Judge, Roy Cowan. Breeder-owner Wm. Fox handler.

name of one of the great pillars of the breed, could lead to confusion on pedigrees in years to come.

Another fancier who has done much for this breed, is noted sportsman, Joe W. Urnston, who gave us Topper of Delwin, and the immortal Ch. Conrad's Challenge, the great Ch. Keenack Falsha, and now his latest purchase, Ch. Dutton Prior's Cam Ruidha, who just brought back to California the honor of best in show at the United States Kerry Blue Specialty at New York. Also to Mr. and Mrs. Wm. Fox who have given us such great ones as Ch. Blue King II and the illustrious Ch. Rackerdy Packery of Killmanek, dam of Mrs. Urnston's never to be forgotten, Ch. Bumble Bee of Delwin. Foxhills also gave us Ch. Foxhill's Rackerdy, the sire of Mrs. Josephine Keene's Ch. Shannon's O'Shea, who was best of breed at the recent 1954 Golden Gate Specialty, and Foxhill's greatest—"Thunderbolt," who carries a record of wins for his breed.

We cannot close this article without mentioning Ch. Deeds Show Off, and two of aforementioned pioneers who figure very strongly in his life story. Show Off was indeed a cut-off, first purchased by Joe Urnston, but did not do well in his kennel. He needed personal attention. So he was sold to Dr. C. M. Bobbitt, who gave him the promise of a good home. Show Off, however, could not get along with the Irish Terrier, Ch. Pepper Tree Michael, so still another home had to be found for him. Finally it reached the ears of Bill Fox who at the time was looking for a stud to improve the color in his dogs' coats. Mr. Fox took a gamble on the dog, and it proved to be one of the best in Bill's career, for today Ch. Deed's Show Off stands out as one of the greatest sires of all time. Amongst others he has sired are Mrs. Eileen McEachern's sensational bitch, Int. Ch. Miss Show Off of Cogneswagh, who last fall took best in show at the Westminster fixture, and this past month won the Terrier group at the Garden, and the first time a Canadian entrant took best Terrier. Mrs. McEachern is not only Canada's leading Kerry breeder, but is one of the world's foremost breeders and exhibitors of Kerry Blues. It would be a fitting tribute to see Mrs. McEachern judge a Kerry Specialty in California sometime in the near future.

Another winning son of Ch. Deeds Show Off is Lou Gardella's Ch. Vixen's Show Off, winner of best in show at San Mateo, 1952, and the bitch, Ch. Kilcrany Ballista, winner at the Chicago Specialty, 1953, and last but not least, Mr. and Mrs. R. L. Wief's up and coming youngster, Ch. Vixen's Show Off. "Hats off to Show Off."

KERRY COLORS

There are only two special disqualifications against the Kerry in the above list.

The third—"talking or crying"—is an AKC disqualification applicable to all breeds. Crying is seldom practiced and thus mostly to give a dog time to get a black coat of the entire dog. Talking may consist of cutting or barking or to secure drop or otherwise to side of skull or cutting a tendency to drop a colored tail—but there is little harm.

The revision of the standard in 1967. It was welcomed in regard to disqualifications. Disqualifications on the findings in a straight disqualification—and certainly a fault. Few breed standards specify disqualifications even as a fault. For ourselves, we should like to see disqualifications removed from both front and hind legs of all breeds. (A few standards require disqualifications—some on all four legs and some require double disqualifications on the hind legs.) When the disqualification in the case of the Kerry is removed.

The remaining disqualification is an important one. The dog in nature after a color and in color changes in this blue color. Blue is not a common color in the dog species. It is an logical and in order to allow a black color as an ideal and called as to allow a Kerry other than blue. However, certain bloodlines tend toward the dark color and it will be many years before the breed will be "true blue."

Until the age of 18 months, shades of tan on head and legs is permissible. (Some members of the Irish month Bred Kerry breed.) There is a color change, the tan disappears and a lovely blue takes the place.

But, just Nature just doesn't join in this sort of change. But in other words states that tan markings are a disqualification after 18 months. A Kerry more than 18 months old having tan spots or markings, should be ordered out of the ring.

The standard doesn't allow for white markings at any age and yet states that—pale or white markings must have been at the 18 months evidence anniversary.

This is true also of black. Not a word of allowance at any age but the all black must take the evidence on the 18 months anniversary. And it must be solid black. How about black that is not solid?

How is it that the standard says completely an order?

—COLOR—any shade of blue from light to dark, of a uniform color throughout.

not, except for lighter or darker points on ears, muzzle, tail, head and feet. Shades of tan on head and legs is permissible in puppies up to the age of 18 months."

It appears in this bulletin that the majority of the standard kept the focus in their minds and tried in this two pages at the same time. Either the Kerry in blue or it isn't blackened there's no single in the calendar at 18 months. —Continued on page 10.

CH. NAVY BLUE

This well-known bitch, bred by the late purchase at the Foundation bitch, CH. NAVY BLUE, has through selective breeding, gone from strength to strength. As well as a registered show winner, Navy Blue has proved a most consistent bred bitch. Mated to Ch. Bramble Kennel Irish Lass, she has produced stock which in these days have constituted the dual success of their studbook entry, among the progeny are: Ch. Granemore Silver Lad (now carrying the good work in the U.S.A.), but Ch. Granemore Silver, Ch. Granemore Fanny, Granemore Tannah and Granemore Beauty Girl, whose progeny are winning well in breed and variety classes.

A litter by Ch. Granemore Fanny and Granemore Tannah are now being raised and puppies will be ready in December. In Granemore's previous litters were the well-known winner, Granemore Comeston and Granemore Shillelagh. The latter is GRANEMORE SHILLELAGH who at 11 months, already has to his credit one Best in Show, one best and three Best Puppy fall medals. Not a bad start for a youngster who seems set fair for a brilliant show career. Wholes can confidently be sent to Mr. McGeown's kennels for mating, where every care will be taken.

THE Committee and Officials send greetings to all members and friends of home and abroad. The first club for the breed in England is continuing its excellent policy of promoting the breed, by running open hatched shows, exhibiting for every breed of terrier. It is to be desired that the committee members are drawn from all parts of the country, thus enabling the service to obtain first-hand advice on any subject connected with the breed. The club has an impressive list of dogs and terriers which are regularly competed for, and which by no means the least, are able to be held, kept, shown to show, by members who have won them. The chairman or hon. sec. will be pleased to deal with all enquiries.

The Breezehurst

THE son of this old-established breed is Sherryn Strongbow, whose illustration appears. He has won six Bests at three sh. shows, and at Chester secured his first win. This grand young dog is placed at stud at a fee of 4 guineas. He is by Ch. Liffey at Lady, ex Oscar Colma Jella.

Many promising youngsters have been retained in this breed, several have already made their presence felt in local variety classes.

LISNALEA Kerry Blue Terriers

THEIR kennel has had a very successful year. Ch. Lisnalea Enskipper and her son, Lisnalea Enterprise, winning both at Crufts. The latter had the distinction of winning one of the strongest open dog classes since the war which included five champions and two other ex. winners.

Other inmates of this kennel have also upheld the "Lisnalea" name, including L. Ensket (now in Germany), best in show at Worthing. L. Ensket on the few occasions shown has won well.

Four different dogs or litters from this

kennel have won every coat and colour spotted competed for during 1968.

Lisnalea Enterprise (now ex. right reserve) and L. Ensket to approved bitches, (ex. 5 guineas plus 10000 reserve). No progeny are winning at open and sh. shows.

Puppies by Enterprise and one of the winning bitches are available for sale. All enquiries receive personal attention.

Greetings to our friends in England and America
from **DAVID ROCHE** and the

FERMOY KERRY BLUES

THIS year's showing has been restricted to one show owing to the fact that I have been travelling round the world judging. At that show the lovely bitch, Kinkerry BLUE MIST, went best-in-show, all breeds. She is by that wonderful sire Ch Berenwode Outrider out of Fermoy Fast Time.

However, the Fermoy flag has been well in the fore as Ch Fermoy True to Form was best Terrier dog at the Sydney Royal show for the second year in succession. He has also been a consistent best Terrier winner throughout the year.

Ch Fermoy Ace's Ace, owned by Mr and Mrs Wally Comer, has also scored a best-in-show and reserve best-in-show win. This fine Kerry will win much more yet.

The beautiful Fermoy I'm Marty has been sold to Mr and Mrs Ron Fay and he will make his presence felt at the 1962 shows.

While in England Mr Roche purchased the outstandingly beautiful Gosmore Paddy and Gosmore Bluebelle. This lovely pair are now out of quarantine and will be seen next year.

Now joining the Fermoy Kerries are the outstanding Cocker Spaniels, Gay Cavalier of Ide and Gay Lass of Ide. Mr Joe Braddon stated that Gay Cavalier was the best Cocker he had owned or bred and he has had many champions. Those who have seen him rate him as being the best Cocker yet to come to Australia. This dog has been especially selected to tie in with the strains of leading imported Cockers in this country. Gay Lass of Ide — a gorgeous tricolour bitch has been especially purchased to be mated to Cavalier. She is a grand-daughter of the famous Ch Rodwood Lass of Sandover.

Mr Roche also purchased and owns in partnership with Mr Cunningham the difficult to fault Scottish Terrier, Reanda Raider. By Ch Reanda Rexis out of Ch Reanda Gloxinia of Hadlow, this dog is voted as being the best Scottish Terrier yet to come to Australia.

With the variety of celebrities which Fermoy houses, including the fabulous winner Ch Wulfreda Rhapsody (best exhibit at the 1959 Melbourne Royal show) and Ch Fermoy Fagan (best Terrier at Melbourne Royal show, 1960) surely Fermoy must be tops during 1962.

GREAT ENGLISH KERRY SIRE DEAD

In commemorating the recent death of Daniel Callahan the leading sire since the war, Mr. G. F. Lashover, Chairman of the Kerry Blue Terrier Association remarks in "Our Dogs":

He belongs to the not infrequently staid ferret whose blue incisors are made almost exclusively through their daughter dogs. Callahan sired two champion females, namely Ch. Royal Pike's All-ways, Ch. Royal Blue Beauty, Ch. Havana Raincloud, Ch. Shavano Shavano and Ch. Queen of Holloway—the last two being full sisters.

Through his daughters he was also the granddam of the following champions: Ch. Royal Larchmont, Ch. Royal Elfin, Ch. Royal Pike's All-ways, Ch. Royal Prince, Ch. Royal Pique, Ch. Royal Rover, Ch. Hartman, Ch. Royal Rover, Ch. Overport Lark of Larchmont, Ch. Underbridge Upstart and Ch. Starway Strongbow.

A stud dog of this kind is not only an interesting phenomenon but one which is extremely important in that he produces a crop of high quality bitches which themselves produce the goods—essentially if a breed is to make progress. To this fact he added that he is reported in another column of "Our Dogs" sired himself himself did not have a show career because he was blinded during the war by a bomb. — FROM KERRY BLUEPRINTS.

WHAT 1953 SHOULD BRING FOR THE WELFARE OF THE SEALYHAM

By Mrs. Edward C. Wells

Woodwell Farms, Sealyham, N.Y.

The year 1953 will bring an increased

interest and attendance at the American

Sealyham Terrier Specialty shows. This

will be the result of changing the time of

the year the shows are held. Formerly the

Sealyham Specialty show was held in

February when travel is apt to be difficult

because of snow, ice and cold.

Exhibitors have hesitated to bring out

their puppies in the inclement weather.

Now the Eastern Specialty show is held

in October, a most delightful month,

when travel is a pleasure. Moreover it

is an outdoor setting of an outdoor show.

The Mississippi Valley Specialty show

at St. Louis, has always been well

attended. Plans are in progress to hold it

in May. Exact date and place will be

announced as soon as permission is received

from the AKC. This too is a delightful

time of year. Our Sealyhams have had

time to recover from the rigors of winter,

and their owners have had time to get

their dogs' coats in good condition for

showing.

Another factor in an increasing mem-

bership in the American Sealyham Terrier

Club, which now numbers an ever

growing number.

There is a growing spirit of coopera-

tion among the members and of help-

fulness toward the novice. This too

leads to a better representation at the

shows.

The year 1952 saw a Sealyham going

to an all-time high in the east,

and also at one in the west, together

with good group wins all over the U. S.

We have every reason to expect an

increasing number of such wins.

Provided that the AKC modifies the

judging requirements for short-legged

dogs, 1953 will see many outstanding

winning Sealyham dogs.

A final request for such modification

has been made to the AKC in Oct. 1951,

and it is a vital subject to Sealyham

obedience trainers.

Those who have known and loved

Sealyhams will always know and love

them. Our desire is to see Sealyhams

become recognized before judges at the

shows. Both in conformation and in

obedience, and thus to bring about a

greater appreciation of their fine

qualities.

WYNDHAM BRIGHT STAR OF TRUCOTE

PICTURED here are three of the present stars of this famous Terrier kennel. The Kerry Blue is Am Ch Keenach Ferguson Macray, one of the top-winning Terriers in America, who has now commenced his Continental career. Shown often, he won the C.I.C.I. at Zandvoort and will no doubt bring his Championship in the coming year. Other KITT puppies include Am and Dutch Ch Trucote Captain Williams and his three champions sons, Am and Dutch Ch Townsend Flying Dutchman, Ch Trucote Albie Deloris and Ch Takolmire Sir Henry.

As well as being a champion one Dutch champion this year, namely Ch Littlewing Jester Wren, winner of six CCs in England before joining the kennel, she has one group win to her credit in Holland. Her elder brother Eng and Am Ch Tarnbrack Haranwal Diplomat, is also with her and

completed his American championship in quick time and was best of breed at Breda in Holland.

Since Mr Atkinson of Wyndham (who has taken over as kennel manager), Landed Terriers are again in the limelight. Wyndham Bright Star of Trucote has been shown frequently, and never loses in Holland or Belgium. She has two group wins and was reserve best in show at Antwerp and placed every time in the group. At the age of 75 Eng Ch Tarnbrack Gernot was best of breed at the Wiener Show in Amsterdam and then did several more Landed to make their appearance this coming year. Mr Urmston can be remembered by being the first owner of a Landed to have a line inbreed won in America and the Trucote Kennel under his Urmston's ownership, which has been a top kennel since the 1890s is still one of the top Terrier kennels in the world.—F H Glausman

WITH 77 entries at Morris and Essex, Kerry blues came in second among the terriers, being exceeded only by fox terriers in the two varieties into which this breed is divided. Ch. Humble Bee of Delwin, Mr. Baker's best of breed, also placed third in the group under George Thomas. Since

I had to leave for a week on the day following the show, I was unable to get all the reactions of the breeders and exhibitors and thus am forced to give you, for the most part, my own personal opinion.

Considered as a whole, I thought the exhibit by far the best I have ever seen in the breed. This is especially true of the young dogs and bitches which are as yet undeveloped. Unless I am very much mistaken, there will be some flyers from among the puppies of all the classes. I thought the 9-12 bitch puppy class probably the strongest. There were, I believe, eight puppies in it, and not one was *useful* for a good ribbon in almost any show. The top four were all puppies of the greater promise, and I am sure that every one will be heard from later on. The winning bitch puppy in this class—Koracac of Koracac-Ben Eder Hallerum—is the first get of this dog that I have seen and very decidedly a credit to his vital possibilities.

Mr. Ureman's win of best of breed, winners dog and winners bitch deserves comment because it is, I think, the first time that one exhibitor has won all of these highest places at Morris and Essex.

As to the breeding issue which was, it is evident that the cross, descended from the mating of Ch. Ben Eder Blaise and Koles the Blue Quail and retained to Ch. Ben

Eder Sawcock, maintains its postrage admirably. From this cross of English and Irish lines have come most of Mr. Ureman's winners, and a great many other good ones in the past. Ch. Linolia Erdiska was well represented with some very fine dogs and bitches, mostly champions and extenders for specials. While they do not appear in the winners, they deserved all the admiration they get from the ringside. My own dog, Ch. Prince Blue Steel of the Cheek, which has not yet been in America long enough to test his stud possibilities, was well represented in the dog and bitch puppy classes. Ch. Bold Venture also accounted for some winners.

After the show, a nice dinner was served to the club members who did not have to leave immediately for home, at John Parker's restaurant.—WILLIAM L. DAY, 420 Lexington Avenue, New York, N. Y.

As sparkling as her name, TAILTEANN'S RARE GEM—on eight months—showed what the newer generations are doing by scoring a Best Puppy in Show award. She is now owned by Mr. and Mrs. Henry Soytes.

In the United States Tailteann-bred dogs continue to bring pride to the kennels with group firsts and group placements.

To date, Tailteann dogs have won 56 Belts in Show. This glorious record, and the uniform excellence of every breeding it now turns out, have established at Tailteann one of dogdom's most respected traditions.

Currently, there are five litters of pups born of this tradition. Their sires are famous studs: Can. & Amer. Ch. Michael O' Sam'set, Jr.; Can. & Amer. Ch. Tailteann's Widan II; and Ch. Tailteann's Blue King. Their dams are: Can. & Amer. Ch. Princess Jili; Can. &
